Emergency Session Is Called by Pflimlin

Action Taken After Flareup By Corsicans

Insurgents Capture French Buildings At Town of Ajacio

PARIS (AP) — Premier Pierre Pflimlin early Sunday called an emergency session of the National Assembly for Monday morning to deal with armed pro-De Gaulle insurrection on the island of Corsica.

A special Cabinet session proclaimed that a state of insurrection existed at Ajaccio, capital of the French Mediterranean island where Napoleon Bohaparte was born.

Following the pattern already established in Algiers, a committee of public safety was set up there by the dissidents in Corsica.

For three hours Pflimlin's ministers studied reports from Ajaccio and other points in Corsica that self-appointed committees of public safety and an undetermined number of French paratroopers had seized government buildings at Ajaccio, Corte and Calvi.

The committees were reported calling for what they described as a government of national union led by Gen. Charles de Gaulle.

In another of a series of harsh blows at the beleagured Pflimlin government, insurgent De Gaullists set up a strongman triumvirate in Algeria. The leaders vowed to fight "unto death" to restore De Gaulle to power.

The blows fell as Pflimlin fought on in Paris for new governmental power to cope with the mounting crisis.

Pflimlin called for another

Policies Are Explained

City Conducts Final Meeting on Streets

The City's final ward meeting on city streets was held Friday night at the Horace Mann School, attended by more than 50 persons who are property owners in the fourth ward.

The meeting was presided over by Councilman Harold E. Vogel, with Councilman Woodrow Garrison, chairman of the street and alley committee, and Councilmen Aubrey Case and Clyde Swafford, participating in the discussions.

Mayor Abe Silverman was unable to attend because of a previous engagement at Green Ridge, speaking before the Chamber of Commerce there. However, he arrived at the close of the meeting and discussed some of the problems of those who were still at the school building.

It was one of the longest meetings of the four held the past week and the audience apparently got many things "off their chests" regarding the city's business, especially about the streets in the Fourth

The problem at hand, the same as in the other three meetings, is the dust from gravel on the streets. The audience was informed by the presiding Councilman that the street and alley department has already started to take steps on this. These streets will be oiled in an endeavor to lay the dust, but the property owners were also informed that this is only a temporary measure.

C. H. Speiser, 1000 West 16th, got up and said, "I understand there is a plan on voting an Urban Plan bond issue. We better vote for a storm sewer bond issue. We need that more than an Urban Plan."

Someone else remarked, "We need both of them.' '

Then a resident in the vicinity of West 20th Street said, "I wish they would send the police down 20th Street once in a while and get those speeders. They speed from Grand to Limit and Limit to Grand all the time." Notes were taken by the Councilmen on this and they were told the police would be informed.

A question regarding the 1200 foot paving law was brought up and Councilman Garrison explained that this had been a law for years, but Sedalia hadn't enforced it until last year.

"I don't think we'll do it again without petitions," Garrison remarked.

He was referring to a city ordinance whereby the city may pave any street up to 1200 feet in length which connects two other through streets without requiring the consent or heeding the opposition of the residents along the street to be so improved.

The usual question asked at all the meetings was brought up—"What's become of the taxes?" Councilman Garrison came back with the answer and his reports for the years he has been on the street and alley committee.

Garrison pointed out specifically the revenue year of 1956-1957, explaining the street and alley depart-

Keens Sells MW's Farm Store Building

Mrs. Gordon of KC Buys as Investment; MW Will Keep Lease

The property at 219 and 221 South Osage, where the Montgomery Ward Farm Store is located, has been purchased by Mrs. Leah D. Gordon, Kansas City, owner of the Gordon Building, as an investment, from Mr. and Mrs. Harvey Keens, 1008 South Massachusetts.

This building, like the Gordon Building, will be remodeled and air-conditioned for the Montgomery Ward Co., which has been at this location since 1940 and still have a lease on it.

The Gordons, according to Gus Gordon, Mrs. Gordon's husband, are very glad to make another investment in Sedalia property.

"We are sold on the town and have implicit faith in its growth," he said, and added he had done business with a lot of people but had found Keens one of the finest people he had ever met.

John G. Crawford, manager of the Gordon Building, will manage the property on Osage for Mrs. Gordon.

Harvey Keens built the building for his carriage works in 1907.

Keens, who is now 90 years old, came to Sedalia in 1890 from Woodstock, Ontario, Canada, with $23 in his pocket and went to work for the Kelk Carriage Works for $12 a week. He later bought the carriage works but continued to carry the name Kelk Carriage Works because it was well-known.

One of the things made by Keens was a special buggy for delivery of mail in the rural districts, and he shipped those buggies to 23 different states. He also shipped buggies to Old Mexico.

After coming to Sedalia he was married to a Sedalia girl, Isa Norton, and they were the parents of four children, two of them still living in Sedalia, Harvey L. Keens, manager of B. F. Goodrich Co., and Miss Marion Keens, a teacher at Broadway School. Another daughter, Mrs. Carlyle M. Ashley, Syracuse, N.Y., is an artist of note in New York.

The fourth member of the family is James, who lives in Independence. After carriages and buggies were no longer in demand and his father retired, James took over part of the building for his wrought iron works. This had just started to be popular and James, also an artist, made some very beautiful wrought iron work. One of the outstanding pieces designed and made by James Keens is the gateway to the Missouri State Fair Grounds. It was just as his business was going well that World War II started and he was unable to get any iron for decorative purposes, was not physically able to go into service, so he went to Independence as an engineer at Lake City.

The building was then leased to the Montgomery Ward Co.

Former Warden's Son Is Killed in Wreck South of Springfield

SPRINGFIELD, Mo. (AP)—The 18-year-old son of Ralph Eidson, a former Mssouri State penitentiary warden, was killed Saturday in a one car accident on Highway 125 southeast of Springfield.

Dead is Larry Wayne Eidson. A companion, Victor Galbraith, 17, of Springfield, was seriously injured.

Eidson's father is a state highway patrol sergeant. The elder Eidson is assigned to work the area where the accident occurred. Last night was his regular night off.

The patrol said it was not determined who was driving.

The car left the highway, struck an embankment and overturned. Both boys were thrown clear of the machine.

The Eidson famly formerly lived at Clinton and Sgt. Eidson was well known here. He visited friends from time to time, and came to Sedalia periodically when the Patrol held training schools at the state fairgrounds.

Two New Buildings Have 'Open House'

The new office of the First State Savings Association at Third and Osage will be open to the public today from 1 to 5 p.m. and a special tabloid section about the firm and the building is included in today's Democrat-Capital.

Another "open house" is being conducted at the new Doctors Building at 700 South Limit from 1 to 4 p.m. today. A story and pictures of the building will be found in the second section of today's edition.

Group Begins Work on City Recreation

The committee representing Sedalia organizations and which met recently on city-wide recreation is to hold a meeting Monday night at 7:30 p.m. in the offices of the Sedalia Chamber of Commerce. The committee will organize itself at this meeting and elect its permanent officers.

The committee is composed of the Rev. Edward R. Sims, George Ray, Lloyd Gardner, Cline Cain, Cecil Owen, Jake Kraus, W. A. Spraggins, Mrs. Price Alexander and Wilson Foster. It was elected by representatives from 49 organizations which attended the meeting, and at which also were more than 100 persons.

It was also brought out the committee will begin immediately to investigate and propose plan for a campaign to pass a 2-mill tax levy for recreation. The money will be used strictly for recreation and make it possible for a full-time recreational director.

The committee, as soon as it has formally organized and obtains additional information on the plan, will hold another meeting of all of the representatives of organizations in Sedalia. The total number of organizations which were invited to send representatives is 125. At the recent meeting it was found 49 organizations were directly represented but it was later learned that some members were representing more than one group and as many as three.

Temporary Sanitation Officer Named

Silverman Appoints J. Franks; Simon Disputes Release

James Franks, 1309 West Fouth, has been temporarily appointed sanitation officer by Mayor Abe Silverman to succeed Charles Simon who has been sanitary officer for the past four years. Franks' temporary appointment is to take effect Monday.

However, Simon said Saturday that he will report for work Monday because he feels that he has been removed from his job illegally. He said that members of the City Council had told him to stay on the job, and that he had also received advice from Attorney William F. Brown to the same effect. He declined to name the members of the Council who are supporting him.

Asked why he thinks his termination was illegal, Simon replied, "It's supposed to be Council action."

Attorney Brown, who was city counselor under the administration of Mayor Julian Bagby, when Simon was appointed, said that he is representing and advising Simon and had recommended that Simon return to work Monday.

He said that, according to state laws affecting third class cities, in which category Sedalia falls, the mayor cannot fire anyone, that the Council must do it.

On Friday afternoon Howard M. Brown, city clerk, presented Simon his check for the month of May up to and including Saturday, May 24.

According to the city clerk, when he handed Simon the check, Simon inquired upon whose authority were his services being terminated. The city clerk said he told Simon that it was on the mayor's authority and on the recommendation of the sanitation committee of the Council.

Mayor Silverman, when questioned about the change in personnel, explained the recommendation of the sanitation committee to him was in writing, in which two of the three members concurred in the decision to let Simon go, with the third member voting "no."

The committee chairman is Paul Hausam, who with Councilman Clyde Swafford voted to let him go. Councilman Aubrey Case voted to keep Simon.

The mayor also said he had consulted with City Counselor Henry Salveter.

Franks was conducted around the city installations the past week by Councilman Hausam, and received instructions about the duties of the sanitation officer. Franks was formerly superintendent of the Bothwell Hospital for several years.

Plan to Stay Open Late May 29 Cancelled By Retail Merchants

A decision was made by the retail merchants division of the Chamber of Commerce Friday afternoon to have the regular store hours Thursday, May 29, of from 9 a.m. to 5 p.m. and not remain open that night. Memorial Day, May 30, will be a holiday, with stores to be closed, and on Saturday, the usual hours policy of from 9 a.m. to 5 p.m. will be followed.

The merchants plan to have the same hours for a similar holiday, July 4, which also falls on Thursday. They will close on the holiday July 4, and have the regular hours on the days before and after the holiday.

The meeting was well attended and was presided over by William Solon, director.

Ike Calls for Scientific Talks In Geneva on Policing H-Ban

PANAMANIANS FLEE TROOPS — Youthful Panamanians flee through this rubbish-littered street in Panama City in advance of approaching National Guard troops. Destructive rioters and demonstrating students littered the streets in their attempts to slow up soldier patrols.

(AP Wirephoto)

Would Start In 3 Weeks, Letter Says

Proposal Is Made To Soviet Premier; Tone Is Different

WASHINGTON (AP)—President Eisenhower called on Russia Saturday to start scientific talks at Geneva in three weeks on ways of policing a nuclear weapons test ban.

The State Department instantly backed up the President's proposal by naming three top flight U.S. scientists to meet with a Russian team and probably representatives also from Britain, France and Japan. The Red Chinese might sit in on the Soviet side.

Eisenhower's proposal was made to Soviet Premier Khrushchev in a letter delivered in Moscow by the U. S. Embassy Saturday morning and then released by the White House. Radically differing from many other Eisenhower-Khrushchev letters, this one was free of accusation and criticism. Eisenhower seemed to try hard to make his proposal agreeable to Khrushchev.

He said the talks could begin in three weeks, produce a progress report in 30 days and a final report within 60 days. Khrushchev in a letter May 9, agreeing to such talks, had warned against stalling.

Saying the experts from "our side" will be chosen on the basis of special competence, Eisenhower added:

"We assume that the experts on the side of the Soviet Union would be similarly chosen on the basis of special competence, so as to assure that we get scientific, not political, conclusions."

The three experts announced by the State Department to represent the United States are:

Dr. Ernest O. Lawrence, a Nobel prize winner and director of the University of California Radiation Laboratory. Lawrence in the past has associated himself with Dr. Edward Teller and AEC Chairman Lewis Strauss in favor of continuing atomic and hydrogen weapons tests.

Dr. James Brown Fisk, executive vice president of Bell Telephone Laboratories and since 1952 a member of the President's Science Advisory Committee.

Dr. Robert F. Bacher, chairman of the Division of Physics, Mathematics and Astronomy at California Institute of Technology and a member of Eisenhower's Science Advisory Committee.

The appointment of Lawrence could mean that the President and his science chief, Dr. James R. Killian Jr., were deliberately including on the group a scientist whose skepticism about banning atomic tests and making the ban effective has already been publicly established.

Three Months Left, Plenty to Do

Fairgrounds Busy As Workmen Tackle Preparations for August

The 1958 Missouri State Fair exposition is just three months away, but the fairgrounds are buzzing with preparations. Although the work is being done at present by a small crew, improvements are noticeable and much has already been accomplished.

The reason for the shortage of manpower is that the appropriation for the fair will not be released until the start of the fiscal year, July 1. The fair is operating on short funds from the past appropriation in getting the grounds and buildings in shape. On July 1, additional employment is expected and the activity will increase.

Bob Lee, the florist for the fair grounds and whose work continues around the calendar, has some of the most beautiful floral beds coming along that he has had in his several years in this position. When his work has been completed before fair time, he will have transplanted more than 25,000 plants from the greenhouse to the various flower beds on the grounds.

All of these plants were raised at the greenhouse on the fair grounds during the past fall and winter. It is also interesting to note that these plants have been arranged so that they will do their blooming during Fair Week.

Charles Riley, custodian and head foreman of the grounds workers, has been working over the grounds by cutting grass and trimming trees, and working over the mile race track to get it in perfect condition for the big week or racing events, which include the Grand Circuit harness racing and the automobile events.

Ralph McCowan, head carpenter, has been busy with some assistants in making necessary repairs to buildings to have them ready by fair time.

All of the permanent highway signs have been undergoing a refinishing and now give to the passing motorists the dates of the 1958 Fair, Aug. 16-24.

Plans to complete the sheep pavilion, with new metal pens throughout, and also the show arena, are well underway. There will also be paved walkways around and through the building.

Another new addition is being made to the fair, the waterfowl show. This in the poultry department with Melvin Collins as superintendent. This is a new feature for the Missouri Fair and will run the last four days of the fair. This show was made possible by an additional $2,000 appropriation during the last session of the legislature.

M. C. "Colie" Ervin, secretary of the fair, is pointing with pride to the new Dairy Bar concession to be constructed under the grandstand. This will give the fair three such Dairy Bars, all sponsored by the State Dairy Division and the Fair.

Two others are located at the Agriculture Building on the south end of the grounds and the third at the new milking parlor on the north end of the grounds.

All types of dairy products are handled through these concessions, such as malts, ice cream, cheese and milk.

Preliminary drawings and plans are in process for the addition to the swine pavilion. Every effort will be put forth to have this completed for use by fair time. The dimensions of the addition are approximately 100 by 200 feet. This will give 272 more pens, all of them more modern than previously.

Mrs. Pegee Hewitt Homan has been named as superintendent of the Missouri Queen of Fairs contest. A Missouri Queen will be chosen from different winners coming to Sedalia from the various county fairs. The winner at the State Fair will go to Chicago to compete at the International Fair and Exposition Convention to be held later in the year. The queen selected will have a chaperon to Chicago.

Every indication from the concessions department is the 1958 fair will have more farm machin-

(Please turn to page 8, column 3)

343 Autos Inspected On Friday

A total of 343 cars were checked on Friday from 7 a.m. to 7 p.m. in the Safety Auto Check program at 16th and Carr, according to the chairman, William Meisburger.

Of that number, 217 passed the ten-point inspection and received Safety Circle stickers. There were 136 cars that did not pass the test the first time. Some of them came back a second time after repairs had been made. One driver brought his car back a third time before he was able to receive a Safety Circle sticker.

Meisburger stated that the city was very pleased with the interest taken by Sedalians in this program. It was greater by far than they had anticipated and exceeds the national record.

Mayor Abe Silverman expressed his appreciation to car dealers, tire dealers and mechanics who checked the cars, for there were five men checking all the time, with a car being checked every two minutes. Two who did most of the checking during the day were Charles Leftwich and Barney Leffman. Among the many others who helped make the Safety Auto Check a success were the American Legion Auxiliary Police who directed the traffic.

Meisburger said that according to the percentage of cars checked, one third were not safe. He said that this probably would hold true among all cars of Sedalia and that drivers should have their cars checked on their own.

S-H Commencement Exercises Tonight

Commencement exercises will be held tonight at the Sacred Heart Auditorium for the graduating class of 1958, Sacred Heart High School.

The Rev. J. T. Nolan, pastor of St. Patricks Parish, Sedalia, will be the principal speaker of the evening.

Ruth Ann Bahner, daughter of Mr. and Mrs. Hugo E. Bahner, 1611 West 16th, is valedictorian of Sacred Heart's graduating class.

The honor of salutatorian goes to John Buckley, son of Mr. and Mrs. J. T. Buckley, LaMonte.

The program will start at 8 p.m. with the presentation of diplomas by the Rev. F. C. Laudick, pastor of Sacred Heart parish.

Five Young Men Die In Auto Collision

ELDON, Mo. (AP) — Five young men were killed and one critically injured Friday night in a head-on automobile collision 2½ miles south of here.

The Highway Patrol said the cars rammed on a hill curve. It listed the dead as:

Edward Ray Johnson, 23, Lake Ozark, Mo.

Richard Eugene Hodgson, 17, Brentwood, Mo.

Clyde V. Neal, 19, Brumley, Mo.

Edward Lee Hicks, 18, Tuscumbia, Mo.

George D. Creamer, 17, Osage Beach, Mo.

Hodgson died in a Jefferson City, Mo., hospital several hours after the accident. The others were killed outright or died in ambulances on the way to hospitals.

James Jackson Gray, 18, of Eugene, Mo., was admitted to a hospital in Jefferson City in critical condition.

The patrol said Gray and Hodgson were in one car and the others in the second. It said the car was traveling fast down the hill, on the wrong side of the road.

The Weather

Partly cloudy Sunday and Monday with scattered showers and thunderstorms south Sunday likely spreading into northwest again by Monday afternoon. High Sunday 75-80.

Stiff Violation Penalty

Patrol Underscores Law on Driving Age

Children are forbidden to operate a motor vehicle while under the age of 16 years. This is in accordance with a motor vehicle law of the State of Missouri, and attention is being called to this law by the Missouri Highway Patrol.

No officer of the law, be he a state patrolman, sheriff, chief of police, police officer or even the governor, can give such permission. The only juvenile who is permitted to drive under the age of 16 comes under the restricted instruction permit.

The restricted instruction permit is for a child who is in school and who is taking high school instruction to drive. But this child is only permitted to drive when accompanied by the instructor in a car with dual controls. In other words, the law does not permit any child under 16 to drive a car while alone, especially a car without the dual controls.

In the past few weeks many calls have been received by law enforcement agencies regarding these youthful drivers. Many are under the impression they can drive with the parents' consent, but that is not true, the Patrol is pointing out, and, in fact, the parent is subject to arrest and conviction if the child is permitted to do so.

The Revised Statutes of Missouri include a law known as Section 302.250. "Children forbidden to operate motor vehicle. No person shall cause or knowingly permit his child or ward under the age of sixteen years to drive a motor vehicle upon any highway when such minor is not authorized hereunder or in violation of any of the provisions of Section 302.010 to 302.270." (These additional sections or laws are on licenses, etc.)

The law defines "highway" as any public thoroughfare for vehicles, including state roads, country roads, and public streets, avenues, boulevards, parkways, or alleys in any municipality.

The penalty of violating this law comes as a misdemeanor and is punishable by a fine of $5 to $500 and costs, one day to one year in jail, or both, the Patrol says.

Is One of These Shining Faces Yours?

TAKE A CLOSE LOOK—There's no telling whom you might recognize, because this is a photograph of the first grade at Broadway School in 1923. This picture was sent to The Democrat-Capital by Fred L. Williams, Oklahoma City, Okla. "Thought some of the guys and gals might pick out their picture," he wrote, but we haven't figured out yet which "guy" in this picture is Williams himself.

Stones Home Of Cornell President

ITHACA, N. Y (AP)—Several hundred shouting Cornell University students early Saturday threw a smoke bomb and rocks at the home of the university president and spattered him with eggs.

The incident in suburban Cayuga Heights followed an earlier torch-light rally on the school campus by about 2,000 students, in protest against a proposed tightening of the rules on boy-girl parties.

Ignoring the pleas of their student leaders, a contingent of the demonstrators—mostly male—went in cars and on foot to the residence of President Deane W. Malott. The house is a mile from Sage Dormitory for Women, where the rally had been held.

When the group reached the house, they called on the president to come out. They shouted insults and obscenities, observers said, and demanded Malott's resignation.

A smoke bomb was thrown, covering the area with smoke.

Malott, barely making himself heard over the shouting crowd, told the students that they had made their point about the party going to be ruled by a mob.

Rocks and eggs were thrown in his direction. Some windows in his house were broken and he was splattered with eggs.

When Malott re-entered the house, the crowd dispersed.

Cornell authorities are considering stricter regulations—and possibly an outright ban—on parties in off-campus apartments.

At present, men who have registered apartments may invite girls to parties, so long as at least two girls are present.

Algerian Aid Flour Shipment Diverted

ALGIERS (AP)—Two shipments of flour from American Catholic aid societies to undernourished Algerian families have been temporarily diverted.

French authorities said Friday night the flour was at sea when the Algerian crisis erupted May 13. Paris ordered the two ships diverted to unload at Naples.

The flour, a gift from American Catholics, will eventually be transshipped to the original destinations of Oran, Philippeville and Bone, Algeria, a spokesman said.

Radio Algiers Sends Mysterious Messages

BORDEAUX, France (AP)—Radio Algiers, controlled by the insurgent junta there, is broadcasting mysterious messages to France reminiscent of the coded instructions which Britain sent to the French underground in World War II.

Broadcasts monitored in Bordeaux have contained nonsense messages such as "the chapel will be elluminated tonight." The messages are repeated over and over.

It was through such nonsense messages that the British Broadcasting Corp. told the underground where and when to attack the occupying Germans. At the same time, the messages maddened German counter-espionage services.

Woman Bares Facts About Cancer Quack

BAKERSFIELD, Calif. (AP) — There are those, glib of tongue, who profit from the human fear of cancer by claiming to cure the incurable. And there are those with the courage to expose them.

Mrs. Eleanor McKee and Mrs. Claire Schaefer are among the courageous—volunteers in the fight against cancer quackery.

Mrs. McKee, a 34-year-old Woodville farmwife, carries a burn scar on her shoulder from the job she did in gathering evidence against Perle Savely, 79, of Lemoore, Calif.

Mrs. Schaefer, 50, of Bakersfield, executive secretary of the Kern County Cancer Society, went through treatment by a fantastic "ozone machine" to expose Franklin D. Lee, 70, of Bakersfield.

Savely and Lee were convicted of practicing medicine without a license. Savely was fined $400, placed on probation for two years and ordered to make restitution to his "patients." Lee was jailed for one year.

Mrs. McKee and Mrs. Schaefer met for the first time recently when they were honored in San Francisco by the American Cancer Society for their undercover work.

The quiet-spoken farmwife—the mother of five children—said she had been criticized by some people for her part in exposing Savely. It was so discouraging, she who "put his arm around me and said he was proud of me."

But there were rewards.

The Tulare Advance - Register wrote an editorial addressing her by name:

"To you goes our nomination as Tulare County's 'woman of the year' for your humanitarian work in exposing a cancer cure 'quack' by exposing yourself to his treatment."

Mrs. Schaefer's greatest reward was even more personal.

"After Lee's trial, I heard of a woman who had planned to go to him," she said.

"She listened to the trial, then went to a regular doctor, who sent her to the county hospital. She's being treated for her ailment. Even if she were the only one—and I'm sure there are more—I feel that whatever I have done was well worthwhile."

Mrs. McKee, whose mother died of cancer, became worried after failing to dissuade a friend from going to Savely. She consulted the California Cancer Society. Agents of the Pure Food and Drug Administration persuaded her to go to Savely's house and show him a non-pigmented mole on her right shoulder.

"I agreed to do what I could, but I certainly didn't know what I was getting into," she said.

"He reached into a bag and took out a 10-cent magnifying glass—the kind my children often play with—and looked at my shoulder. He frowned and told me I had cancer.

"He took a shoe paste jar from a box and took a penknife from his pocket. He wiped the knife on his pants and then used it to spread ointment from the jar on the mole on my shoulder.

"He was so convincing, apparently so sincere, that even though I knew he was lying, I half believed him."

On another visit, Mrs. McKee was accompanied by a Pure Food and Drug agent who posed as her brother. A sample of the ointment was obtained. After analyzing it, agents arrested Savely.

Mrs. Schaefer was accompanied on her first visit to Lee by Mrs. Vernice Jensen, who had a miniature wire recorder concealed in her dress.

Lee examined Mrs. Schaefer's foot, explaining that all nerves were centered there. After squeezing th foot until she winced, she said, Lee told her she had kidney trouble, "needed a cleanup job inside," had a strong heart, a liver that was acting up, had female trouble and internal disorder.

Mrs. Schaefer sadi Lee treated her with an "ozone machine," a box and board with lighted tubes. It emitted fumes that made her dizzy as he moved it back and forth across her body, she said.

After that, he prescribed sage tea and a flesh-burning ointment. Lee was arrested during Mrs. Schaefer's third visit.

"He had a fatherly appearance," Mrs. Schaefer said.

"He was pleasant, jolly, reassuring and sang hymns in a nice baritone voice as he went from patient to patient. He said he could be a doctor if he wanted to but he didn't want to."

Bob Horton Takes Role In Shakespeare

HOLLYWOOD (AP)—Robert Horton hopped on a wagon train last year for a successful journey that has taken him far—even as far as Shakespeare.

This week, Horton played a lead in "Much Ado About Nothing" in a two-part Matinee Theater show on NBC. The lad has also sung on Rosemary Clooney's show and played dramatic leads in TV. He attributes all this activity to the success of Wagon Train, the Wednesday night frontier saga.

"No doubt about it," said red-haired, dynamic Bob. "I was in another series — King's Row for Warner Brothers. It did nothing for me; in fact, it died after 13 weeks.

"But Wagon Train is the best thing that has happened to me. Fortunately, I held out against an exclusive contract. I'm able to do outside TV once a month. And I can do different things so I won't be typed as a Western actor."

A hep fellow, this Horton. Wagon Train pitted him against a much better known actor, Ward Bond, and Bob feared he would come out second best. So he whipped up a long analysis of the character he plays and presented it to the film makers. This helped add dimension and importance to his role.

It was inevitable that Bond, gruff, veteran top sergeant of the John Ford gang, would be riled by the hustling Horton. There were reports that Bond complained of upstaging, that he wouldn't sign for another season if Horton was aboard.

I asked Horton about their relations.

"He and I agree that our relationship can stand improvement," Bob said gingerly, "and we both are making an effort is that direction. As for upstaging, that's ridiculous. I've never done that. I've never even had it done to me in films, except once by a girl in a TV film.

"As for any threat not to appear with me next season, I don't think there's anything to it. From all I can gather, we're both set to be back next year."

(Lehmer photo)

'We Teach Them to Think'

Former Sedalian Is Retiring After 47 Years as Teacher

Miss Catherine Fischer, a veteran Belleville science teacher who will retire next month after nearly a half-century in the classroom, and who is featured in a story in the St. Louis Globe Democrat in the Thursday, May 22 issue, is a former Sedalian.

She was born in Sedalia where her father, Adam Fischer, was a hotel owner. He had the hotel at Second and Lamine, that is now the Milner Hotel, formerly the old Terry Hotel. She went through grade and high school in Sedalia and was graduated from the University of Missouri, in 1910 receiving her degree of bachelor of science and education, having majored in physics and math.

A sprightly 68, Miss Fischer began in St. Louis area public schools on her graduation, and for the past 37 years taught mathematics and physics at Belleville Township High School and Junior College.

Miss Fischer says that juvenile delinquency today is no worse than it was years ago. She feels there is no more and no less delinquency among children than there ever was, at least not in Belleville.

"It would be silly to say we have none" she said, "but it certainly has been kept to a minimum.

Miss Fischer thinks the big difference between Russian and American education is that "We teach our students to think. In Russia, students are taught to memorize and manipulate machinery." Such methods, she said, tend to create "robots" rather than mature individuals capable of selective judgment.

She taught first in Fredericktown, Mo., and Okmulgee, Okla., before coming to Maplewood High School for four years. Laid low by the flu epidemic in the wake of World War I, she resumed teaching a year later in Ellendale, N. D., then returned to a succession of schools in and around St. Louis.

In addition to her Belleville post, Miss Fischer has been teaching trigonometry and analytical geometry on Tuesday nights in Washington University's adult education program. She plans to continue her classes at the university.

Apart from that, Miss Fischer has no particular plans for her leisure years. She has seldom gone far from the duplex she shares with a woman friend in St. Louis at 3938 Alberta Ave. in recent years because "I'm just not much of a traveler."

"I suppose you might say gardening was my hobby," she added. "I like to dig around and plant tulips and things. I guess I'll be spending more time out of doors from now on."

Independents Join Korea Liberal Party

SEOUL (AP) —Eleven Independents elected May 2 joined President Syngman Rhee's Liberal Party today, boosting the Liberal strength in the National Assembly from 125 to 136.

The present lineup in the 233-seat one-house legislature is Liberals 136, Opposition Democrats 79, Independents 17 and the Unity Party 1.

North Dakota records sub-zero temperatures on an average of 53 days a year and readings of 90 degrees or more on an average of 14 days a year.

FBI Takes Man Sought In Extortion

LOS ANGELES (AP)— The FBI Saturday captured a man it accused of threatening to dynamite a passenger train in a half-million-dollar extortion plot.

FBI Special Agent D. K. Brown said the extortion attempt was directed against the Southern Pacific Co.

Agents arrested Ira Paul Loux, 35, a dye finisher of Compton, Calif., as he crawled through weeds near railroad tracks 19 miles east of Los Angeles.

Brown said a package had been thrown from the train upon a signal from a flashing light as demanded in an extortion letter.

The letter, Brown said, was received by J. H. Pruitt Jr., Los Angeles passenger traffic and public relations manager of Southern Pacific.

Brown said the letter writer threatened to dynamite Southern Pacific's streamliner Sunset Limited No. 2 unless $500,000 in $20 bills was paid.

The letter directed that a box of money be placed in a mail bag and thrown from the Sunset Limited by a member of the crew when he saw a flashing light at a designated point Friday night.

Agents staked out near the point of delivery seized Loux as he approached the tracks after the mail sack was thrown. They said they found a signal light in the glove compartment of Loux's pickup truck parked nearby.

British Submarine Gunned By Plane

LONDON (AP)— The Admiralty reported the British submarine Aurochs was machine-gunned by an unidentfied plane a week ago while sailing through the area of Indonesia's civil war. There were no casualties.

The 60-man sub was going south through the Molucca Strait east of the Celebes, the island where Indosesian rebels have their head quarters. Both the rebels and the Jakarta government have been operating warplanes over the area and the rebels have threatened to attack any ships there without their permission.

The Aurochs submerged without returning the fire, the admiralty said, and received no damage.

Explorer I Radio Transmitters Silent

WASHINGTON (AP) — Both radio transmitters are now silent on the Army's Explorer I, the first U. S. earth satellite.

The Naval Research Laboratory said Friday tracing stations no longer were receiving signals from Explorer's second transmitter, apparently because of battery exhaustion.

The other transmitter, which operated on higher power, stopped sending earlier.

Explorer I, which went into orbit on Jan. 31, is expected to remain aloft for one to five years. Two other U. S. satellites — the Army's Explorer III and the Navy's Vanguard — also are circling the earth.

The Strait of Gibraltar is about 32 miles long and from eight to 23 miles wide.

First Signs Of Recovery Are Spotted

By SAM DAWSON

NEW YORK (AP)—First glimpses of recovery are reported this week in a number of industries. Even with all the caution due such scattered and inconclusive signs they are heartening — especially since most of the statistics still are on the gloomy side.

Better times — or at least an end of the long decline — are sighted by executives in the steel, copper, electronics, building material, synthetic textile and even the railroad industries.

Steel leaders at the annual meeting here of the American Iron and Steel Institute sound almost cheerful.

Roger M. Blough, chairman of U. S. Steel, says demand for steel is rising, if only a bit, and April may have been the low point.

Arthur B. Homer, president of Bethlehem Steel, reports orders coming in better.

All the steel executives are worried, however, about the wage hike July 1 which many feel will mean a price hike, too — which could chill the tender boomlet before it gets well sprouted.

The cooper men aren't reporting any pickup in demand yet — in fact, Phelps Dodge is cutting back production still further. But Clyde E. Weed, chairman of Anaconda, notes that his customers now are asking for immediate delivery, meaning their stocks are pretty well liquidated, and he interprets this to foreshadow increased demand in the third or fourth quarter.

A sharp pickup recently in demand for synethetic cloth is reported by Royal Little, chairman of Textron, with his company pretty well sold out for the rest of this quarter.

Significantly higher incoming orders are reported by Ralph J. Cordiner, chairman of General Electric. January and February proved to be his firm's worst months.

Freight loadings are scraping bottom now in the opinion of Lynne L. White, chairman of the Nickel Plate Railroad. He predicts a pickup in business in the near future.

"We turned the corner last month and expect slow improvement over the next 18 months," says Melvin H. Baker, chairman of National Gypsum. He echoes the optimisim that has been growing of late in the building materials industry.

There are still sales to be made and orders to be had, many companies are finding.

"BOATICOPTER"?—Trying a new version of the "Look Ma, no hands" routine, aircraft designer Igor Bensen shows off his new helicopter boat at Gresham Lake, near Raleigh, N.C. Bensen says the rotor-lifted craft, towed by a motorboat, is as easy to handle as a bicycle. Bensen heads the company bearing his name at Raleigh-Durham Airport, which is engaged in manufacturing one-man helicopters.

Werths Gave Family Feast On Sunday

By Mrs. Oscar Paul

CONCORDIA — Mr. and Mrs. John Werths entertained with a family dinner Sunday. Present were Mr. and Mrs. Fillmore Werths and Barbara, Mr. and Mrs. Bob Werths, Marshall, Mr. and Mrs. Ledrue Moehlman and son, Independence, Mr. and Mrs. Harold Rehkop and family, Knob Noster, Mr. and Mrs. Obed Flandermeyer and sons, Mr. and Mrs. Ervin Deke.

Mr. and Mrs. Bob Hartman, Phoenix, Ariz., Mr. and Mrs. Charles Rucker and family, St. Louis, spent the weekend with Mr. and Mrs. Ed Hartman.

Mr. and Mrs. Oscar Paul and sons entertained guests Sunday evening for supper. Present were Mr. and Mrs. Ledreu Moehlman and son, Independence, Mr. and Mrs. Herman Moehlman and Roger.

Mr. and Mrs. Lavern Falk, Sweet Springs, entertained Mr. and Mrs. Fred Johnson and family with a wiener roast Friday evening.

Bethel E and R choir members served refreshments at a recent choir rehearsal in honor of Fred Allan Droege who is home on furlough from the Navy, being stationed at San Francisco, Calif.

Mr. and Mrs. Clarence Rehkop and sons, Kansas City, were weekend guests of Mrs. Ella Rehkop.

Mr. and Mrs. Leland Rehkop and sons, Warrnesburg, were recent supper guests of Mr. asd Mrs. H. W. Paul. Other visitors were Wayne Paul and Joyce Stiegemeyer.

Mr. and Mrs. Charles Reed and Sandra and Mr. and Mrs. Al Damman, Independence, were weekend guests of Mr. and Mrs. Wally Scheutte and family and Mrs. Dollie Warren.

Mr. and Mrs. August Paul spent the weekend with Mr. and Mrs. Jerbert Gerken and family, LaMonte, Mr. and Mrs. Don Arnett and sons, Houstonia.

Mr. and Mrs. Lew Schnakenberg were weekend guests of Mr. and Mrs. Paul Gose and daughter, St. Louis.

PROMOTED — Leonard E. Keele son of Mr. and Mrs. Roy W. Keele, 1202 East Ninth now serving with Navy Forces in Naples, Italy, was recently promoted to Petty Officer 2nd Class. Keele, a graduate of Smith - Cotton High School, joined the Navy at the local recruiting station in January, 1956.

Use Champagne Corks Students Fight Duel,

OXFORD, England (AP)—It was champagne corks at 10 paces on the lawns of ancient Oxford University today.

Two students in top hats, gleaming white shirts and black trousers fought their duel as dawn broke.

It resulted from an insulting word by 23-year-old Christopher Waddie during a drinking bout two weeks ago. Just what he said was not disclosed, but he refused to retract. Denis Cross, 20, handed him his card in accordance with the ancient traditions.

"Choose your weapons then," scoffed Waddie.

"Champagne corks at 10 paces," retorted Cross.

Each student was handed three champagne bottles. A vigorous shake and pop went the first blow. Then another and an answering volley.

Cross was first to score a hit—on his third pop—and was proclaimed the winner.

As seconds tended defeated Waddie, a spokesman for the students said: "The honor of gentlemen is being satisfied."

Kentucky was the 15th state admitted to the Union.

Ohio's 1957 apple crop was the largest since 1950.

WINS SCHOLARSHIPS—Mrs. Sam Knapp, extreme left, retiring president of the Sedalia Parent-Teacher Council, is shown with the three girls who received the PTA Council scholarships this year. They are left to right: Bonnie Shaw, Dixie Wilt and Charlotte Wolff.

Three Seniors At S-C Win Scholarships

Three Smith-Cotton senior girls were given scholarships by the Sedalia Parent-Teacher Association Council at a recent council meeting. They are Charlotte Wolff, 18, daughter of Mr. and Mrs. Walter W .Wolff, 225 East Jackson; Bonnie Shaw, 17, daughter of Mr. and Mrs. J. D. Shaw, 1603 East Seventh and Dixie Wilt, 18, daughter of Mr. and Mrs. Jackson Wilt, 1100 East 15th.

Charlotte, who attended Jefferson School to receive her elementary education before going to Smith-Cotton, plans to enter Central Missouri State College, Warrensburg in the fall. Because she likes small children and always seemed to get along well with them she wants to be an elementary teacher.

Bonnie went into Smith-Cotton from Washington School and she also plans to enter Central Missouri State College in Warrensburg in the fall. She has always dreamed of being a school teacher, so Bonnie wants to make her dreams come true and be an elementary teacher.

Dixie's grade school was Whittier. She has always loved history and this fall expects to enter Central Missouri State Teachers College, too, to major in that subject. Then, she has a career all picked out, she is going to be a history teacher.

These scholarships are given through the cooperation of all the Parent-Teacher units, with each unit giving 10 cents per member. The number of scholarships given depends on the amount of maney. Last year they had enough for only two $100 scholarships, but this year they could give three.

Mrs. John Stonner is chairman of the scholarship fund, Mrs. Nathalia Poynter, secretary and Mrs. Lacy Belt, treasurer. Each serves on the committee three years.

Students make applications for scholarship and can apply each year.

Had Fellowship Supper in Church At Houstonia

By Mary E. Tevebaugh

HOUSTONIA — The Fellowship supper was held at the Methodist Church Wednesday night. Mrs. Guy Messer and Mrs. Ray Fluty were hostesses.

Mrs. Earl Gregory, Mrs. Hall Walk and Mrs. Clinton Lowrey went to St. Louis Thursday to attend the Assembly of the Women's Society of Christian Service. They joined a group who went by chartered bus from Sedalia.

Mrs. Joe Belsha visited Mr. and Mrs. Wallace Stuart, Boulder, Colo., this past week.

Mr. and Mrs. Claude Nutt spent the weekend with Mr. and Mrs. Bill Waite, Joppa, Ill.

Mrs. J. M. Haley, Perryton, Tex. visited Mrs. Lon Pauley and other relatives this past week.

Mr. and Mrs. Charles Ramseyer and baby, Sedalia, spent Sunday with Mrs. Lona Ramseyer.

Russell Harris, Kansas City, spent Sunday with Mrs. Nathan Harris.

Mr. and Mrs. Earl Gregory and Robert went to Stet Sunday where they attended the baccalaureate service. They visited Mr. and Mrs. Vernon Gregory and family. Their daughter Anna Lou graduates from eighth grade and son, Harry, from High School.

J D.. Gregory attended the Pape-Olson wedding at Concordia.

Mr. and Mrs. Billy Green and daughter, Kansas City, spent Sunday with the Rev. and Mrs. W. L. Green and Jerry.

The Elizabethian Circle of the Baptist Church met with Mrs. Albert Smith Monday night and the Leake Circle met with Mrs. Ted Martin. Both circles studied "The Christian and the Alcohol Problem". The Intermediate RA's met at the youth center on Monday night.

Senior Class At Hughesville Had Smorgasbord

By Mrs. Ray Tegtmeyer

HUGHESVILLE — The Smorgasbord sponsored by the Hughesville Seniors Friday night was a big success and the proceeds were added to the fund which will be used on their senior trip.

Mr. and Mrs. E. A. Tegtmeyer, Des Moines, Ia., spent last weekend visiting Mrs. Anna Tegtmeyer and other relatives.

Mrs. W. S. Blair and Mrs. John Blair spent a few days in Arkansas.

Mr. and Mrs. John Bean and son, Kansas City, spent last weekend with Mr. and Mrs. W. L. Wheeler, Billy and Wuanita.

Frank Hopkins and son and Billy Wheeler spent Saturday and Sunday fishing at the Lake of the Ozarks.

Mr. and Mrs. Norval Wagner, Delores, Linda and Mike, Kansas City, spent the weekend with Mr and Mrs. W. L. Wheeler and family.

Weekend guests of Mr. and Mrs. John Parkhurst were Mr. and Mrs. William Crounse and son, Carrollton and Mr. and Mrs. Charles Dyer and family, Kansas City. Mr. and Mrs. Floyd Shane and family were Sunday guests.

Mr. and Mrs. Bob Conway, Hannibal, were guests last weekend of Mr. and Mrs. Das McClure.

Mrs. John Wall and Mrs. Das McClure spent Tuesday fishing at the Lake of the Ozarks.

Mr. and Mrs. Walter Smith spent Sunday with Mr. and Mrs. Grover Thomas, Sedalia.

Mr. and Mrs. Raymond Bennett and family spent Sunday with Mr. and Mrs. Ray Bennett, Nelson.

Ezells Attend Honor Service For Minister

By Mrs. York Finley

MARSHALL JUNCTION — John Ezell, accompanied by Cesco Ezell, attended recognition services recently for the Rev. W. H. Ezell at the Dresden Methodist Church. Rev. Ezell has been a Methodist minister for 50 years. He also has two sons who are ministers and his father was a minister. A basket dinner was served following the recognition service.

Mr. and Mrs. York Finley, Peggy Lou, and Mrs. Jerome Younger entertained at dinner Sunday. Guests were: Mrs. Virginia Lewis, Bakersfield, Calif., and Mrs. W. J. Finley, Knob Noster.

Rev. and Mrs. Woodrow Holzschuh and sons attended the Saline Bethel Church Tuesday evening.

Mr. and Mrs. David Walk were Sunday dinner guests of Mr. and Mrs. Hall Alexander.

Mr. and Mrs. Homer Dial and family had as guests recently Mrs. Minnie Shelton, Houston, and Mrs. James Hall and children, Ft. Riley, Kan.

Mr. and Mrs. Clifford Davis, Raytown, were guests Sunday of Mr. and Mrs. Harold Goodson.

Mrs. Carl Lemler, who has been a patient at Fitzgibbon Hospital, returned to her home Friday.

Mrs. Homer Walker and Linda Joy attended a kitchen shower in honor of Miss Irene Thomas, Sunday afternoon, at the home of Mrs. Lester Marsh.

Rev. and Mrs. Woodrow Holzschuh and sons were supper guests Monday evening of Mr. and Mrs. James Renison and family.

Mr. and Mrs. J. C. Walker, accompanied by Mr.and Mrs. Dean Banks and Mr. and Mrs. Richard Leach, Marshall, attended the Western Auto Show in Kansas City Sunday.

Mr. and Mrs. A. W. Mitchell, Malta Bend, were dinner guests Sunday of Mrs. Kathryn Mitchell and family and Mrs. Bess Simms.

Junior Walker, Morris Tavener, J. M. Simms, and Carlyle Walker were in Kansas City Sunday to attend the races.

Mrs. Nathan Wright and Cheryl were hostess to the Sewing II project meeting of the Willing Workers 4-H Club Saturday afternoon.

Several from the community attended 4-H Sunday, May 18, at Blue Lick Church. The following members from the Willing-Workers Club helped with the program: Gary Griffith, Cheryl Wright, Richard Best, Carol Ann Saylor, Billy Marshall, Jimmy Clark, Maureen Thomas and Rev. Woodrow E. Holzschuh.

Mr. and Mrs. York Finley attended a picnic and skating party in Sedalia Wednesday evening for members of the seventh and eighth grade classes of the Houstonia School, of which Mrs. Finley is the teacher.

Mr. and Mrs. Johnny Wright and son, Marshall, spent the weekend with Mr. and Mrs Joe Pointer and sons.

Mrs. Joe Pointer attended a miscellaneous shower Friday evening in honor of Miss Carol Duncan, bride-to-be of Jim Pointer. The shower was held in the home of Mrs. Wayne Ferrin, Marshall.

Beulah Mae Peoples

Former Syracuse Resident Given Baptist Post

The following article was taken from the "Baptist Reflector," a Tennessee state paper.

Miss Beulah Mae Peoples was elected secretary of Girl's Auxiliary at the March 26 meeting of Woman's Missionary Union Executive Board in Nashville.

A native of Syracuse, Mo., Miss Peoples attended Southwest Baptist College, Bolivar. She was graduated from Oklahoma Baptist University at Shawnee, earning a bachelor of science degree in elementary education. On May 15 she received the master of religious education degree from the Carver School of Missions and Social Work, Louisville, Ky.

For three years she taught the fifth and sixth grades at Otterville and two years of junior high at Syracuse.

In church she has served as Woman's Missionary Union Youth Director, Young Woman's Auxiliary Counselor, Girl's Auxiliary Counselor, Sunday School teacher, Bible school worker and Training Union director.

For several years she has served in varying capacities in the Woman's Missionary Union Youth Campaign program in Missouri and has had a particular interest in the work of the Girl's Auxiliary.

All Tennessee Baptist and the Woman's Missionary Union people in particular are happy to welcome this young lady as she comes on May 26 to direct the Girl's Auxiliary program in Tennessee.

Garden experts generally recognize a total of 4,833 species and varieties of roses.

Students Of Houstonia In Picnic at Park

By Mary E. Tevebaugh

HOUSTONIA — The Seventh and Eighth grades of the Houstonia School enjoyed a skating party and picnic at Liberty Park in Sedalia Wednesday night. The parents joined the youngsters at the park. There were about sixty in attendance. Mrs. York Finley is the teacher.

Mr. and Mrs. Chester McCubbin and family, Harrisonville, Mr. and Mrs. Kenneth Jones and Orson Jones, Kansas City, were guests Sunday of Mr. and Mrs. Clinton Lowrey and attended the baccalaureate services Sunday night.

Mr. and Mrs. Russell Hood and children, Kansas City, spent the weekend with Mr. and Mrs. J. E. Hand.

Guests last Sunday of Mr. and Mrs. John Smith were Mr. and Mrs. Ernest Goldberg and baby, Columbia, and Mr. and Mrs. John Franklin and family, Hodge and Mrs. C. E.Rector.

Mr. and Mrs. Ed Dorsey, Marshall, visited Mrs. Joy Dorsey and Mrs. John Harris, Sr. recently.

Mrs. E. F. Baur, Dixon, spent last week with the Rev. and Mrs. James Eads and family.

Mrs. Marjorie Tignor and children and Mr. and Mrs. Arthur guests of Mr. and Mrs. J. E. Hand on the weekend.

Mrs. Clive Smith, Richland, Wash., is visiting relatives and friends in Houstonia.

Miss Margaret Scott entertained the Contract Bridge Club Friday night.

Mrs. Ada Williams and Mrs. Joe Cashman, Ardmore, Okla., visited Mr. and Mrs. J. C. Higgins and relatives in Sedalia this past week.

Miss Mary Tevebaugh entertained the Monday Night Bridge Club Monday night.

Guests Sunday of Mr. and Mrs. James Blackburn and family were Mrs. W. H. Schoeber and Mrs. F. K. Wood, Preston, Kans. Mr. and Mrs. John Adams, Hume, Mr. and Mrs. Neville Adams, Pueblo, Colo., Mr. and Mrs. L. A. Petithory, Kansas City, and Mrs. L. L. Crews.

Mrs. Faye Stiles, Warrensburg, spent several days with Mr. and Mrs. Hayman Higgins. Mrs. Stiles, Mrs. Higgins, Mrs. Ada Williams and Mrs. Joe Cashman were the guests of Mrs. J. C. Higgins Monday.

The Night Circle of the Houstonia Baptist Church met Monday evening with Mrs. Albert Smith. The Day Circle met Tuesday afternoon with Mrs. Ted Martin with Mrs. George Williams as program leader. Refreshments were served.

Steve Crane Would Dismiss Damage Suit

LOS ANGELES (AP) — The father of Lana Turner's 14-year-old daughter has joined the actress in asking Superior Court to dismiss a $750,000 damage suit in connection with the death of Johnny Stompanato.

Stompanato, onetime gambler's bodyguard and Miss Turner's boy friend, was fatally stabbed by the daughter Cheryl April 4 when he threatened her mother.

Restaurant owner Steve Crane, whose marriage to Miss Turner ended in divorce in 1945, stated in his petition filed yesterday that the damage suit could not apply to him. He said he was not involved in the slaying.

The suit was brought by television producer Jack Harris, a guardian of Stompanato's 10-year-old son John III.

Fossil Eggs

Fossil bird eggs have been found in the Bad Lands of South Dakota so perfectly petrified that scientists can measure the shell thickness and tell the yolk from the white.

Regional Library Notes

New Non-Fiction Material Caters to Variety of Taste

New non-fiction material received at Boonslick Regional Library this past week caters to a wide variety of tastes.

For those who like wit and anecdote applied to the American scene, Margaret Case Harriman's "And the Price Is Right" will provide pleasant summer reading. Mrs. Harriman explores and dissects the world's largest department store —Macy's. Those who remember Emily Kimbrough's "Thru Charly's Door", a similar picture of Marshall Field's, will also enjoy reading this gay and entertaining account of the inner workings of a huge concern called on for everything from dressing princesses to getting dead horses.

Two books touching on current problems are Dean Acheson's "Power and Diplomacy" and Gerald W Johnson's "Peril and Promise". Power and Diplomacy contains much of Mr. Achesons' concern regarding current trends in American foreign policy, and many of his ideas regarding the proper use of our economy and our military and scientific might. Whether one agrees with his views or not, he is a man whose thoughts are worth thoughtful consideration. For thirty years a distinguished journalist, Gerald Johnson presents in the "Peril and Promise" a provocative discussion of the American press — its execllence and its mediocrity. He also discusses the need for enlightened readers and for a contisued high-quality in reporting.

Those who have been watching the rapid growth of Canada and the great development of her natural resources will enjoy part or all of the new general book on this northern neighbor of ours titled "Canada: Tomorrow's Giant."

Summer schedules, beginning June 1, which give time and place of each bookmobile stop are now ready for distribution. Patrons are requested to ask for copies if they want them.

This week's bookmobile schedule is:

Tuesday, May 27. Unit 1: Fairfield, 9:30. Freedom, 10:30. Dell Junction, 11:30. Edwards, 1:00. Fristoe, 2:30.

"Haven't had trouble since!"

Regularity problems from lack of bulk? Mrs. Victoria Panzetta of Rochester, New York, writes: *"I was taking all kinds of laxatives, but none seemed to help. Now I eat All-Bran and haven't had any trouble since."* Kellogg's All-Bran with milk is the natural way to keep regular without habit-forming laxative drugs. Try a daily half-cup of Kellogg's All-Bran, the original whole bran cereal.

Kellogg's ALL-BRAN

Love Worth $490,000 To Physician

CHICAGO (AP) —An attorney's plea to a woman-dominated jury that "you may wonder if any woman's love is worth $490,000" helped win the case Friday for his client, a Chicago physician.

A Circuit Court panel deliberated less than an hour, and awarded the $490,000 to Dr. Lester Odell, 47. Odell had sued Dr. Emerson McVey, 46, a life-long friend and best man at his wedding, for alienation of his wife's affections.

Court observers called the award by the panel of seven women and five men the highest ever returned by an Illinois jury in such a case.

"You may not think a woman's love is worth $490,000, but it genuinely was to the doctor. This other man (McVey) was his best friend . . . and betrayed him," attorney Sol Friedman said.

"I ask you members of the jury to serve notice to the world that the commandment, 'Thou Shalt not Covet Thy Neighbor's Wife,' is a commandment to be kept."

Dr. McVey, now an obstetrician residing in Reno, Nev., entered no defense in the case. He did not appear in court Friday.

Odell testified McVey frequently visited him and his wife, Elaine, 30, and sometimes took her to plush night spots.

Friedman said a daughter was born to Mrs. Odell April 5 and that a blood test showed Odell was not the father.

McVey was divorced from his wife in 1956. Odell's wife has filed a divorce suit charging cruelty and desertion. Odell, in a cross bill, charges her with adultery and names McVey as correspondent.

Lawyer Makes Attempt To Save Negro Killer

JACKSON, Miss. (AP)—Atty. Gen. Joe Patterson says a Chicago laywer is making a new attempt to prevent the execution next Thursday of a St. Louis Negro convicted of killing a white woman.

Patterson said George M. Leighton, a Negro attorney, asked Federal Judge Claude Clayton of Tupelo, Miss., to stay the execution of Robert Lee Goldsby.

Leighton has won a series of delays. Goldsby was convicted of the September, 1954, gunshot death of Mrs. Bryant Nelms at Vaiden, Miss. Testimony at the trial was that her husband ordered Goldsby and a carload of Negroes away from the Nelms' drive - in. Goldsby wounded Nelms and then shot Mrs. Nelms as she ran to her husband's side.

"Leighton's timing this thing just right to get a hearing before the U. S. Supreme Court," Patterson said.

Exiled Greek Leader Plans to Visit Nassar

ATHENS, Greece (AP)—A spokesman for Archbishop Makarios said today the exiled leader of the Greek majority on Cyprus has accepted a long standing invitation to visit President Nasser of the United Arab Republic.

Makarios is scheduled to leave next week for about a week in Cairo.

IKE'S CHOICE—Dr. Arthur S. Flemming, 53, president of Ohio Wesleyan University, has been named by President Eisenhower as new Secretary of Welfare. Flemming is to succeed Marion B. Folsom who is leaving cabinet.

Arrested for Forgery

ST. LOUIS (AP)—William Barnes Landwehr, whose insurance firm is under investigation, was arrested Friday night on a forgery charge.

His arrest came several hours after St. Louis County authorities raided his Farmers and Merchants Mutual Fire Insurance Co. and carried off records of the firm.

The company came under inquiry after officials received reports from several states that auto collision and liability claims on policies issued by the firm had gone unpaid.

Landwehr, 36, was asked by newsmen about reports the company had been operating under an expired charter. "A charter is perpetual and it can't be stopped," he said.

As to the unpaid claims, the six-foot-eight, 285 - pound LAndpany has a right to judge what claims they will pay."

The warrant against Landwehr was issued in connection with a $2,994 loan he obtained from a St. six-foot-eight, 235 - pound Landwas given a suspended two-year sentence and was fined $800 on his plea of guilty to violating state insurance regulations.

Knob Noster Eighth Grade Is Graduated

By Mrs. Russell Kendrick

The Knob Noster eighth grade graduation exercises were held in the high school auditorium Wednesday evening, May 21. The room was decorated with baskets of iris, roses and peonies. The 61 graduates entered as Mr. Ernest Elgert music instructor, played the processional.

The invocation was by the Rev. Ronald Rasch, pastor of the Baptist Church. The class members sang "All Through the Night"—a Welsh Folk Song and "Lead Me, Lord" —Wesley-Nevin, accompanied by Mr. Elgert.

The class prophecy was read by Mary Elizabeth Costigan and Mary Louise Oldfather read the class will. A clarinet ensemble, composed of Mary Elizabeth Costigan, Aubrey Price, Allen Shafer, Lawrence Fuller, Gail Whitacre, Marsha Morley and Melvin Ficken played "Allegro" by Mozart.

The Rev. Raymond Rumbo, pastor of the Methodist Church gave the address, using as his subject, "Efficiency of Power."

Supt. James E. Jageman presented the diplomas and also hte awards.

The honor roll students were: Mary Beth Costigan, Sharon Draper, Bonnie George, Larry Harmon, Charlotte Kincade, Marsha Morley, Sarah Jane Neitzert, Louise Oldfather, Aubrey Price, Donna Saults, Betty Storck, Billy Storck, Freddy Tebbenkamp and Gail Whitacre.

Sharon George and Carol Reed, seventh grade pupils lighted the candles of the graduates and the lights were turned off. The graduates each with a lighted candle, sang "Follow the Gleam" and during the recessional they marched out forming a line on either side of the room and carrying their lighted candles.

Chaplain Raymond E. Tinsley of Whiteman AFB pronounced the benediction.

Take the wheel... get the Swept-Wing feel!

You spend a lot of time in your car—driving to work, shopping, taking trips. How your car rates on the road is important to you. So all we ask before you invest in a new car is this: Come in and take a "road rate" drive in a Swept-Wing 58 Dodge. Really compare it thoroughly on every count. We honestly believe it rides better, handles easier, responds quicker than any other car you've ever driven. But we'll leave the verdict entirely up to you. You be the judge.

YOU BE THE JUDGE! THINGS TO NOTICE IN THE SWEPT-WING 58:

The feel behind the wheel—You feel different because you sit differently. Low and snug and secure, completely in control, almost a part of the car.

The view around you—The glass area is tremendous. The visibility is outstanding in every direction—front, sides, rear.

The ease of push-button driving—Once you try Dodge Push-Button TorqueFlite you'll never be happy with outmoded lever types. Ladies love it.

A ride that's a glide—There's no sway on curves, no dip at stops. Torsion-Aire is standard equipment, too.

This power steering is different—No power steering is like Dodge power steering. It works *full time*, yet leaves you the feel of the road.

Horsepower and stopping power—You get up to 320 hp. You get new-design Total-Contact Brakes.

SWEPT-WING 58
Dodge

Plan WSCS Zone Meet At Blackwater

By Mrs. M. R. Gillespie

BLACKWATER — The WSCS of the Methodist Church, Blackwater, met Thursday evening at the home of Mrs. Robert Gibson with Mrs. Charlie Shemwell co-hostess. The devotional service and mission study were conducted by Mrs. M. R. Gillespie assisted by Mrs. Shemwell, Mrs. Harold Schuster and Mrs. Riley O'Neal. Mrs. C. D. Lueckert presided over the business meeting. Plans were made for the Cooper County WSCS zone meeting to be held at the Methodist Church in Blackwater. At the close of the meeting a social hour was enjoyed and refreshments served.

Mr. and Mrs. David Fulks entertained at dinner on Mother's Day his parents, Mr. and Mrs. B. L. Fulks, Latham, Mr. and Mrs. Waldo Hofstetter and daughters, and Mrs. Lula Moore, all of Latham.

Mrs. Mary Harris was hostess at dinner on Mother's Day. Present were her mother, Mrs. Anna Marshall, Tom Marshall, Boonville, Mr. and Mrs. Robert Handford and son, Thomas Miles, St. Louis, and Mr. and Mrs. F. W. Marshall.

A family picnic dinner was served Sunday at the Widel cabin on the Widel farm near Blackwater. Attending were Mr. and Mrs. P. H. Widel, Mr. and Mrs. Forest Widel and family, Mr. and Mrs. George J. Becker Jr. and daughters, Mr. and Mrs. Gerald Price and children and Mr. and Mrs. Lawrence Rapp and children.

Mrs. Eugene Brockway, Long Island, N.Y., came Tuesday of last week and is a guest of Mrs. Earl Brockway. Additional dinner guests Wednesday were Mr. and Mrs. Jack Watts, Slater.

Maj. and Mrs. J. T. McMahon and son, Tommy, Jefferson City, spent Mother's Day with his mother, Mrs. Percy McMahan. All attended services Sunday morning at the Episcopal Church, Boonville.

Mr. and Mrs. C. B. Alley and children, Kansas City, were weekend guests of her parents, Dr. and Mrs. C. D. Lueckert. Other dinner guests Sunday were Mr. and Mrs. Lewis D. Luckert and son, Kansas City.

Mr. and Mrs. Frank Esser went to Camdenton for the weekend of May 10 and attended the annual dogwood festival, the horse show and the Camdenton Garden Club show.

S-Sgt. and Mrs. Bill Brown and Pam and Mr. and Mrs. Jack Mercer, all of Kansas City were weekend guests of Mr. and Mrs. W. W. Mercer. Pam remained for a week's visit.

Mr. and Mrs. J. R. Newman and son, Kansas City, were dinner guests Saturday evening of Mr. and Mrs. H. A. Shemwell. Sunday Mr. and Mrs. Shemwell and Phyllis went to Independence and were dinner guests of Mr. and Mrs. Donald Shemwell.

Mr. and Mrs. H. E. Dollars, Stanberry, came Friday and were guests of Mr. and Mrs. R. M. Ashford until Monday. Bobby Ashford, a student at MU spent the weekend at home. Additional dinner guests Sunday were Mr. and Mrs. Charley Bishop and daughter, Boonville.

Most expensive movie of all time was "The Ten Commandments," which cost $13,500,000 to produce.

Daily Record

• Police Reports

The front door to the Peoples Furniture Store was found unlocked by the police at 11:50 p. m. Thursday. The manager was notified and locked the door.

Police found the keys in the door to the Boonslick Library at 11:12 p.m. Thursday. The door was locked by the officer and the keys taken to police headquarters.

A door to Green's Garage on South Osage was found unlocked by the police at 11:12 p.m. Thursday. A mechanic was notified and locked the place.

Police were called to 25th and Massachusetts where an old model Chevrolet was making unnecessary noise at 8 p.m. Thursday. It was gone when the police arrived.

Mike Hanigan, 2304 West 11th, claimed baseball gloves, ball, and nylon bag found at the Smith-Cotton High School by the police.

W. T. Owen, 1417 South Stewart, reported to the police the loss of a set of keys at the Bothwell Hotel Thursday.

John's Lumber Co., 401 West Second, reported to the police that 15 or 16 gallons of gasoline were stolen from their truck which was parked in a locked shed at the Lumber yard, sometime Monday or Tuesday night. The stealing of gasoline has occurred several times recently.

Sam Cox, 114½ East Main, reported to the police that his billfold was stolen from his room at the above address sometime Wednesday night. It contained between $30 and $35 and important papers.

Police were called to 2512 Stephenson Ave., where someone had shot out the windshield of Leroy Noble's truck. Noble resides at Leeton. Also shot was the glass cover on an electric meter on the side of the house, sometime Wednesday or Thursday.

• Police Court

Stirley Ray Campbell, Green Ridge, charged with assault upon Robert Woodall, Missouri Bowl, forfeited a $20 cash bond in police court.

Charles Davis Jackson, 19, of 309 West Johnson, charged with threatening to do bodily harm to Floyd White, 309 East Pettis, with a .22 caliber automatic rifle, was dismissed in the city court. The case was turned over to Prosecuting Attorney Harold Barrick for state action.

A-2c Lloyd Keith Lacey, 340th Air Refueling Squadron, Whiteman AFB, charged with petit larceny in connection with the theft of a case of beer and a cardboard box of pots, pans, skillets, dishes, chili powder and red pepper was dismissed upon request of Mrs. Hester Thompson of Haan's Tavern.

Lacey was also charged with driving a motor vehicle while under the influence of intoxicating beverage, pleaded guilty to Judge Thomas T. Keaitng and was fined $75. He took a drunkometer test.

Ira Frank DeMois, 53, Route 3, charged with driving a motor vehicle while under the influence of intoxicated beverage, failed to appear in police court and his $100 cash bond was ordered forfeited. He took a drunkometer test.

"Why All This Fuss About the VIRGIN MARY?"

"I don't get it!" Jim told Father Crane. "You Catholics are always trying to make Mary more important than Christ."

Patiently the priest waited for Jim to go on.

"For example," Jim continued, "the Pope proclaimed 1954 'The Marian Year'—for special worship of Mary."

"No, Jim," Father Crane interjected. "Catholics *honor* Mary, but they *worship* only God."

"All right," Jim conceded, "but how about the Marian Year? It commemorated the 100th anniversary of the Catholic doctrine of the Immaculate Conception. Isn't that doctrine quite new? And it's not in the Bible!"

"The doctrine of the Immaculate Conception, Jim," Father Crane replied, "has been held and taught by the Church from the earliest Christian era—before the Bible was ever compiled into a book. It has been in the tradition of the Church since the beginning. It was implied in the writings of the fathers of the Church as far back as St. Irenaeus (140-205 A. D.). It means simply that God, intending Mary to be the human mother of the Son of God, preserved her from original sin from her conception.

"St. Ephrem (306-373 A. D.) described Mary as 'innocent as Eve before her fall, a virgin most estranged from every stain of sin ... the pure seed of God, ever in body and mind intact and immaculate.' That, Jim, means only one thing—that Mary herself was immaculately conceived."

"But," Jim objected, "it was only recently that the Pope proclaimed the Assumption of Mary's body and soul into heaven. Did it take the Church nearly 2,000 years to decide this?" he asked.

"This, likewise," the priest answered, "is not a new doctrine. It was the universal belief of the early Church. In 593, St. Gregory of Tours referred to it in this way: 'The Lord had the most holy body of the Virgin taken into heaven, where, reunited to her soul, it now enjoys, with the elect, happiness without end.'"

Many people, we know, cannot understand Catholics' homage to the Blessed Virgin. And Catholics often wonder why devotions to Mary are not more widespread, for does not the Bible say she shall "be blessed amongst women"? Catholics will tell you that their love for Mary is returned a thousand-fold. Write for pamphlet MO-24, entitled: "Yes ... The Mother of God Will Help You." It will be sent in a plain wrapper. Nobody will call on you.

OBITUARIES

Logan Roberts

Logan Roberts, 74, 1720 South Carr, died at his home at 5:15 p. m. Saturday. He had been ill for a number of years and bedfast for the past three years.

He was born at Knob Noster on March 16, 1884, son of the late George W. and Jane Adams Roberts, and had lived in Sedalia for the past 40 years.

On Oct. 27, 1926, he married Ruth Renfrow, who survives at the home. He is also survived by one daughter, Mrs. Virgnia Rose, Oswego, Ill.; two granddaughters, Cynthia and Sherry Rose; and a number of nieces and nephews. Five brothers and one sister preceded him in death.

The body was taken to the Gillespie Funeral Home where funeral services will be held at 2 p. m. Monday with the Rev. Harry Purviance, pastor of the First Christian Church, officiating.

Kenneth Paul Bass

Kenneth Paul Bass, 35, died unexpectedly of a heart attack at 12:30 p.m. Friday at his home in Smithton.

Funeral services will be held at the Smithton Christian Church today at 2 p.m. The Rev. Frank Hood will officiate, assisted by the Rev. Omar Ash. Mrs. Robert Martin and Mrs. Sheldon Smith will sing "Sometime We Will Understand" and "In the Garden."

Pallbearers will be Arthur Henderson, Carl Vannoy, Howard Scott, Sam DiMaggio, John Bribiesca and Marion L. Meyers.

He is survived by: his wife, Juanita, and two daughters, Charlene and Paula Ann, of the home; his parents, Mr. and Mrs. J. F. Bass; and give brothers, William Bass, Smithton, Elmer Bass, Florece, Chester Bass, Tenexa, Kan., Lloyd Bass, Sedalia, and J. E. Bass, Denver, Colo.

Funeral arrangements were under the direction of the Neumeyer Funeral Home in Smithton.

Mrs. Moroney Rites

Funeral services for Mrs. Irene Moroney, who died at her home, 1106 East Tenth, at 7:45 p.m. Thursday, will be held at 9 a.m. Monday at St. Patrick's Church. The Rev. J. T. Nolan will officiate.

The Altar Society will say a rosary service at McLaughlin's Chapel at 5 p.m. Sunday, followed by another rosary service by the Daughters of Isabella at 7:30 p.m.

Pallbearers will be Werner Botz, L. H. Hackler, Jerome L. Wolf, J. Boyd Rogers, Fred Kuhlman and Joe R. Smetana.

Burial will be at the Calvary Cemetery.

Mrs. Irwin Knoles Services

Funeral services for Mrs. Irwin Knoles, 45, of Syracuse, who died at 1 p.m. Friday at the home of her parents, Mr. and Mrs. W. H. Hatfield, Syracuse, will be held at 2 p.m. today at the Syracuse Baptist Church. The Rev. Roy Williams and the Rev. Bob Potter will officiate.

The music, "Beyond the Sunset" and "Nearer My God To Thee," will be provided by R. E. Kirchner.

Pallbearers will be Howard D. Chapman, Jimmie Byrnes, Kenny Williams, Paul Wray, Elmer Fowler and Willie Fowler .

The body will be taken to the Hatfield residence at 10 a.m. today, where it will remain until time for the services. Arrangements are under the direction of the Richards Funeral Home, Tipton.

Mrs. Knoles had been sick for three months. She underwent surgery at the Ellis Fischel Hospital in Columbia six weeks ago and after dismissal from the hospital three weeks ago she was taken to the home of her parents.

Survivors include her parents, Mr. and Mrs. W. H. Hatfield; her husband, Irwin Knoles; two sisters, Mrs. Philia Steele, Batavia, N.Y., and Mrs. Agnes Chapman, Syracuse; and two nephews and two nieces. One sister, Anna, preceded her in death.

Roy H. Beverberg

Roy H. Beverberg, 64, died unexpectedly of a heart attack April 28 at his home in Buckner, Mo., where he had been the Missouri Pacific depot operator many years. He would have retired in another year.

Mr. Beverberg was well-known in LaMonte, as he was depot operator there for many years.

He is survived by: His wife; two daughters, Mrs. Ruth Shores, Atchison, Kan., and Mrs. Wildith Birdsong, Omaha, Neb.; one son, Roy, Jr., Malvern, Ark.; and four grandchildren.

Walter P. DeBord Rites

Funeral services for Walter P. DeBord, 75, who died Thursday at his home in Kansas City, were held at 1 p. m. Saturday at the Church of the Brethren.

Burial was at Houstona.

The human heart beats about 100,800 times day.

Leo L. Smasal

Leo L. Smasal, 57, well known farmer near Spring Fork, died unexpectedly at 6 p. m. Saturday at his home. He had been in failing health for the past two years, but recently it had improved.

He had just returned home from a visit to Sedalia and went about his usual work when he suddenly collapsed.

He was born on June 26, 1900, at Bahner, son of the late Mr. and Mrs. John Smasal. He spent his entire life in Pettis County. He was married to Viola Zimmerschied in May, 1930.

He is survived by his wife, of the home; two daughters, Mrs. Charles Lemmon, route 1, Sedalia; and Joyce Smasal of the home; one son, Leo Smasal, Jr., also of the home; one grand daughter, Charlene Marie Lemmon; two sisters, Mrs. O. G. Klein, Detroit, Mich.; Mrs. Herbert Emo, Sedalia; and one brother, Frank Smasal, also of the Spring Fork neighborhood.

Funeral services will be held at St. Patricks Catholic Church, Spring Fork, at 9:30 a. m. Tuesday. The Rosary will be recited at McLaughlins Funeral Chapel at 8 p.m. Monday.

The body is at McLaughlins Funeral Chapel where it will remain until time for services.

John William Raines

Funeral services for John William Raines, 86, who died at Bothwell Hospital Thursday evening, were held at the Ewing Funeral Home at 2 p.m. Saturday. The Rev. Henry Hansen, pastor of the East Boonville Street Mission, officiated.

Mrs. W. L. Lewis sang, "In the Garden" and "Beyond the Sunset" accompanied by Mrs. Clyde Waters at the organ.

Pallbearers were Donald Arnett, Frank Wasson, Guy Woolery, Norval Brunckhorst, Robert Farris and Henry Frisbie.

Interment was in the Malta Bend Cemetery.

Mr. Raines is survived by: two daughters, Mrs. Alma Caldwell, 2704 Clinton Road, with whom he had made his home, and Mrs. Marguerite Shepherd, Ft. Lauderdale, Fla.; three grandsons, Thomas Charles Shepherd, William L. Richards and Charles Ray Shepherd; five great-grandchildren and one great-great - granddaughter also survive.

Carl H. Meineke

Carl H. Meineke, 68, Concordia retired farmer, died Friday at Research Hospital, Kansas City.

He was born May 18, 1890 in Pittsburg, Kan., son of Mr. and Mrs. William Meineke, of Concordia. He was married to Miss Magdalene Dittmer on May 26, 1911. He attended parochial schools in Concordia and was a member of the Lutheran Church.

Survivors are: his wife, of the home; four sons, Albert and Clarence, Higginsville, and Elmer and Vernon, Concordia; three daughters, Mrs. Omar Kuecker and Mrs. Walter Bockelman, both of Concordia, and Mrs. Theodore Bockelman, Dighton, Kan.; five sisters, Mrs. Louis Widerman and Mrs. Louis Jacobs, both of Pittsburg, Kan., Mrs. William Kahr, Coffeyville, Kan., Mrs. Harry Hophers, Inglewood, Calif., and Mrs. Floyd Uhleers, Joplin; and 20 grandchildren.

Funeral services will be held at the James Funeral Home, Concordia, at 1:30 p.m. Monday and at St. Paul's Lutheran Church, Concordia, at 2 p.m., with the pastor, the Rev. O. E. Heilman, officiating.

Burial will be in St. Paul's Cemetery.

Mrs. Ida Denker

Mrs. Ida Denker, 82, died at 9 a.m. Saturday at her home in Cole Camp.

Funeral services will be held at 1:15 p.m. Tuesday at the Eickhoff Funeral Home and at 2 p.m. at the Trinity Lutheran Church with the Rev. Walter Dierking officiating.

Burial will be in the Monsees Cemetery.

The body is at the Eickhoff Funeral Home in Cole Camp.

Herman Mosier Services

Funeral rites for Herman Mosier, who died at Merced, Calif., Monday, were held at 2 p.m. Friday at the Gillespie Funeral Home the Rev. Frank Cook officiating.

Russell Maag, with Miss Lillian Fox at the organ, sang "The Old Rugged Cross" and "Beyond The Sunset".

Pallbearers were Kirtley and Charles Salmons, Louie, R. V., Norman and Wilbur Mosier.

Burial was in Memorial Park Cemetery.

Charles Halbrook Elected to Head Life Underwriters

Sedalia Association of Life Underwriters held its last meeting prior to summer vacation Friday at the Pacific Cafe and Charles W. Halbrook was elected president for the year 1958-1959.

Wiley Craig, vice president of the Agency, National Fidelity Life Insurance Co., Kansas City, spoke to the group on "The Professional Aspects in Selling Life Insurance."

Seven men in the association were awarded certificates for receiving the National Quality Award: Ralph Watson, L. J. Brown, James T. Denny, William Barbee, Walter Schmidle, Abe Silverman, and Virgil Ragar. The NQA is presented for high persistency and low lapses in life insurance policies.

Other officers elected with Halbrook are Vice President John Handley and Secretary-Treasurer David Eisenstein. William C. Hopkins is the retiring president. Eisenstein replaces Handley, the latter moving up to the vice president's chair.

Fairgrounds

(Continued From Page One)

ery with an increased area than at any fair prior to this year. Several of the major companies have already leased space for their display of new equipment. Some of the exhibitors are bringing equipment which is of the latest design and will not be seen by many of their dealers until the showing here. Some are experimental models.

Preliminary plans call for remodeling of the stage for the Hetzer Theatrical Agency of Huntington, W. Va., for their gigantic stage show, the "International Spectacular." This show comes directly to the Missouri fair from Canada and will appear before the grandstand.

Alterations to the present stage are necessary to take care of the large line of dancers, the spectacular diving act and the helicopter performances.

Al Sweeney of the International Motor Car Association, was in Sedalia only a few days ago to make plans for the auto races, giving instructions on the preparation of the track. Several safety installations are to be added for the protection of racing fans, as well as for the drivers of the speeding cars.

The state championship jalopy races and the modified stock car races are to be run on both Saturday nights.

Secretary Ervin is having prepared the carnival grounds for the Gooding Amusement Co., which is replacing the carnival shows. Many changes are necessary to handle this new type of entertainment.

The Missouri fair will be the first fair on the route of the Gooding tour to have the largest and most popular of new rides, the Wild Mouse. It was estimated that it will take 20 men four days to erect this one riding device and three days to dismantle it.

It was also announced by the fair management that instead of holding one "Kid Day," two days will be set aside for the kiddies.

The chief clerk's office has been extremely busy with various early details. It was announced the ticket sales for reservations for the grandstand events will begin July 1, or as soon as the tickets are received around that date.

Ervin also reported the exhibitor space beneath the grandstand, which formerly for several years has been occupied exclusively by the MFA, has been allocated for various commercial exhibits. Many of the spaces have already been contracted for and all should be leased within the next few weeks.

Not Much Money

If all the coins in circulation in the United States were divided equally among the population, each person would have $11.36 in copper and silver.

Harrell Lee Nicholson, La Monte, and Sandra Kay Horn, Hughesville.

Edward Preston Bollinger, Pendleton, S. C., and Rose Marie Feiselmann, Berger.

• Police Court

Four overtime parkers who failed to appear in court forfeited their $1 cash bonds and 41 others paid the 25-cent fee.

Oscar Ralph Ridge, 25, Marshall, charged with speeding 50 miles per hour in a 30-mile zone, 1200 block West Broadway, failed to appear in police court and his $20 cash bond was ordered forfeited.

Franklin D. Owens, 1009 East Sixth, charged with blocking an alley in the 1000 block on East Fifth, forfeited a $2 cash bond.

Melvin J. McNeal, 1500 South Park, charged with speeding 40 miles per hour in a 30-mile zone, 1400 block South Ohio, forfeited a $10 cash bond. Radar checked.

Virginia May Dawson, 1802 South Prospect, charged with running a stop sign at Broadway and Moniteau, forfeited a $5 cash bond.

Eight overtime parkers failed to appear in police court and their $1 cash bonds were forfeited and 28 others paid the 25-cent fee.

Herman E. Kellner, 17, Kansas City, charged with being intoxicated and interfering with an officer in the line of duty, was fined $10 upon pleading guilty and was dismissed with a reprimand on the second charge.

Gerald Horst, 18, of 426 North Brown, charged with careless driving on Limit between the 900 and 1100 block, pleaded innocent to Judge Thomas T. Keating. He was found guilty and fined $25. Horst was arrested the night of May 20.

Antarctica's only industry is whaling.

• Accidents

Two cars were involved in an accident at 7:03 p. m. Saturday in front of 312 East Fifth.

The cars, a 1950 Ford driven by Jerry Fox, 312 East Fifth, and owned by Lillian Fox, 321 West 10th, and a 1957 Chevrolet driven by Paul Berthouex 1008 East 10th, were both traveling East on Fifth.

Damage resulted to the rear end of the Ford and the right front end of the Chevrolet.

• Police Reports

Children playing ball in the street in the 400 block West Johnson, brought a call to the police at 4:13 p.m. The children were talked to by the officers.

Jimmy Lee McFatrich, 105 South Prospect, reported to the police his bicycle was stolen from the front porch of his home Friday afternoon.

Gordon M. Strain, 1611 East Tenth, took to police headquarters a sign reading "loose gravel" which had been left in his yard the past two weeks.

Police were called to Emmett Ave. between Fourth and Saline where drag racing was reported in progress, about 7 p.m. Friday. The cars were gone when the police arrived.

The front door to the W. J. Menefee Construction Co., 2500 West 16th, was found unlocked by the police at 8:20 p.m. A note was left and the door locked by the officer.

A used tire, found at the alley on Ohio between Secosd and Third about 11:15 p.m. Friday, was taken to police headquarters.

The large door to the Pat Clark sign shop, found open by the police at 10:17 p.m. Friday, was closed by the officer.

Police were called to 16th and Grand at 11:20 p.m. Friday, where a motorcycle was making a loud and unnecessary noise. It was gone when police arrived.

A prowler was reported at 1421 South Missouri at 11:22 p.m. Friday. He was gone when police arrived.

Victor Mason, 1608 South Vermont, reported to the police that someone threw a large rock at his house about 8:30 p.m. Friday. The rock barely missed a large window and crashed against the weatherboarding, breaking one board.

Mason reported this is the third time in recent days that rocks have been thrown at his home.

• Circuit Court

Betty Bale was granted a divorce from Louis E. Bale in Circuit Court Saturday morning. George H. Miller was the attorney for the plaintiff.

• Magistrate Court

Ivor Crawford McLain, charged with speeding April 30, failed to appear and Judge Armstrong ordered his $36.50 cash bond forfeited.

Levoid W. Jennings, Mountain Grove, pleaded guilty to a charge of careless and imprudent driving by allowing his car to get out of control and run into a car ahead, and was fined $25 and costs. The incident took place at the intersection of Highways 50 and 127, on May 16. Testimony by Sgt. Ernest Van Winkle of the Highway Patrol indicated a car was stopped to make a left turn when it was hit by the car driven by Jennings.

Charles Baird, Kansas City, Kan., pleaded guilty to a speeding charge and was fined $25 and costs. He was checked by Highway Patrol radar between Dresden and La Monte on Highway 50 while traveling at 76 miles per hour on April 26.

Fred Ellis Clay, Holden, pleaded guilty to a charge of driving without a driver's liicense, and was fined $5 and costs. He was picked up by the Sedalia city police May 8.

City Conducts

(Continued From Page One)

ment gets the money for that department from gasoline tax, automobile tax and parking meter money.

He broke it down in accordance with the annual report—gasoline tax, $53,469.95; automobile tax, $41,464.80; and parking meter money, $56,042.42; a total of $150,977.17.

The disbursements were: Salaries, $70,013.96; materials and supplies, $36,675.07; repairs to equipment, $6,067.92; gasoline, $3,762.23; abstracts and advertising for new paving, $4,327.88; engineering service, $3,797.63; building purchase (Third and Montgomery for additional department space) $2,100; new equipment, $25,144.18; and traffic department, $10,543.76; a total expenditure of $162,432.63. Expenditures were $11,455.46 more than the budget and were paid out of the general revenue.

"Figures show where the tax money went," Garrison remarked and then called attention to the fact that four years ago the department hardly had a truck that was in good shape, and was in need of considerable equipment.

"It takes equipment as well as materials and labor to do this work," he said.

Fred Wertz, Sr., 1715 West 14th, complimented the Council and mayor for holding these public meetings to give the property owners a chance to discuss their problems with them. He then called attention to a proposed paving job supposed to be made on 14th from Warren to Limit, and the fact that a petition had been filed protesting it. He called attention to the street being in good condition and not needing paving at this time. The Councilmen said they would check this and, if it was not necessary, their efforts would be used elsewhere.

Quincy Avenue, from 16th to 11th, was given the works by the property owners, some wanting a concrete storm ditch built and the street paved with concrete. The general opinion was it was a good idea, but before any such project was carried forward it would be held up until after the new engineer could make a study of it.

An ordinance had been introduced to pave the street with concrete, it was brought out, but was being delayed because of the difference of opinion on the costs.

There were numerous remarks made about the white rock and dust on streets in various locations of the ward. The property owners were informed these streets were something the present administration inherited, but the Council felt obligated to do something about it and they have already started spreading light oil on these streets to settle the dust. The property owners, like those in other wards, were informed this is not a permanent solution to the problem, nor will the oiling make them permanent streets.

There arose the question of cuts in the streets made by the utility companies and plumbers and which are being repaired by the street department. Here Garrison explained to the crowd that up to two years ago the parties making the cuts repaired them, and often the city had to go back time and again to make further repairs. Now, he said, the city makes the repairs and does them in the proper way. The city repairs made are many times better than the original street itself. After the repairs are made ,the parties responsible for the cuts pay the city for the job.

"Incidentally," Garrison said, "we are now in process of repairing about 300 of them which were made the past winter over Sedalia."

A report from a resident in Soutwest Village called attention to the mud in the street gutters, also in the drains, to such extent the water does not properly drain.

"Keeping the water drained saves the streets," the speaker said.

Notes were made on this and corrections will be made as quickly as possible, the resident was assured.

Garrison closed the meeting by telling the group that he felt the meeting was most successful and assured the people he had learned a lot in the more than 2½-hour session. The other Council members concurred in his remark.

Two Girls Hurt By Backing Car At Air Base

Two small girls were injured about 3 o'clock Saturday afternoon when a car backed into them while they were playing in the non-commissioned officers housing area at the Whiteman Air Force Base. Both children were rushed to the base hospital, where they were treated and admitted for observation.

They are Elizabeth Chrysler, 2½, daughter of S/Sgt. and Mrs. Dale Chrysler, and Tina Tinnin, 2, daughter of S/Sgt. and Mrs. Wilford Tinnin.

Driver of the automobile was S/Sgt. Jack S. Leslie, visiting at the Tinnin home.

Sgt. Leslie and Sgt. Tinnin reportedly had been to the base hobby shop, where they had obtained some scrap lumber. They had returned to the Tinnin home, where Leslie pulled into the driveway.

Leslie reportedly looked about but did not see the two small girls near the right rear wheel of his automobile. His vision was partially blocked, since the trunk of his car was open because of the wood in the trunk.

As he started backing out of the drive, he head a child scream. Stopping immediately, he got out and found the two children. Aid was summoned and they were rushed to the hospital.

Elizabeth suffered bruises and cuts while Tina suffered bruises and possible internal injuries. Tina's condition was reported not serious, but she will have to stay in the hospital for further observation.

District Camporee Cancelled by Rain

The district Boy Scouts Camporee scheduled this weekend at the Girl Scout Camp south of Sedalia was cancelled because of rain. No future date has been set. Nine units had already set up camp when weather forced the cancellation.

Emergency Session

(Continued from Page 1)

emergency Cabinet session Sunday afternoon in advance of the parliamentary meeting. He also planned to go to the people again early Sunday in an extraordinary radio speech.

The special Cabinet session Saturday night that labeled the Corsica uprising an insurrection could in effect commit the government to bring the island back under control by force if necessary.

No such step has been taken to deal with the Algerian developments.

The raid on the prefecture building in Ajaccio, capital of Corsica, was led by French Assemblyman Paul Pascal Arrighi, a right-winger known for his pro-Gaullist views.

Several hundred persons, aided by French paratroopers, helped seize the building. Reports from Corsica said they imprisoned the area governor.

Paratroopers also seized and imprisoned a company of French riot police that had arrived only Saturday to put down such demonstrations. The mainland police were surrounded and disarmed by the much larger number of paratroopers from the Cote Training Base in north central Corsica.

NEW PLAN TO ELIMINATE FUNERAL BILLS

From years of experience, our firm knows the heavy financial burden often placed on bereaved families.

New Pre-Arrangement Plan Protects the Family

In order to relieve the family of funeral expenses at a time they can least afford them. We recommend a new plan that takes care of these costs before need arises.

Find out how little it costs to protect your family. Send coupon below for free information about this remarkable plan. No obligation.

This plan provides for a small sum to be paid at convenient intervals to an admitted legal reserve insurer. When need arises funeral expenses are paid, regardless of how little has been paid. The plan is available to families and individuals from 1 to 80. Any mortuary in the United States or Canada may be designated.

Local Men Win ROTC Awards at MU

Five men from Sedalia and surrounding communities were among 88 cadets and midshipmen in the Army, Navy and Air Force ROTC at the University of Missouri who were accorded recognition for outstanding achievement in the various activities of the ROTC program during the annual Awards Parade on campus Wednesday.

They are:

Cadet M/Sgt. James E. Monsees of Smithton, Board of Curators Medal for outstanding junior in the Air Force ROTC.

Navy Midshipman Charles S. Arnest, 501 West Broadway, Sedalia, Scabbard and Blade Medal; awarded to outstanding freshman cadets and midshipmen.

Air Force Cadet Lt. Col. John T. Hanes, Marshall, Veterans of Foreign Wars Medal, awarded to outstanding senior cadets and midshipmen.

Navy Midshipman Ensign Edwin D. Luallin, Clinton, Society of American Military Engineers Medal, awarded to outstanding cadets and midshipmen majoring in engineering, selected in national competition.

Army Cadet Cpl. Anthony C. Nelson, Versailles, Daughters of Founders and Patriots of America Medal, awarded to an outstanding freshman Army ROTC cadet.

Recipients of awards included 40 members of the Army ROTC; 22 Air Force cadets; and 26 Navy midshipmen.

The review was taken by Lester E. Cox, Springfield, member of the University Board of Curators. Also in the reviewing stand was J. A. Daggs, Memphis, Mo., another member of the Board. The awards were presented by professors of military science and tactics of the three ROTC branches, University officials; and by civilians representing donor organizations.

Meeting of Volunteers For Center Scheduled

A meeting will be held at the Crippled Children's Center tomorrow afternoon at 1:30 p.m. for all those who desire to assist at the center during the summer months, starting on June 2. The center is located at 638 East 14th, across the street from Bothwell Memorial Hospital.

Mrs. Rudolph Swope, director, advised last week that there is a dire need for volunteer helpers to work approximately two hours a week at the center. Transportation at the meeting tomorrow will be provided by calling Mrs. Swope at either TA 6-0232 or TA 6-7091.

Wesleyan Service Guild Installation

The new officers of the Wesleyan Service Guild which met at the First Methodist Church Tuesday evening were installed by Mrs. Alice McKendree in a very impressive ceremony. The new president is Mrs. Ena Killingsworth.

Other officers are: vice-president, Mrs. Lucille Shy; recording secretary, Miss Lillian Mais; treasurer, Mrs. Harry Naugel; secretary of promotions, Mrs. Mary Ella Hausam; secretary of local church activities, Mrs. Herbert Reynolds, secretary of spiritual life, Mrs. Mary Maddox; secretary of Christian social relations, Mrs. Paul Bidstrup; secretary of literature and publications, Miss Emma Kraft; secretary of supplies, Mrs Otis Nowlin; secretary of missionary education, Miss Mabel Kraft; secretary of publicity, Miss Ella Peithman; secretary of status of women, Mrs. Enis Sutherlin.

Mrs. Alma Hausam made the presentation of certificate of membership and life membership pin to Miss Ann Sawford, and closed the meeting wth prayer.

The program was conducted by Mrs. Harry Naugel, whose topic was "March of Mission Dollars." She also had charge of the pledge service and all members presented their pledges for the ensuing year at the worship center. The hymn she used was "We've a Story to Tell to the Nations."

The meeting was presided over by Mrs. Lucille Shy, who also gave the devotions. The hymn used was "Beautiful Garden of Prayer," with Miss Gwendolyn Tuck as accompanist.

A dessert course preceded the meeting which was served to 20 members by the hostess, Miss Opal O'Briant, and her assistant hostess, Mrs. Lucille Shy.

Blinded Star Of Flame Age Is Comeback

By BOB THOMAS

HOLLYWOOD (AP) — Alice White, blonde star of the flaming age in the movies, is making a comeback after a period of blindness.

A year ago her sight was gone. She had been trimming the garden of her home near the heart of Hollywood. A ladder tipped. She was hurled to the ground. Her shears gashed her left eye horribly.

"The other eye lost its sight out of a sympathetic reaction," she recalled. "For six months I could do nothing but lie flat on my back. The slightest movement or excitement would upset my eyes. All I could do was listen to the radio and TV. Friends would read to me. Fortunately, I had a loyal bunch of friends who took care of me.

"It was pretty tough to be knocked out like that after leading such an active life. But I came through it somehow. And I think I learned a lot from it. My life isn't so frantic any more."

But she wants to get her career active again. Still pretty at 49, she shows none of the effects of her accident. Her eyes are back to normal, and she still has the bounce that made her a star in the early talkies.

Alice White, Clara Bow, Joan Crawford and Jean Harlow typified the emancipated female in movies of the 20s and early 30s. With her familiar milk-white bob, Miss White often played the jazz-struck doll, the gangsters' sweetheart or the madcap heiress.

Her kind of film faded from popular favor and her career went into a decline. Once wed to producer Sy Bartlett, she married writer John Roberts and followed him as he traveled during wartime service.

"I went domestic with a vengeance," she laughed. "I even went to school to learn how to cook. But I don't think it was such a good idea. I think men resent women who are too domestic."

Divorced again, she resumed her acting career, her last performance being a small role in Road" in 1949. Now redhaired ("I think a woman looks kinda silly as a blonde when she gets to be my age"), she is seeking roles in movies or TV. And she's realistic about taking whatever comes along.

"I never look back," she said. "What's past is past. I never even saved a clipping when I was a star."

Rest Home Contract

The hassle over appointment of a Sanitary Officer for Sedalia has gone somewhat beyond bounds in verbal rejoinders and street comment as a result of Mayor Abe Silverman's prepared statement read to City Council last Monday night.

In the course of attempting to get across a point that his own desire was to have a trained and experienced man appointed for this job, he stressed the inspection of places serving food. Parenthetically he mentioned the Sanitary Officer's job also included inspection of nursing and rest homes involving problems of protecting the lives and safety of elderly convalescents; and incidentally that the Sedalia Rest Home, a city property, was rented at $1.00 a year to a private enterprise.

Impression that the mayor was critical of the sanitary and operational conditions at the Sedalia Rest Home has begun to snowball on Sedalia's conversational slopes. So we asked the mayor just what he meant in his statement to city council because previously he had spoken favorably about the conditions at the nursing home to Charles Edwards, administrator of the Bothwell Hospital, and myself, after he invited us to visit the place last May 9. Here is what Mayor Silverman has to say:

"The Mayor wishes to state that the inspection was highly satisfactory and I commended Mrs. Birdsong for the fine manner in which she was operating this home and requested that she continue operating it in the same manner until she heard from me."

Personally, the editor's reactions were much the same particularly since he found the residents so well taken care of in a substantial building which formerly was so mechanically and inelegantly identified as Sedalia Hospital No. 2. Mrs. Birdsong and her staff are doing a good job caring for 37 men and women. The delightful part of the visit was with several friends of 40 and more years acquaintanceship. If the time ever comes when I need the accommodations of a rest home, the one in Hubbard Park would just suit me fine.

The major thing I saw wrong in the operation was the lack of a written contract between Mrs. Birdsong and the City of Sedalia which owns the property. Repair, maintenance and equipment problems can become a matter of interminable dispute under an oral agreement. Furthermore the operator of the home is certainly in an insecure position under such conditions after going to a great deal of personal financial expenditures and building up her business. Furthermore, the city should receive reasonable rental from its property. This was my comment to Mrs. Birdsong.

The mayor asked Charles Edwards to write his personal views, not as a representative of Bothwell Hospital but as a private citizen. Subsequently Edwards did just that and his comments, whether or not one agrees with them, indicates he has given constructive thought to the Sedalia Rest Home and its future possibilities from a community-interest standpoint. Here is what Mr. Edwards has to say:

"Dear Mayor Silverman:

"At your request I have visited the Sedalia Rest Home, 711 North Missouri, and I am writing you to give the impressions I received during the visit.

"I have had the opportunity to visit several nursing homes in the State of Missouri and I am of the opinion that the Sedalia Rest Home exceeds the average in many respects. The building, of course, is fireproof, and is well maintained. The Sedalia Rest Home is above the average of nursing homes in cleanliness. The patients seem content, and the owner and employees seemed interested in the patients, which, of course, is of vital importance. After a brief conversation with Mrs. Birdsong, the owner, I formed the opinion that the type of patient care given is above average for rest homes in the state.

"The equipment is also better than the equipment normally found in nursing homes.

"It would be my recommendation that the city continue to lease this building for the purposes of a nursing home, as long as they have people leasing it that are doing as good a job in caring for the patients as is the present operator.

"My negative reactions to the place revolved around the contractural arrangement the operator has with the city of Sedalia. As you know, the contract is verbal that she will lease the building for $1.00 per year. I understand that to this date all expenses for repair and maintenance of the building and equipment have fallen upon the operator and that part of the new equipment was purchased by the City and part by the operator.

"It would be my recommendation that a contract be drawn up which specifically states the responsibilities of the City of Sedalia and the person leasing the building. I feel the contract should be for a period of time greater than one year, so that there will not be continued change of ownership. If there is more than one individual interested in securing this contract, it might be feasible to let interested parties bid on the lease.

"It would be my recommendation that the City assume the repair and upkeep of the building and all fixed equipment. All equipment other than fixed equipment should be inventoried and the operator of the nursing home should assume responsibility of repair and maintenance of all such equipment, whether it is owned by the City or the operator. The lease for the building should never be for an amount less than the amortization cost of the building and equipment owned by the City, and the cost of insurance and other direct expenses the City has in connection with this building. All new equipment purchased should be purchased at the expense of the operator and not the City of Sedalia.

"The movable equipment which is the property of the City should be tagged by number with the respective number showing on the city inventory file.

"Since the city owns the building, I would not think it improper for the city to receive some benefit from its investment other than the coverage of their depreciation and direct expenses. One benefit which they might receive, of course, is a bid on the lease which might exceed the depreciation and direct expenses of the city.

"I would like to make one other suggestion, which would benefit both the City of Sedalia and Pettis County directly, thus, of course, affecting the entire community indirectly. That is, to have a clause in the contract with the operator of the nursing home that would require the operator to give first choice of vacancies to patients which are hospitalized at Bothwell Memorial Hospital, but which do not need acute hospital care, providing, of course, that the patient or the county court, or some other party could pay an established charge for that patient's care in the nursing home. The minimum charge by which the operator of the nursing home would be forced to accept such patients would have to be agreed to in the contract.

"If this were done, the hospital would benefit in that another bed would be made available for a patient which actually needs nursing home care. The hospital would also benefit in that most patients in the hospital which are actually nursing home patients seem to be patients which come under the County Medical Indigent Plan. As you know, the county pays only approximately sixty-two per cent of the hospital's cost in caring for these patients, which means that the hospital is losing over $7.00 a day for each patient that is in the hospital under this plan.

"The County Court would benefit in that the type of care given at the Sedalia Rest Home would be much less expensive to give than the type of care given at Bothwell Hospital, although the care would meet necessary standards for patients who are not acutely ill and in need of hospital care. It is, therefore, quite likely that their expenses for this type of patient would be decreased.

"One other suggestion would be that you have Mr. Neil Wortley, Director of the Hospital and Nursing Home Licensure Program, Missouri Division of Health of Jefferson City, Missouri, furnish you with copies of reports of inspections his office made of this nursing home. Although the city is not responsible for the operating of the nursing home, under such a lease arrangement, an interest in the result of these inspections could normally be justified in that the building and part of the equipment is owned by the City and many citizens of our community still associate this nursing home as a city operation.

"I think your decision to keep politics out of the Nursing Home is a wise one. Experience in community after community has shown that there is better medicine and better education when there is absolutely no politics in the schools, hospitals, and nursing homes.

Cordially,

Charles M. Edwards

The Washington Merry-Go-Round

U. S. Keeps Wary Eye On French Crisis

(Editor's Note — Drew Pearson today reports from Europe on the crisis in the Near East.)

By DREW PEARSON

Enroute Behind The Iron Curtain — The United States is prepared to take drastic action in case of a worsening political crisis in France. Because France is the heart of the NATO alliance for the defense of Europe, and because all supply lines, communications lines, and pipelines run across France, vitally important changes would be necessary in case a hostile government should take over Paris.

Therefore, three alternatives have been decided upon, after careful consideration both in Paris and by the joint chiefs of staff in Washington. These have been approved by the National Security Council as follows: 1. The United States is prepared to move its entire atomic stockpile out of France. It can be moved at a moment's notice to previously prepared bases in Spain or Germany.

2. In case of disastrous French Civil War, the United States would also pull out all military forces to North Africa.

3. If the Communists took over, the United States would intervene militarily — though only as a last resort and only in cooperation with French middle-of-the road political leaders.

These alternatives may never have to be used. But in periods of emergency, military plans have to be studied and these have definitely been approved by the highest authorities in Washington.

U.S. Friend in Lebanon

It was just six months ago that I drove up a winding road, climbing the Lebanese Mountains from the Mediterranean like an amusement park roller-coaster, to call on President Camille Chamoun, now facing civil war in Lebanon.

Along the road were apple orchards. They clung to the mountainside in little terraces—walls of rock, painfully built into the hillside by hand, then a strip of level terrace and a row of trees, then another wall and more trees. It had taken years to hack these terraces out of the mountainside, perhaps going back to the days when this was part of Nineveh and Tyre, or back to the days when the Crusaders battled the Moslems at the foot of these mountains for the retention of the Holy Land.

The apple orchards had already felt the pinch of Nasser reprisal against Lebanon for siding with the United States. Egypt was Lebanon's chief apple market, but Nasser had cut it off. So the United States, at the risk of offending Sen. Harry Byrd, world's biggest apple raiser, had agreed to buy Lebanon's apple crop.

President Chamoun I found to be completely frank and most charming. A Maronite Catholic, affiliated with the Roman Catholic Church, he governed a precarious division of Moslems and Christians, in which it is tacitly agreed that the President shall be a Maronite, the Prime Minister a Moslem, the Foreign Minister a Greek Orthodox, and so on.

I asked President Chamoun the question which John Foster Dulles has been asking himself for a long time: "Can the United States trust Nasser?"

"Not for 24 hours," was Chamoun's categoric reply. He's had reason since to recall the correctness of this statement.

"Your greatest mistake," he went on, "was not to let the Israeli Army continue in Suez for another 14 days."

Why U. S. Fails

President Chamoun, faced with revolt by Nasser agents, now has reason to realize more than ever the effects of American vacillation in the Near East. Like the indignities suffered by Vice President Nixon in South America, the explosions of the Near East did not burst suddenly. They "eroded."

American prestige in the Near East eroded because we have had no policy. It has shifted with the changing minds of those in Washington. And when shrewd, tough Arab leaders know Washington ca't make up its mind, they react like children before a vacillating schoolteacher. Here is the record of American policy in the Near East:

1. After Ike took office in 1953, he sent a pearl-handled revolver to President Naguib, then head of the Nasser revolutionaries, as a token of confidence.

2. In June, 1955, Egypt began bartering cotton for Russian arms.

3. In August, 1955, Secretary Benson wanted to dump his surplus of American cotton, but Dulles argued that it would hurt Egyptian cotton. The U. S. Ambassador had already reported that Egypt was trading cotton for Russian arms.

4. Despite this arms deal, Dulles began talking about lending Nasser money to build the Aswan dam.

5. In July, 1956, Dulles suddenly yanked the promise of the Aswan dam away from Nasser. He did it so abruptly that an oriental was certain to save face. Nasser saved face by seizing the Suez Canal.

6. In October, 1956, as the Israeli Army was within a few hours of Cairo and as the French and British bombed Cairo, Nasser took refuge in a cellar in a Cairo suburb. His policies had failed and he feared assassination by his own young Army officers. At that time the Eisenhower administration came to his rescue.

7. Dulles then proceeded to boycott Nasser until the day before the Egyptian ruler went to Moscow. On that day Dulles unfroze Egyptian funds in the U.S.A.

This record is why Nasser figures he can get away with murder as far as the U.S.A. is concerned in the Near East. It's also why the Kremlin timetable for taking over the Near East is working on schedule.

Senior Citizens

So swiftly the years slip on away,
Living so fully each busy day,
Sewing and mending for her growing brood,
Doing the laundry, cooking the food,
Dishes to wash, the house to clean,
With hundreds of jobs to do in between.
Guiding her children—and having fun,
Then suddenly her work is all done.
Her strength gives out and her eyes do, too,
And she can't do the things that she used to do;
The days grow long, she feels she's a care,
And life with her, nobody wants to share.
And he, whose legs no longer go fast
Finds himself living the days in the past,
He sits on a bench or an old armchair,
Nobody hardly knows he is there,
He dozes a bit throughout the long day,
His cane idly taps the minutes away,
But—was it yesterday he couldn't find
Enough hours in the day, so much on his mind,
Making a living—making his plans,
So busy?—yet, today there is time on his hands.
Men and women the years have slowed down,
Those who have worked for their families or town,
In the clubs and their churches, but can't any more,
Somehow aren't wanted like they were before,
Some in nursing homes no one remembers,
In the autumn of life, Novembers—Decembers—
There are some golden sunsets with life's rose hue
Where people are able to go and to do,
Where they are included in things that are done
With their families and friends are still having fun,
Where love is abundant, but too many forget
Unless life's cut short—there must be a sunset.
It may be golden, one filled with bright rays
Or it may be one with long lonely days;
And so—in our busy lives may we pause
To bring smiles and sunshine to someone—because
The years quickly pass, and too soon will we find
That the busiest years have been left behind
And we may be healthy and happy—it's true—
Or we may be sick and with nothing to do.

—Hazel M. Lang.

Looking Backward...

TWENTY-FIVE YEARS AGO

E. H. Ford, manager of the J. C. Penney Store in Sedalia, returned from St. Louis where he attended a regional convention of the Penney Company.

1933

Charles Sweeney, formerly foreman of the LaMonte Record, moved to Houstonia where he assumed charge of the Houstonia Leader. Wayne Bunch, Emporia, Kan., was employed at the Record office.

1933

The first games of the newly formed Horseshoe Club were scheduled for Sunday afternoon, May 28, at Liberty Park. Officers of the club were J. B. Greer, president; Joe Steele, vice-president; W. L. Reid, secretary-treasurer.

FORTY YEARS AGO

H. C. Feuers, manager for the City Light and Traction Co., received a telegram from Frank W. Frueauff, vice president of the Cities Service Co., stating the company's contribution to the Pettis County quota of the Red Cross would be $1,000.

1918

I. E. Mathis, formerly of the accounting department of Swift and Co. in Sedalia, transferred to Alma, Mich., headed the accounting department of the packing company there.

1918

R. C. Lee of the MKT secret service department after a company assignment here, left for Boonville to have charge of placing guards on the railway bridge across the Missouri River.

William Henry Perkin, young British chemist, discovered mauve, the first synthetic dye, in 1856.

Ruth Millett

Which Marriage Will Last? Outsiders Seldom Can Tell

The Browns have bickered and quarreled for years, not even letting the presence of other people slow them down. You'd never think of describing them as a happily married couple.

The Whites, on the other hand, had always seemed to be an ideal couple. No one ever heard them disagree — much less show any sign of irritation with each other.

So it was quite a shock to their mutual friends when the Whites got a divorce a few years ago, while the Browns are still squabbling their way through a marriage that will probably never break.

All of which just goes to show that it is always difficult, and often impossible, to tell a good, firm, solid marriage from a shaky one on the outside.

Maybe the Browns enjoy fighting. Maybe they have a good marriage because they never hold grudges or smolder down deep. Instead they flare up at the slightest provocation.

Maybe the Whites for years put a good front on a bad marriage by treating each other with unfailing courtesy and respect — but finally got sick of the pretense and decided to call it quits.

Who knows why a seemingly discontented couple may stick together for a lifetime and a supposedly contented couple one day find life together unbearable?

Nobody but the marriage partners really know why. And it's a waste of time for anybody else to even try to guess.

For there is no one pattern for a lasting marriage. One couple may quarrel for 50 years while another may be ready to call it quits the first time they get angry enough to bring their hidden dissatisfactions to the surface.

Dr. Jordan Says

Report Deplores Slighting Of Basic Medical Research

By Edwin P. Jordan, M. D.

An interesting report on medical research recently appeared under the sponsorship of a well-known pharmaceutical company. This was based on a survey of interviews with a small number of prominent and qualified people.

There was almost universal agreement on the need for more basic research.

This means that all of us should be more aware of the need for money to study the behavior of cells, for example, even though this may not lead directly to the cure of cancer or any other disease. Much fundamental research, however, proves of ultimate value in one way or another.

The people interviewed also tended to criticize the common practice of raising or appropriating money to cure a specific disease, thus forcing scientists into a narrow line of investigation.

A number of other important opinions were expressed, including the thought that medical education is being starved for funds to some degree to enrich research. Also there was considerable controversy about the part which government should play in medical research.

One point in particular of this survey seems to be important. The report emphasized that "brains are much scarcer than dollars."

Again all of us should realize that money alone does not lead to productive medical research—or any other kind of research—but that the training and brains of scientists are more important. We have starved our research scientists too much and this we should correct.

The first necessity for medical research is, that the right kind of mind engage in this activity. Few are born with the inquiring mind and intellectual aptitude for research in medicine. A shortage of such people exists and always will exist, but many who could engage in such work are wasted by never being found, trained or supported.

Long and painstaking work in the laboratory and in libraries under experienced research scientists is necessary before worthwhile investigations can be conducted.

Even when the training period is over, many disappointments await the scientific investigator. Many experiments do not turn out as planned and new methods of approach have to be devised and carried out.

A dramatic discovery of the cause or cure of a disease is rare. Medical research laboratories cannot produce startling discoveries overnight.

The financial rewards of research in medicine as in most fields of science are slight, though no one enters this field with the prime purpose of making money. Even the discovery of a new cure is not accompanied by financial success because the results of research in medicine are generally not patented but are given out as rapidly as possible so that the public may benefit without unnecessary delay and at reasonable cost.

CMSC Professor Given a Banquet

The Central Missouri State College Alumni Association held a banquet at the Wesley Methodist Church on May 6, honoring Rolla F. Wood, who is retiring as professor of history after 33 years as a member of the faculty of CMSC, Warrensburg. Over 100 guests attended.

The meeting was presided over by Jack Delph, president of Pettis County Alumni Association, and invocation was by J. O. Miller. A short business meeting was held with the following officers elected for the coming year: president, A. L. Wilson, vice-president, Mrs. Annabelle Lee, secretary, Mrs. Edith Donath, treasurer, Mrs. Nell Longan.

Harold Barrick presented the professor with a gift from the local alumni association. Prof. Wood accepted the gift and delightfully reminisced his 33 years at CMSC.

The meeting was concluded with the group singing the college alma mater.

It's wasted effort to talk about yourself at a party. Leave early and the others will do it for you.

Friend Checks Cards; BoSox Nip Athletics

Bucs' Ace Wins Seventh; Birds Fold In Eighth

PITTSBURGH (AP) — Right-hand pitcher Bob Friend Saturday became the first National League pitcher to win seven games this season as he went the route in hurling the Pittsburgh Pirates to a (6-1) victory over the St. Louis Cardinals.

The Pirates broke a (1-1) tie with a five-run outburst in the eighth inning.

Friend, who now has a (7-2) record, gave up 10 hits. He was backed up by fine defensive work including three doubleplays. Two of the hits he allowed were singles by veteran Stan Musial who flied out on his other two appearances.

Larry Jackson gave up 12 hits as he went down to his second loss against two victories. Until the eighth, Jackson was tight in the clutches.

Two were out in the 8th when the Pirates exploded. Bob Clemente stole second base and scored what proved to be the wining run on Bill Mazeroski's single. Friend beat out a hit after Danny Kravtiz had been walked intentionally. Then came a two-run double by Bill Virdon, an intentional walk and a two-run double by Dick Groat who had knocked in the Pirates' first run in the third inning.

The Cards got their only run in the 7th on singles by Ken Boyer and Hobie Landrith.

St. Louis	000	000 100—1	10 0
Pittsburgh	001	000 05x—6	12 0

Jackson, Wight (8) and Landrith; Friend and Kravitz. L—Jackson.

Braves Down Giants On 8th Inning Rally

MILWAUKEE (AP)—After trailing most of the way, the Milwaukee Braves broke loose for four runs in the eighth to beat the Giants (6-3) Saturday and move within a game and a half of pace-setting San Francisco in the National League race.

Going into the eighth one run down, the Braves teed off on Al Worthington and Marv Grissom to sew up the decison.

With two on, Andy Pafko and Wes Covington hit back-to-back singles to produce the tying and lead runs. After Pafko was out on an attempted squeeze play, Red Schoendienst drove in a third run and the big Milwaukee rally was capped by a fourth marker when Grissom wild pitched with the bases loaded.

Braves outfielder Billy Bruton, reinstated to the active list Saturday, made his first appearance since last July 11. He entered the game in the ninth.

San Francisco	012	000 000—3	8 1
Milwaukee	110	000 04x—6	10 0

McCormick, Worthington (6), Grissom (8) and Schmidt; Conley, McMahon (8) and Crandall.

Home Runs—Milwaukee, Crandall (5).

Lawrence's Relief Job For Reds Nips Dodgers

CINCINNATI (AP)—The Cincinnati Redlegs made the most of 10 hits and tight relief pitching by Brooks Lawrence Saturday for a second straight victory over the Los Angeles starter Don Newcombe and reliefer Sandy Koufax also aided the Redleg cause. Jerry Lynch had four hits in four times at bat for the Redlegs.

Lawrence, who hasn't been able to complete a starting assignment this season, came on in the sixth after John Roseboro and Carl Furillo had hit home runs off Cincinnati starter Johnny Klippstein. He stopped the Dodgers with three hits the rest of the way but Klippstein received credit for the victory.

The loser was Newcombe.

Los Angeles	100	003 000—4	8 0
Cincinnati	002	030 00x—5	10 0

Newcombe, Koufax (5), Roebuck (5), Labine (7) and Poseboro; Klippstein, Lawrence (6) and Bailey.

W—Klippstein. L—Newcombe.

Home Runs — Los Angeles, Roseboro (3), Furillo (5).

Jones' RBI Provides Phils With 5-4 Margin

PHILADELPHIA (AP)—A single by Willie Jones with Granny Hamner on third in the eighth inning enabled the Philadelphia Phillies to edge out the Chicago Cubs 5-4 at Connie Mack Stadium Saturday.

The victory came after two losses to the Cubs and was pitcher Dick Farrell's first conquest of the season. Farrell took over in the seventh, relieving starter Curt Simmons, with the score 4-4. It also snapped Don Elston's five-game winning streak as a relief hurler for the Cubs. Elston replaced Dick Drott in the seventh.

Farrell held the Cubs to one scratchy hit, by Alvin Dark, in the ninth.

Chicago	03	000 100—4	9 0
Philadelphia	110	020 01x—5	8 1

Chott, Elston (7) and Neeman, Tappe (8); Simmons, Farrell (7) and Lopata. W—Farrell. L—Elston.

Washout Gives Mizzou Big 8 Baseball Title; NCAA Regional Slated

COLUMBIA (AP)—Missouri became the Big Eight Conference baseball champion today when rain forced cancellation of a scheduled doubleheader between the Tigers and Oklahoma State.

Oklahoma State, the only team which had a chance to overtake Missouri, could have annexed the title by takng both ends of the twin bill.

Missouri finished the season with a 12-3 conference record and Oklahoma State had a 13-5 mark.

The Tigers will participate in the NCAA District Five playoff with an at-large team yet to be named to determine the district's entry in the college world series at Omaha.

Tentative dates for the playoff, which will probably be held in Columbia, are June 6 and 7.

Lemon Returns to Duty As Tribe Places Hardy On Disabled Roster

CLEVELAND (AP)—Rookie outfielder Carroll Hardy replaced pitcher Bob Lemon on the Cleveland Indians' disabled list Saturday.

Hardy, 25, underwent an appendectomy Tuesday. Team physician Don Kelly said he doesn't want Hardy to play for at least three weeks.

Tribe manager Bobby Bragan decided to put Lemon on the active list after watching him pitch to several Cleveland batters in a morning workout. The 38-year-old right-hander went on the disabled list last month when his arm failed to respond after an operation for bone chips.

World's Fastest Miler Fails In Qualification

LONDON (AP)—Derek Ibbotson, the world's fastest miler, failed to qualify for a mile race Saturday, then angrily declared he never again would run in a mile championship which required qualifying heats.

The Yorkshire runner, who clocked 3:57.2 for a mile last summer—a mark whch still has not been accepted as a world record, was timed in 4:12.7 Saturday in his heat for the Inter-Counties English Championships, to be raced Monday.

Don Rose, Columbia's new crew coach, is only 5-feet-2 in height.

Tommy Atkinson, Alabama senior, tied the school track mark this spring when he covered the mile in 4:17.5.

Hunter's Bobble Leads To Defeat In 8th Inning

KANSAS CITY (AP)—A pair of substitute shortstops—Billy Klaus for Boston and Billy Hunter for Kansas City—became the hero and the goat Saturday as the Red Sox snatched a 5-4 come-from-behind victory over Kansas City.

Klaus, who came into the game after Don Buddin had gone out for a pinch hitter in the eighth, hit a ninth inning single that scored Jackie Jensen with the winning run.

Hunter had replaced Joe DeMaestri who was hit by a pitch in the sixth inning. He set the scene for Klaus' blow with an error that should have retired the side.

With the score tied, 4-4, Hunter threw out Frankie Malzone but Jensen drew a walk off reliefer Tom Gorman. After Sammy White fouled out, Ted Lepcio hit a routine grounder to Hunter who fumbled the ball. Klaus then delivered the killing blow before Murray Wall lined out to end the inning.

The Athletics made a bid in the ninth to keep Boston from sweeping the three games series but southpaw Leo Kiely came in to get lefthanded hitting Bob Martyn on an easy grounder for the final out with Hal Smith on second base.

Boston	001	200 011—5	8 1
Kansas City	021	001 000—4	10 1

Sullivan, Wall (8), Kiely (9) and White; Kellner, Gorman (4) and Chiti. W—Wall. L—Gorman.

Home Runs—Boston, White (2). Kansas City, Martyn (1).

Two Streaks Snapped As Tigers Top Yanks

DETROIT (AP)—The Detroit Tigers ended a nine-game victory drought Saturday by edging New York 3-2 behind old Yankee-killer Frank Lary. The defeat snapped the Yankees' 10-game winning streak.

Lary, the stocky righthander who has beaten New York 11 times in 15 lifetime decisions, survived first inning shakes and bested ageless Sal Maglie in a duel that was tense to the end.

A seventh-inning double by Al Kaline, his third hit of the afternoon, drove in the deciding run for the last-place Tigers who had gone without a triumph since May 13.

It was Lary who posted Detroit's last win, beating Cleveland 11-1.

The Yankees had defeated the Tigers in the two previous games of the three-game set and had won 14 of their last 15 contests.

Mickey Mantle stretched his hitting streak to 12 games with a sixth inning single.

New York	100	001 000—2	7 1
Detroit	011	000 10x—3	8 0

Maglie, Ditmar (8) and Berra; Lary and Wilson. L—Maglie.

Home Run—Detroit, Kuenn (33.

Senators Club Tribe With Six Runs In 8th

CLEVELAND (AP)—Six runs off two pitchers in the eighth inning Saturday gave the Washington Senators a 6-3 victory over the Cleveland Indians, preventing them from being shut out in the three-game series.

Southpaw Don Mossi, the Cleveland starter, had allowed the Senators only two hits in the first seven innings, but was driven to the showers in the eighth when he gave up three singles and a walk to the first four men he faced. Don Ferrarese was called to the mound with six runs in and two men on base and retired the side without further damage.

Washington	000	000 060—6	8 2
Cleveland	002	100 000—3	11 0

Stobbs, Byerly (8) and Korchek; Mossi, Garca (8), Ferrarese (8) and Brown, Porter (9).

W—Stobbs. L—Mossi.

ChiSox Bump Orioles On Dropo's 1st Homer

CHICAGO (AP)—First baseman Walt Dropo, starting n a game for only the fifth time this season, smashed his first homer of the campaign in the eighth inning Saturday to propel the Chicago White Sox to a 4-3 decision over the Baltimore Orioles.

The Sox swept the three-game series to compile their longest winning streak.

The winner was Bill Fischer, who relieved starter Bob Keegan after five innings and held the Orioles to two hits, one of them Bob Nieman's homer in the seventh that tied the game. Fischer now has a 2-1 record.

Baltimore	020	000 100—3	9 2
Chicago	200	001 01x—4	8 0

O'Dell and Triandos; Keegan, Fischer (6) and Lollar. W—Fischer.

Home Runs—Baltimore, O'Dell (1), Nieman (4). Chicago, Dropo (1).

Contrary Duck

IDAHO FALLS, Idaho (AP) — Jan Carr, 10, has a duck named Donald who hates water and chases dogs.

The Bronx Zoo in New York City has a Children's Zoo where youngsters are permitted to play with the tame animals.

Sports Scraps

By D. KELLY SCRUTON

THE banning of high school all-star games appears to be the elimination of one of the finest projects of the Sedalia Rotary Club. It is too bad because the Rotary sponsored the game for several different reasons: first, because the club felt it was helping these young high school players who were just preparing to make the big step to college football, and second, because it was one way they, along with the Jennie Jaynes Trustees, obtained funds for their well deserved activities.

But the group suffering greatly from the elimination is the Crippled Children's Center who received a goodly sum from the Rotary Club and the Trustees, well over $1,000 each year.

This was one of the "high lights" of athletics in Sedalia. It brought into Sedalia hundreds of people to see these young men play their last competition under high school rules. They were the cream from the crop of football players from various sections of the state.

May I offer a suggestion? Rotary is the club to continue with this sports event. Rotary started it and should be given the inside track in carrying on a pre-season football game.

It would be wonderful if the Rotary Committee could obtain the Central Missouri State Mules from Warrensburg and the Missouri Valley Vikings from Marshall for a game. It could be kind of a "warm up" for the two teams, and not go against ther seasonal record.

This would benefit the two colleges in a real football scrimmage and at the same time result in being the drawing card to obtain funds for the worthwhile activities of Rotary and the Jennie Jaynes Trustees. How about the Rotary committee checking into this now, later will be too late.

—o—

THE Missouri State Semi-Pro baseball tournament is to be played again this year in Columbia. It is being held under the direction of an entirely new commissioner appointed by Ray Dumont of the NBC, Wichita, Kan. Dates for the tournament are July 25th through August 3rd.

Two terrific workers have been appointed to assist Commissioner Bill Hulett in this non-pro tournament. These two fellows are well known to me and love the work, the sport, and getting into things. They are Arthur Parrack, a member of the Columbia Tribune's sports staff, and Bill Clark, sports editor of the Missourian.

Hulett was smart in choosing these two and we are going along with the idea that Columbia this year will have a well organized and well rounded baseball tournament. Clark has also been designated as umpire-in-chief for the tournament.

Sixteen teams will be entered in the tournament, two have already qualified. These two teams are the Columbia VFW and the Columbia Whiz Kids, state champions and runnerup respectively.

—o—

THE Sedalia Athletics will practice today. The A's are also looking for a good sponsor as well as a manager, but the latter might come out of the fellows who report for the workouts today.

The nucleus for the 1958 club is on hand with a goodly number of players who were on the 1957 team indicating they will be out again this season.

There should be some business firm willing to take on the Athletics as a sponsor. They are a good bunch of baseball players and bring credit on anyone willing to help them carry on with semi-pro ball in Sedalia.

Sedalia's request to play in the league undoubtedly had an effect on keeping the circuit from folding because of lack of competition. But now it comprises of four clubs: Columbia VFW, Jefferson City Red Birds, and the Mexico Builders.

The team has the schedule, the league to play in, the willingness of players to form a team. Now all that's lacking is a sponsor and a manager.

Maxwell Nearest Rival

Ernie Vossler Protects His Lead in KC Golf Tournament

By SKIPPER PATRICK

KANSAS CITY (AP)—Ernie Vossler of Midland, Tex., protected hs lead in the Kansas City Open golf tournament today with a 2-under-par 70 that gave him a 54-hole total of 202, two strokes better than his closest challenger.

With one round left in the $22,500 tournament on the 6,668-yard Hillcrest Country Club course, Vossler's nearest rival was Billy Joe Maxwell of Odessa, Tex., who had a 65 today for a 204 total.

Vossler, who has been playing well since investing in a new putter and a new pair of glasses six weeks ago, was out in 34 and home in 36. He had two long putts for birdies on the front nine and was steady all the way except for a short putt he missed on the 16th green.

Gary Player, the young pro from Johannesburg, South Africa and PGA champion Lionel Hebert of Lafayette, La., each posted 1-under-par 71 for a score of 205 at the three quarters mark.

Tommy Jacobs of Whittier, Cal., who tied the course record of 64 in the first round, had a 73 today for a 207, same as George Bayer of San Gabriel, Calif., who shot a 68.

Bruce Crampton of Sydney, Australia, and Jim Ferree, Winston-Salem, N. C., were grouped at 208.

The hilly course didn't play too tough for most of the shooters. A total of 43 passed the 54-hole mark at par or better.

Player, who did the third round in 35-36—71, headed the foreign challengers for the first prze. In addtion to Crampton and Player, Roberto De Vicenzo of Mexico City had a 74 for 212.

The defending champion, Al Besselink of Grossinger, N. Y., shot a 74 and was just about out of the running for any money on a score of 221.

Scores included:

Sam Reynolds, Springfield, Mo.; 72-72-72—219.

a-Bill Stewart, Springfield, Mo., 72-75-77—224.

a-Ralph Walker, Sedalia, Mo., 77-75-83—235.

a—Amatuer.

Lincoln Road Scores Victory In Jersey Stakes

CAMDEN, N. J. (AP)—Lincoln Road made every post a winnng one Saturday as the bridesmaid of the Kentucky Derby and Preakness won the $59,100 Jersey Stakes at Garden State Park. It was the colt's first victory of the year.

Isaac Blumberg's front running 3-year-old had no Tim Tam to contend with Saturday and there just wasn't enough speed among Lincoln Road's 10 rivals to catch the thoroughbred as he rushed to the front from the gate with his familiar burst of speed.

Adele L. Rice's Talent Show chased the 2-5 favorite all the way, making three or four challenges during the mile and an eighth run for 3-year-olds, but jockey Chris Rogers kept the pressure on Lincoln Road and he was equal to the test.

This was Lincoln Road's first stakes victory in a 16-race career. The dark bay colt, beaten by a total of 2 lengths by Tim Tam in the Derby and Preakness, had won two overnight races, finished second five times and taken three thirds before Saturday. He earned $37,865 for Saturday's effort boosting his total earning to $108,735, not bad for a $3,100 investment.

Lincoln Road was timed in 1:49 for the 9 furlongs, 1 3-5 seconds off the track record set by Subahdar in 1955.

Slight Delay

ELMHURST, Ill. (AP) — Due to circumstances beyond control, the construction schedule for Frank Padosta's swimming pool has been delayed.

Workmen, with bulldozer poised for action, found a nest of baby rabbits in a hole in the 16 by 34-foot area where the pool is to be built.

"We feel it's a good luck omen," said Mrs. Padosta, "so we want to hold off until the halt dozen bunnies can shift for themselves."

Mayor To Hurl First Pitch

Babe Ruth Loop Set To Open With Twinbill Monday Night

Another Babe Ruth League season will open at Liberty Park Monday night when Mayor Abe Silverman hurls the initial pitch to his battery mate, Jack Faber, Chamber of Commerce Secretary-Manager.

There will be two games on tap Monday evening, just as there will be for each regularly scheduled league night during the entire season. The season is opening earlier this year in order to complete the schedule prior to the opening of the Missouri State Fair. Games will be played each Monday and Wednesday night until August 11.

Opening ceremonies Monday will begin just before 6 p.m. with the raising of the flag by the Civil Air Patrol color guard and presentation of gold baseballs to the players, manager and coaches of the Western Auto team, emblematic of their 1957 championship.

In the lid-lifter, Anderson Heating and Air Conditioning will take on McCown Brothers Salvage. Both of these clubs are touted to have exceptional strength with Anderson's boasting their same tough pitching staff and McCown's going with the starting club which was just beginning to come into its own late last season.

The personnel of the clubs this year will bear the marks of an additional year of experience and since a number of the team members have already been playing ball with the Smith-Cotton team, it is expected that the games will be well played affairs from the beginning.

A new team name appears on the roster this year, with Adco replacing Mullins Men's Wear. The players are the same, however, who gave Western Auto such a close call last year, carrying the champions right down to the last game before losing the title. All of last year's 15 year olds will be missing. However, their places have been taken by a group of 13 and 14 year olds from one of the finest groups of graduates from the Little Leagues.

Each team is considered, at this time, to have a good chance to grab the flag this year with the strength of the league being evenly divided. The games this year are to be started promptly at 6 p.m. and the umpires have been instructed to keep the games moving and to avoid delays where possible. This will enable the boys to be through for the night, in most cases, by 10 p.m. which the league officials feel will be appreciated by the parents.

Representatives of each of the sponsors form the Board of Directors of the Sedalia Babe Ruth League and other officials elected for this year are as follows: President, Ad Taylor; vice-president, Virgil Herrick; secretary, Ken Cordry; treasurer, Wink Ream and player agent, Ernie Mulberry.

Frank Hanigan will serve the Sedalia League as Commissioner and will serve the entire district as regional Director. The newly formed district in which Sedalia competes will consist this year of Buffalo, Clinton, Boonville and Sedalia. The District Tournament will be held in late July at Boonville and the State Tournament, to which each District Champion will be qualified, will be held in either Joplin or Webb City. There is a move afoot to attempt to bring the State Tournament for 1959 to Sedalia, where it was held several years ago so successfully.

The participants for the second game of the evening Monday will be Brown's Supply Co. facing defending champion Western Auto. Other teams being members of the league are Adco team and Phillips 66.

Tulsa Championship Field Limited To 162

2,150 Golfers Will Attempt To Qualify For 58th US Open

NEW YORK (AP)—With a record entry of 2,150 players, golfers will be bucking 15-1 odds when they try to qualify for the 58th U. S. Open Championship at Tulsa, Okla. June 12-14.

Sectional qualifyng is scheduled next Monday at Honolulu and a week later at 28 other locations throughout the United States. The sectional tests all are over the 36-hole route.

This year's entry list eclipsed the previous record total of 1,928 for the 1958 Open at the Baltusrol Club, Springfield, N. J.

The field for the championship proper over the rolling Southern Hills Country Club at Tulsa is limited to 162. Seventeen players are exempt from qualifying because of their past performances. That leaves 145 places for 2,133 golfers who have to qualify.

Dick Mayer, who won the Open title last year in a playoff with Gary Middlecoff, tops the exempt list but the most important figure in the group probably is Ben Hogan.

Hogan, the grim Texas who has virtually retired from tournament competition is out for an unprecedented fifth Open championshp. He won in 1948, 1950, 1951 and 1953. And if he doesn't make it this year he'll probably lose his automatic qualfication as an ex-champion.

Under regulations only the last five individuals to win the title are exempt. The five this time are Mayer, Middlecoff, Jack Fleck, Ed Furgol and Hogan.

The qualifying sites include Kansas City, with 75 entrants to play on four courses, and St. Louis, with 43 entrants on three courses.

St. Louis Hawks Announce Hiring Of Andy Phillip

ST. LOUIS (AP)—Andy Phillip, one of professional basketball's slickest playmakers and a member of the famous University of Illinois 1943 "Whiz Kids," was hired Saturday as coach of the world champion St. Louis Hawks of the National Basketball Assn.

The 36-year-old Phillip, the oldest player in the NBA until he retired last month from the Boston Celtics, signed a one-year contract. Salary was not disclosed.

In his first coaching venture Phillip will be handling a world champion team.

He replaces Alex Hannum, who coached the Hawks to the championship but resigned recently when he failed to reach an agreement with Hawks owner Ben Kerner for a two-year contract.

"It's important to get a coach who knows the league," Kerner said. "We wanted a coach who would continue our style of play and not try any radical changes. Andy subscribes to the fast break with which the Hawks play their best."

Phillip played with the old Chicago Stags, the Phladelphia Warriors and the defunct Fort Wayne Pistons before going to Boston in 1956.

Milwaukee Sells Hurricane Hazle To Detroit Club

MILWAUKEE (AP)—The Milwaukee Braves Saturday traded outfielder Bob "Hurricane" Hazle to the Detroit Tigers after obtaining National League permisson to restore the injured Billy Bruton to the active list.

The surprise inter-league deal climaxed a disappointing spring for Hazle, who helped spearhead the Braves' drive for the NL flag by hitting .403 at the end of last season. His 1958 batting average had shrunk to a paltry .179.

The Milwaukee club announced at first that Hazle went to the Tigers for an undisclosed amount of cash and a player to be named later. But General Manager John McHale said at Detroit that no player was involved.

General Manager John Quinn of the Braves explained that technically McHale was correct. If the two clubs cannot agree on a player, Quinn explained, the Braves will take the money.

"If the Tigers can't satisfy us with the player they offer us, then we'll be forced to take the money," Quinn said. "We hope they can come up with a player we want. We'd rather have a player than cash."

Hazle, a left-handed batter, had been platooned in right field this season with Andy Pafko and Harry Hanebrink.

Fishermen in Israel, casting their nets off Caesarea, the city from which Paul of Tarsus sailed in chains to Rome, have been bringing up jugs, vases and other itmes which date back to 1500 B.C.

Seaneen Upsets Round Table In California Race

INGLEWOOD, Calif. (AP)—Seaneen, a chestnut Irish-bred 4-year-old, knocked the legs from under the sturdy Round Table Saturday in a shocking upset in the $108,300 Californian at Hollywood Park.

Piloted by veteran Johnny Longden, Seaneen whirled down the stretch before an astonished 48,500 fans to whip the overwhelming favorite by four and one-quarter lengths.

Terrang, the pacesetter, was third, well back, in the skimpy field of five in a race that figured to be a cinch for the Table.

The loss cost Round Table a chance to gain on Nashua and Citation, who top him in the money winning statistics, and it cost his supporters $124,305. That's what they bet on the start of the Travis M. Kerr Stable.

The defeat was the first since Round Table ran third to Bold Ruler and Gallant Man in the Trenton Handicap last November.

Round Table's only excuse, if one were needed, was that he carried 130 pounds to a wisp of 109 for Seaneen.

The supposedly invincible Round Table went into the mile and one-sixteenth feature with seven straight victories behind him this year, including triumphs over most of this same field, Seaneen included.

The Table had won 19 out of his last 20 starts.

Seaneen, owned by attorney Neil S. McCarthy of Los Angeles, returned $17.10, $2.70 and $2.10; Round Table the minmum of $2.10 and $2.10 and Terrang $2.10.

Queen Candidates Named

More Teams Planned For Little League

Additional Little League teams will be organized by the second week of June to accommodate the record-breaking field desiring to play Little League ball this summer. The Sedalia Little League program, which was expanded to record size for the 1958 season, has been faced with the complex problem of finding enough teams, uniforms and equipment to accommodate all the players signed-up.

Ralph Hamlin, president of the Little League, Saturday said, "We thought we could whip the problem this year by organizing six new teams, purchasing additional equipment and arranging additional equipment and arranging additional playing facilities which would allow 90 more boys to participate in the Little League in Sedalia. Instead we found that the rosters, each carrying 15 players, were too packed if each player was to play at least part of every game. Also, we still had over 100 boys up for re-assignment to other teams.

"Under these conditions each team, with only 15 suits, would have 19 or 20 players on their roster.

"We believe that by organizing additional teams and purchasing more equipment and uniforms a satisfactory solution will be found. We are asking players signed up for the Little League program to bear with us if they haven't received their uniforms.

In another announcement, Little League officials released the names of candidates for Attendance Queen as follows:

CATHYE RICHARDSON, JAYCEES. Cathye, the daughter of Mr. and Mrs. Don Richardson, is eight years old and a student at Sacred Heart.

PATRICIA DIANN SACCO, ADCO. Patricia, daughter of Capt. and Mrs. Pete Sacco, 2511 Highland, is 12 years old and a student at Sacred Heart.

LUCY LOCKETT, SEDALIA ICE AND COLD STORAGE. Lucy, daughter of Mr. and Mrs. George Lockett, 903 South Grand, is ten years old and a student at Broadway.

PATTY FARISS, THE OPTIMIST CLUB. Patty, daughter of Mr. and Mrs. L. Farrs, 226 South Quincy, is 11 years old and a student at Sacred Heart.

SUSAN SIRAGUSA, MOOSE LODGE. Susan, daughter of Mr. and Mrs. Marion H. Siragusa, 2200 West Fifth, is 11 years old and a student at Sacred Heart.

PEGG CHASTAIN, LIONS CLUB. Pegg, daughter of Mr. and Mrs. Kenneth Chastain, 1717 West 18th, is 11 years old and a student at Horace Mann.

CYNTHIA LOWER, KIWANAS CLUB. Cynthia, daughter of Mr. and Mrs. Glenn Lower, 1706 West 18th, is 11 years old and a student at Horace Mann.

RHONDA RHOADS, ELKS CLUB. Rhonda, daughter of Mr. and Mrs. M. E. "Dusty" Rhoads, Jr., 1012 State Fair Blvd., is eight years old and a student at Horace Mann.

NANCY EVANS, ROTARY CLUB. Nancy, daughter of Mr. and Mrs. C. Q. Evans, 245 Rainbow Drive, is 11 years old and a student at Mark Twain school.

BETTY KAY WATRING, AMERICAN LEGION POST 16. Betty Kay, daughter of Mr. and Mrs. William C. Watring, is nine years old and a student at Horace Mann.

THROUGH THE AIR WITH THE GREATEST OF EASE flies the daring young man to a hard fall, pitched off by the explosive bucking of a one-ton Brama bull. The rider has only a loose rope to cling to, kept around the bull by the pressure of his handgrip. The rider must stay aboard for eight seconds to qualify. This is the type of bullriding action fans will see during the seventh annual J Bar H Rodeo in Camdenton, Mo., July 7 through July 12.

Rex Allen Will Return To J Bar H

Rex Allen, movie, radio and television favorite, and eight action-packed contest events are among the outstanding attractions for the seventh annual J Bar H Rodeo in Camdenton which gets underway on Monday night, July 7, and continues through Saturday night, July 12.

Allen made such a hit during his first appearance last year that he is being brought back by popular demand, according to Harry B. Nelson, producer of the rodeo rated by many as the greatest greatest single tourist attraction in Missouri. Accompanying Allen from Hollywood will be The Frontiesmen, Western music makers supreme.

Mixed in with the top feature attractions during each of the six night performances will be the eight contest events. They are: bareback bronc riding, wild horse race, saddle bronc riding, wild Brahma cow milking, amateur saddle bronc riding, Brahma bull riding, steer wrestling and calf roping. The performances start at 8 o'clock.

Other feature attractions for this season's rodeo include the nationally famous Shamrock ranch group; trick riding and roping; twin Roman riding and jumping; indian spectacular; Buck LeGrand and Wiley McCray—rodeo clowns and bullfighters, and Allen Bing, "king of the electric organ".

For the first time since Jean and Harry Nelson started the rodeo which soon jumped into national prominence, there will be no Sunday performance. Nelson said, "we're dropping the Sunday performance due to the hot afternoon weather common during July. The awards to the winning cowboys will be made after the final performance on Saturday night, July 12."

Supermarkets account for almost one-third of the nation's grocery sales, reports the National Industrial Conference Board.

Sedalia Police Raid Dice Game, Arrest Three

Police swooped down on a dice game shortly after noon Saturday and took into custody three men. The three were picked up in back of the Main Street Bar on East Main Street.

The trio picked up are Mayo Eugene Gray, 403 North Moniteau, Cleo Washington, 219 East St. Louis, and George William Lewis, 403 West Clay. They were taken to police headquarters, where 50 cents reportedly belonging to Lewis and 75 cents belonging to Gray was checked in along with a pair of dice.

Officers Albert Blankenship, Lester Williams, Perry Franklin and Clarence Flewellen learned a game was in progress in back of the Main Street Bar. According to the officers, as they approached someone said "Police," the dice were dropped next to a concrete block, the men then put their feet over quarters — but it was too late.

Washington and Gray furnished bonds to appear in police court, while Lewis was detained a short time until he furnished bond. They are to appear in court Tuesday morning. Washington requested the return of his 75 cents, but was informed it was being held as evidence.

Prince Hall Masons Hold Lodge of Sorrow

The Fourth District of Prince Hall Masons will sponsor a Lodge of Sorrow Sunday evening, May 25, at the Taylor Chapel Methodist Church, beginning at 6:30 p.m.

Wives of deceased brothers will be present. In this community, Mrs. Eula Ferguson, wife of Fred Ferguson, deceased, will be present. Other wives will come from Fulton, Jefferson City, Columbia, and several other towns in the Fourth District.

The Rev. J. E. Erickson, pastor of Ward Memorial Baptist Church, will deliver the eulogy, and his choir will sing. Centennial Lodge 59, of which Dr. A. R. Maddox, 32, is Master, will be host on this occasion. Henry Payton of Marshall will be in charge of the services, and 50 brothers are expected to be present from surrounding towns. D. F. Richards is program chairman. The public is cordially invited to witness these impressive ceremonies.

Dentist Will Speak At Health Meeting

Dr. J. R. Lee, dentist in Sedalia, will be the main speaker at the National Health Federation meeting to be held at 7:30 p.m. Tuesday at the public library. Dr. Lee's subject will be on "Diet". The meeting is open to the public.

Sedalia A's Practice This Afternoon

The Sedalia Athletics will practice at Liberty Park this afternoon, beginning at 12:30 o'clock. The A's, late in getting organized for the 1958 season, are still seeking a manager and a sponsor, but the nucleus of the 1957 club is on hand again.

Players who have indicated an interest in the team include Jim Fall, Bill Dey, Sonny Thomas, "Bull" Higgns, Bill Arnold, Bobby Brown, Dave Johnson, Don Broaddus, Cecil Wood, Elroy Burton, Jerry Burgoyne, Sam Wiggins, "Bones" Morgan, Jim "Salty" Schumaker. Any other players in the area are welcome to tryout for the club, also.

The Athletics were granted entry into the Missouri Valley ABC Baseball League at a meeting in Columbia Wednesday night. Other teams in the loop are the Columbia VFW team, defending champions of the Missouri semi-pro tournament; the Jefferson City Red Birds and the Mexico Builders.

Until the Sedalia club requested entry, the Missouri Valley loop had apparently folded for lack of enough competition. The league will play a 36 game split season with each team playing 18 games. The first half will be played in June and the second half in July. Each team will play the other members six times during the regular season, three times in each half. The winners of each half will play a best of three series for the right to represent the MVL at the American Amateur Baseball Congress state tournament in St. Louis sometime in August.

League play will begin June 1 with the Jefferson City Red Birds, managed this season by Stan Adrain, meeting the Mexico Builders, piloted by Fred Jenkins. Columbia opens June 3 at Jefferson City and Sedalia will meet the Red Birds in its first game on June 5 at the Capital City.

The complete league schedule:

FIRST HALF

June 1—Jefferson City at Mexico; 3—Columbia at Jefferson City; 5—Sedalia at Jefferson City; 6—Columbia at Mexico; 8—Jefferson City at Columbia; 10—Sedalia at Columbia; 12—Jefferson City at Sedalia; 13—Sedalia at Mexico; 17—Mexico at Jefferson City; 78—Columbia at Mexico; 20—Columbia at Sedalia; 22—Jefferson City at Columbia, Mexico at Sedalia (2); 24—Mexico at Columbia; 26—Mexico at Jefferson City; 27—Sedalia at Columbia; 29—Sedalia at Jefferson City, Columbia at Mexico*.

SECOND HALF

July 1—Columbia at Sedalia; 3—Jefferson City at Mexico; 4—Mexico at Columbia; 6—Sedalia at Mexico (2); 8—Columbia at Jefferson City; 11—Sedalia at Columbia; 15—Jefferson City at Columbia; 17—Mexico at Columbia, Jefferson City at Sedalia; 18—Mexico at Sedalia; 20—Columbia at Jefferson City; 22—Mexico at Jefferson City, Columbia at Sedalia; 24—Jefferson City at Sedalia; 27—Jefferson City at Mexico; 29—Sedalia at Jefferson City.

*To be included in second half standings.

Former Pupils Honor California Teacher

CALIFORNIA, Mo. (AP) — School's out for Miss Duretta Mueller.

At the end of this school year she retired, ending 49½ years of teaching in the same town in which she was born 70 years ago.

The veteran educator started her professional career right after Christmas in 1909. For 18 months she taught elementary school classes and ever since has been instructing in mathematics and social studies in high school.

Tonight many of her former students presented her with $800. Contributions came from a number of the estimated 7,500 students she taught in her long career.

Making rain is a difficult problem in drought stricken regions. Norway has the opposite problem. Norwegians, whose farmlands are frequently damaged by tremendous rains, sometimes have to spray the clouds with silver iodide so the clouds are blown away without turning into rain.

JUNIOR BANTAM CHAMPION—Karen Ann Tray, ten-year-old daughter of Mr. and Mrs. Fran Tray, 2342 West Second Street Terrace, took the series championship in the Junior Bantam Bowling Tournament held at Broadway Lanes recently. Karen is a first year bowler.

Rod and Gun Club Formed In Sedalia

A Rod and Gun Club has been organized in Sedalia and the first meeting will be held Monday at 8 p. m. at the Kennie Miller Real Estate office, 2411 West Broadway. Election of officers will be held at this time, by-laws will be written and membership fees established. Any sportsmen interested are welcome to attend the meeting or may contact any of the members.

This will be a corporation with every member an owner, and everything made through fees and shoots of various kinds will go into the club. When the needs of the club have been sufficiently taken care of funds will be used for various civic projects.

The group plans to build a new club house, perhaps a frame one at first, a rifle range, a pistol range, a trap and a casting practice range.

It s not necessary to be a member of the club to shoot, and the fee will be the same as for members.

This will be a family affair, with children, also to take part. It is planned to have an instructor to instruct Scouts in this art as well as other children. A junior shooting team will be organized.

Members of the organization at present are Roy Riggs, Forrest Benner, L. E. Brown, Charles Robb, Ray McCory, Frosty Dill, John J. McGrath, William Rheinhart, Dan Jones, Dr. Ira Whte, Dr. H. O. Wilbur, John Loague, Chris Roose, Bud Bloess and Kennie Pabst.

First evidence of language dates back to about 4,000 B.C.

LODGE NOTICES

Notice of Meeting

American Flint Glass Workers Local 1004 will hold its regular Steward and Officers' meeting on Tuesday, May 27, at 7:30 p. m. at the old postoffice.

Kegler's Korner

Virginia Scott Rolls 277 For New Record in Sedalia

The highest bowlng score ever recorded in Sedalia by a woman, and one of the highest in the United States for this year, was rolled Saturday morning when Vrginia Scott turned in a spectacular 277.

Virginia narrowly missed a perfect game as she tossed nine straight strikes through the first nine frames. In the tenth frame, she toppled eight pins and picked up the spare. On her last ball of the game, she got a nine-count.

Jim Carter hit the maples for a flashy 254 to take hgh game of the week honors in Sedalia league play during the past week. Neil Chapman's 247 was good for the runner-up slot and J. Lee was third with a 246. The Rev. Father G. Pelletier gained high series of the week honors with a 632. John Larma and Gene Williams tied for second with 615 efforts.

Hazel Lowman rolled a 213 to take high individual game honors in women's competition and Effie Mosier was second with a 211. Shirley Burton tossed a 208 for third spot.

TV MIXED DOUBLES

Bobbie Poundstone and Jim Carter defeated Jim Ryan and Ann Welliver in the mixed doubles match on the Bowling at Broadway television program Friday night, 1069-989. Carter was the outstanding performer on the program with a big 628 series on games of 231, 191 and 206. Bobbie Poundstone rolled 126, 149 and 166 for a 441 set. For the losers, Ryan recorded games of 209, 141 and 156 for a 506 while Ann Welliver tossed 158, 141 and 192 games for a respectable 491.

Next Friday night's Bowling at Broadway program, televised over KDRO-TV will pit Glen and Virginia Nelson of Columbia against Eddie Boysel and Lela Norton of Sedalia. All four of these performers have previously participated on the program.

CONSTRUCTION LEAGUE

Sedalia Neon, sponsored by John Zulauf, took the championshp in the Construction League on Monday nights at Broadway Lanes, slipping past Howard's Ready Mix during the final month of play. With a 2½ game lead going into the final night's action, Sedalia Neon topped Bell Telephone in two of three games to take three ponts while losing one. Howard's Ready Mix, in a game bid for the crown, picked up four wins on the final night, finshing 1½ games off the pace. Monday night these two teams will clash in a challenge series at Broadway Lanes. Members of the Howard's Ready Mix team are Dan Green, Carl Shoe, Glenn More, Arnold Blane, Ken Stalhat and Omar Wadleigh. Members of the Sedalia Neon squad are Rus Shafer, Don Reynolds, Jim Jolly, Charley Grace, Dutch Deininger and Gene Williams.

580 SERIES CLUB

G. Pelletier 632; John Larma 615; Jim Carter 600; Marlon Stevens 588; Bob McCurdy 606; Vern Bingaman 609; and Gene Williams 615.

MEN'S 200 CLUB

John Bowman 204, 225; Fred Whitfield 203, 206; G. Pelletier 200, 235; Al Fabry 205; T. Baker 212; Bob McCurdy 206, 202, 211; Vern Bingaman 224, 209, 201, 215; Vic Scott 200 (3), 205; John Larma 209, 201, 205; Jim Ryan 205; Bill Shockey 212; Red Heuerman 204, 211, 200; Fran Tray 219, 204, 203; C. Lynn 203; C. Wheeler 209; Russ Shafer 200, 202; S. Smith 200; J. Canfield 217; Jim Carter 200, 254; Jack Vaughn 203; B. Gilluly 200, 203; Marion Stevens, 200, 203, 202; J. Miles 205; John Hazell 201; Joe Long 209; J. C. Patton 200; Gay Jaeger 209; Brooks Wade 207; Bob Dillard 210; C. Kelley 209; Floyd Burton 212; John Villella 224; Bill Palmer 226; Bishop 205; W. Buras 202; Neil Chapman 247; Charlie Rayl 212; J. Lee 246; Ken Campbell 228; Carl Shoe 208; Petree 200; Gene Williams 206, 228; Bryan 206; R. Donovan 220; Yoder 223; Joe Imhauser 213; R. Wilson 211; Bransgaard 214; and G. Spahr 221.

WOMEN'S 180 CLUB

Ted and Stan Are Thinkers

Hitters Disagree On Methods Of Selecting Pitch to Blast

NEW YORK — (NEA) — As Stan Musial describes it, if the ball jumps out from the pitcher quickly to a distance of about 30 or 40 feet from the plate, he knows it is a fast ball. If it comes out any slower than that from the pitcher's hand, The Man maintains, it is a curve or a change-up.

Henry Aaron will show you those white teeth and explain, "They throws it, and I hits it."

Ted Williams says if a man swings at a pitch outside the strike zone five times he will do it 100 times. So it is better not to do it at all.

Yogi Berra shrugs and says, "If it looks good, I take a swing at it. I think they're all strikes but guys keep telling me they are balls. It don't matter, as long as you can hit them."

These are little examples of the two sides of baseball you'll hear about most of the season.

You'll have the Musial-Williams school of smart, inside stuff. On the other hand, you have the Aaron and Berra types who just do it and oftimes haven't the slightest idea why.

This leads to a set-up argument. Does a baseball hitter really have to think or does natural instinct take care of it all?

In wanderings around baseball dugouts and locker rooms you always find a ballplayer sitting atop an equipment trunk with the day's sports pages in hand. His lips move slowly as he struggles through the light-hearted nonsense people who write sports specialize in.

The newspaper seems to be an obstacle course for the guy, yet the story is probably describing him as "one of the smartest hitters in the game."

The feeling here is that a fellow like Musial can speak intelligently about almost anything. But when he stands in the batter's box, crouching and coiling, he is nothing more than a strong-armed bloke from the smoke and steel mills of Donora, Pa., who reacts with animal instinct when a pitcher heaves a ball at him.

In retrospect, The Man can tell you what he does out there. But if he tried to think about it while in the act of pulling a bat around he wouldn't be one of the finest hitters the game has known.

In hitting a baseball a contestant can check a good part of his brains in the locker room. Pure instinct, plus reflexes disciplined throughout afternoon after afternoon on Donora, Pa., sandlots and minor league fields at Williamson, W. Va., and Daytona Beach, Springfield, Mo., and Rochester made Stanley Musial a seven-time National League batting champion.

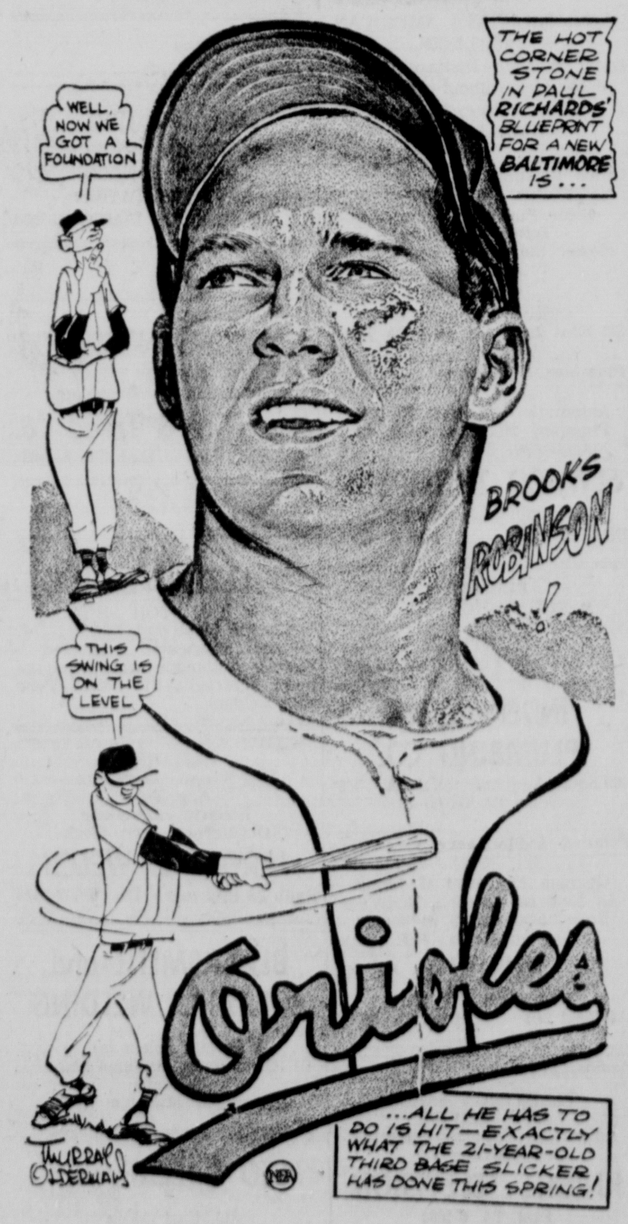
Ted Williams, Hank Aaron, Yogi Berra and the other belters of this era are of the same mold. Tom Greenwade, the Yankee scout, knew that Mickey Mantle was a tremendous hitter when The Switcher was 17 years old.

Players can be taught to do some of the mechanical tricks baseball demand.

But they cannot be taught to hit.

At bat, the combatant mostly does what comes naturally.

BUILDING MATERIAL



air cushioned for COMFORT

Air cushioned from the tip of the toe to the heel of the shoe makes McCoy Shoes for men the most comfortable shoe in any price range. Arch supports are built-in to assure tireless, relaxed foot comfort. Many people have symptoms of soreness and tiredness in other parts of their body which can be caused by an improper fit of their shoes. Demand guarantees your shoes to properly fit your foot. BUILDERS AND CONTRACTORS Don' just jab a few evergreens in the ground and call it a finished production. Let us make it look like a landscaped house. There is more to it than just digging a hole. It will make your house worth more. Wholesale prices Pfeiffer's Nursery, West 50 Highway.

TO THE PEOPLE OF SEDALIA and surrounding towns. The wreaths we have on display at our Flower Shop are all weather wreaths, outdoor paint plastic type flowers, rain resistant ribbon and they are all, each and everyone, hand made by Sedalia employees. There is not a shipped-in wreath here Keep your money in Sedalia and buy the best wreaths. Look them over Pfeiffer's Flower Shop, 501 South Ohio

ROSE BUSHES for garden, patio, cemetery, all grown in cloverset pots started ready to set. Golden Scepter yellow, Rose of Freedom, Chrysler, Imperial, New Yorker, Norturne, Red. Tiffany, pink. Sleighbells, Victoria white Climbers, Paul's Scarlet, Dr. Nicolas Also Sweet Gum trees, Hybrid Elm Gold Flame Honeysuckle, Blue Mis Spirea Snowball, Evergreens, Pfitzers $1.25 and up. Pfeiffer's Flower Shop and Nursery, 501 South Ohio and West 50 Highway.

IMPORTANT NOTICE TO Contractor and Builders. Evergreen prices wholesale, also shrubs, trees. We grow our own stock. It's acclimated and we know what will grow in this territory You buy good lumber, plumbing fixtures, so why not good landscaping Look the town over, you can spot the grocery store or catalogue plantings Give your house a finished appearance Pfeiffer's Nursery. Since 1875, 82 years planting the best. See us, we will be glad to help you make your house look better and save you money. Pfeiffer's Nursery, West 50 Highway.

Sunday Guests In Homes At Clifton City

By Mrs. Mary Fairfax

CLIFTON CITY — Mr. and Mrs. F. S. Needy and grandmother Needy were Sunday dinner guests of Mr. and Mrs. C. J. Reuter, Garry and Sandra.

Mr. and Mrs. L. L. Fairfax and Gayle Ann, Kansas City, visited with Mrs. Mary Fairfax recently.

Mrs. Daisy Higdon, Sedalia, was a dinner guest of Mrs. Ruth Potter, Sunday.

Mr. and Mrs. Russell Eckerle, Bernette and Marilene, Sedalia, spent Sunday with Mr. and Mrs. Frank Eckerle and family.

Mr. and Mrs. T. L. Potter and son and Mr. and Mrs. Mac Gardener, Columbia, were recent visitors of Mr. and Mrs. J. E. Potter.

Dinner guests of Mrs. Maggie Hallahan were Mrs. Mary Cramer, Smithton, Mr. and Mrs. Sylvester Siefert, Mr. and Mrs. Eddie Siefert and Rhonda, Otterville and Mr. and Mrs. Al Valdez, Sedalia.

Mr. and Mrs. Robert Stroup, Sedalia, were dinner guests of Mr. and Mrs. O. L. Harlan and family. Afternoon guests were the Rev. and Mrs. Sam Harlan, Sedalia.

Mr. and Mrs. Jean Hudson and son, Kansas City, were weekend guests of the Rev. Ora L. Stroupe and family.

Mr. and Mrs. William Gerke and family were recent dinner guests of Mr. and Mrs. Clarence Gerke and daughters, Clear Creek.

Mr. and Mrs. Herbert Waltz and family, Kansas City, spent Saturday with Mr. and Mrs. John Waltz.

Mr. and Mrs. Frank Imhoff and family, Blackwater, were Sunday visitors of Mrs. Joe Reuter.

Mrs. Ollie Pabst accompanied by her son, Robert, Keokuk, Ia., attended the wedding of her nephew, Joseph Paul Kramps, in Kansas City.

Mr. and Mrs. Virgil Kemp and son spent a week with Mr. and Mrs. Emil Pabst.

Mr. and Mrs. Hubert Aggeler and family were recent dinner guests of Mr. and Mrs. Herman Wirths, Blackwater. While there Mrs. Aggeler, Phillys and Marilyn attended the Intramural plays at Sacred Heart School.

Mrs. Ream Hostess To Ruth Circle

Mrs. H. H. Ream was hostess to the members of the Ruth Circle of the Green Ridge Presbyterian Church, Thursday afternoon, May 15. Mrs. Ezra Inselman opened the meeting with the Lord's Prayer repeated in unison. She also read a poem, "Mother in Heaven" by Ruth Denison.

During the business session the Green Ridge Chamber of Commerce banquet was discussed which the Ruth Circle will help to serve.

Mrs. Fred Fiene presented the Bible lesson, "Dr. Luke the Musician" and Mrs. Walter Haynes was in charge of the program, "The Way and the Ways".

The June meeting will be held at the home of Mrs. Albert Upton and the leaders for the devotional and program will be Mrs. E. S. Close and Mrs. Glen Morrow.

Refreshments were served at the conclusion of the meeting. Miss Nellie Jones was a guest.

About Town

Dr. John Page Wells, new regional director of health, has gone back to Canada where he has been living, to bring his wife and two children to Sedalia. He will return with them within the next few days. He has purchased a lot in the new subdivision of Southwest Village where he will build a home.

Mrs. Ralph R. Guenther, Ft. Worth, Tex., arrived Thursday to visit in the homes of William H. Guenther and Mr. and Mrs. C. E. Greenhalge, 230 East Vest, Marshall. Mrs. Guenther is a daughter of the Greenhalges

Mr. and Mrs. Ray Sublet and sons, Mr. and Mrs. Art Hickey and baby, Mr. and Mrs. Gordon Cunning, Kansas City, and Mr. and Mrs. Bob Murray and baby, St. Louis, spent Sunday with their mother, Mrs. Francis Murray, 434 East Saline.

Mr. and Mrs. B. M. DeWitt, 2005 West 11th, spent some time recently in St. Louis visiting friends and relatives and attending the 90th anniversary of Lafayette Park Baptist Church. They were accompanied home by Mrs. Nana Sanders of Oklahoma who spent a week with them.

While here, Mrs. Sanders, accompanied by Mr. and Mrs. DeWitt and Mr. and Mrs. Oscar Thomas, Sedalia, visited Mrs. Thomas' daughter, Mr. and Mrs. Edgar Schibe, Pilot Grove.

Joseph Candioto, Jr., 409 West Fourth, left Thursday evening to return to duty in French Morocco, North Africa, in military service. He arrived here following the recent death of his father and while here made a trip to Sapulpa, Okla., his former home, with his mother and aunt, Miss Jeanette Candioto.

Mr. and Mrs. Don Linden, Midland, Mich., are visiting Mrs. Linden's grandparents, Mr. and Mrs. William H. Guenther, 1608 East Tenth.

Voters Approve Extra 15 Cent Road Levy

LA RUSSELL, Mo. (AP)—Voters in the La Russell special benefit road district were unanimous in approving a 15 cent extra road levy for a year.

There were only four votes cast.

The election was called on a petition signed by 11 voters.

HOW D'YA GET DOWNTOWN?—If this aerial photo of that modern motoring miracle, the cloverleaf, makes you dizzy, think of the poor out-of-town motorist coming upon it unawares. The interchange is in Fort Worth, Tex., and is called the "mixmaster" by local citizens. Parts of it, in lower right-hand corner of picture, are still unfinished.

TOOTLING TOT—John Ranier, 3, of the Bronx, gets into the act with his toy saxophone during the Women's Air Force Band concert marking Armed Forces Week in New York. Sgt. Elaine Lilley plays on, apparently unaware of the tootling toddler beside her.

Let's Talk Gardening

Beauty of Shrubs Depends Largely on Proper Pruning

By Mrs. J. K. Skolaut, Garden Club IV

The beauty you get from the shrubs around your home depends somewhat on pruning. When properly pruned, shrubs produce their largest flowers, finest foliage, and best form. Pruning strengthens stems and helps roots develop without robbing top growth and more flowers and decorative fruits will form if proper pruning is practiced by cutting out diseased or insect infested wood.

Here are a few general pruning considerations:

First, stand back and take a good look at the plant before you start pruning. Study the present natural growth habit and don't try to change it.

Second, always use sharp pruning tools. Dull blades can tear the bark.

Third, cut as close to a node or side bud as possible. Nothing is gained by leaving a stub. Insects and disease love stubs as nesting places.

Fourth, always check to see if stems are alive. Cut away all dead wood.

Fifth, if possible, prune away all side stems to allow light to penetrate into the center of the plant.

Sixth, always paint wounds immediately after pruning. House paint is not a good wound dressing. There are several trade named tar products which help prevent disease entering the wounds and promote tissue healing. There is no need to worry if a cut is straight or slanting across a stem.

It is better to be a little late in the spring than to prune too early. Early pruning may initiate new growth which may be nipped by frost. A pruning time-table need not appear complicated. In the early spring prune shrubs that flower from mid-summer on. The flower buds are formed on new wood so pruning will now be beneficial. Examples are Rose of Sharon, Hydrangea, Smoke Tree and Butterfly Bush.

Shrubs that blossom early on last year's growth should be pruned after they bloom. If trimmed in early spring the buds will be destroyed. Forsythia, Spirea and Lilacs are examples.

One last party word of advice: Don't make too many tummy cuts. If you cannot reach a tall branch, stand on a step ladder—or bend down to make the proper cuts off the lower branches.

Good Record

Registered births in the United States reached a record high of 4,168,000 in 1956, with less than 1,600 deaths reported due to complications of pregnancy and childbirth.

Attlee Operated On

LONDON (AP) —Former Prime Minister Earl Attlee, 75, was operated on today for hernia. His condition was reported satisfactory.

She First Tried Other Fields

Miss Elizabeth Martin Believes Nursing Career Is Own Reward

Miss Elizabeth Martin, R. N., administrator of the Georgia Brown Blosser Home for Crippled Children, Marshall, seemed to have grown up with charity in her heart and a love for children.

She was born in Richland County, Ill., the daughter of Dr. and Mrs. Lewis Martin, and was one of four children, a boy and three girls. From the very first she wanted to take up nursing and, even before she was old enough to enter a school of nursing, she made application. Her father tried to discourage her, however.

"Why don't you teach school, or work in an office, a store or be a milliner — do something nice?" he suggested.

But always the nicest thing she could think of was to be a nurse.

Still, she tried some of the things he wanted her to do. She taught in the primary grades in public school one year. She went to business college after she finished high school, then worked in an office. She was stenographer, office manager and sometimes bookkeeper—she went along with that four years. She worked in a bank and a wholesale house, but every time she got a chance she changed jobs. She still wanted to be a nurse.

In 1921, the firm where she was employed was moving to Chicago, so she decided to stay in Kansas City. This time she was going to do what she wanted to do. She entered the Research Hospital School of Nursing and was graduated in 1924.

That year she became supervisor on the medical-surgical floor. From 1925 to 1931 she was nurse supervisor of the diagnostic department at Research, and from 1931 to 1936 was executive secretary of the Missouri State Nurses Association, with headquarters in Kansas City.

It was while she was the executive secretary of the Missouri State Nurses Association that she learned that the Children's Mercy Hospital needed an administrator. A member of that board was a former Sunday School teacher who knew that Miss Martin had been in business offices before entering nursing school, so she called her and Elizabeth turned the job down. Then Miss Esther Dersch, director of the School of Nursing at Research, and Mr. Woodell, the administrator, heard about it and called her to come and see them. When she did, they used persuasion and eventually she accepted. At that time, the Research student nurses became affiliated with Mercy for their work in children's diseases. Mercy had 145 beds, as well as the big clinic.

Mercy Hospital, which was founded in 1897, is non-sectarian and is every community's children's hospital for those who cannot pay. The financing of the hospital is a miracle, Miss Martin said, for donations come from everywhere, sufficient to care for as many as 2,100 in-patients and 25,000 out-patients in a year. It is a living testimony of great hearts of people everywhere for care of children. Dr. Katherine Berry Richardson, one of its founders, lived to see the result of her life's work.

When Miss Martin took over at Children's Mercy Hospital, this hospital was not new to her, for she had had her pediatric nursing affiliation there. Hundreds of men and women visit Mercy every year, she said, where they are taken on conducted tours through the hospital for the Community Chest, clubs, church groups and others. Many times, she said, money was pressed into her hand as a man or a woman left after going through the hopital. Occasionally, she said, she wondered if it were the "widow's mite."

Every day there were human interest stories, some heart-warming some heart-breaking.

One doesn't forget, said Elizabeth Martin, such things as eight-year-old Sandra, who had lost an eye and was fitted with a new plastic eye to match her good eye. The first night she couldn't sleep because she was so thrilled and had to get up in the night to look at herself and admire her new eye.

Miss Martin was an administrator at The Children's Mercy Hospital from December, 1936, to March, 1955, when she accepted the position of administrator of the Georgia Brown Blosser Home for Crippled Children at Marshall. She took over her duties there on April 1, 1955. She went to the Blosser Home, Miss Martin said, because it is a smaller institution and, while the responsibilities are about the same, the program is not so tremendous or pressing as at Mercy. Then, too, she likes smaller cities.

The Georgia Brown Blosser Home for Crippled Children is a beautiful home built especially for the care of crippled children. It has a capacity of 45 beds. Mrs. Blosser left money in her will to establish this home, and the first patients were admitted in 1934.

All patients are convalescent crippled children under the supervision of registered nurses 24 hours a day. The patients come principally from the University of Missouri Hospital, Columbia, although there are also patients from St. Luke's and Children's Mercy Hospitals, Kansas City. The orthopedists sending patients are approved by the Univerity.

A school is provided under the Marshall board of education for the children at Blosser Home, and there are two teachers, one for grade school and one for high schol.

As much home life as is possible in an institution is given the children. There are birthday parties, teas and special day partie. Too, students from the Missouri Valley College occasionally have a party for the children and conduct vesper services on Sunday. The Council of Churches supervises the Sunday School; that is, it designates the church in the city to do the teaching for three-month periods. The Shrine Club takes the children to the circus each fall and to other local events as auto racing, swimming exhibitions and picnics. Many individuals and groups do things for their pleasure, bring beautiful flowers, favors, cakes, fruits, children's books and toys. It is a happy home. Those who work at Blosser Home, Miss Martin said, feel it a privilege, not just a job.

Miss Martin handles the personnel, and finds that few of the personnel ever leave the home. She does the buying, supervision of the various departments, has conferences, staff teaching and demonstrations. There are registered nurse supervision on the wards. In addition to her duties at the home, she makes talks on the home, crippled children and other subjects. She talks to clubs and church groups and takes care of the public relations.

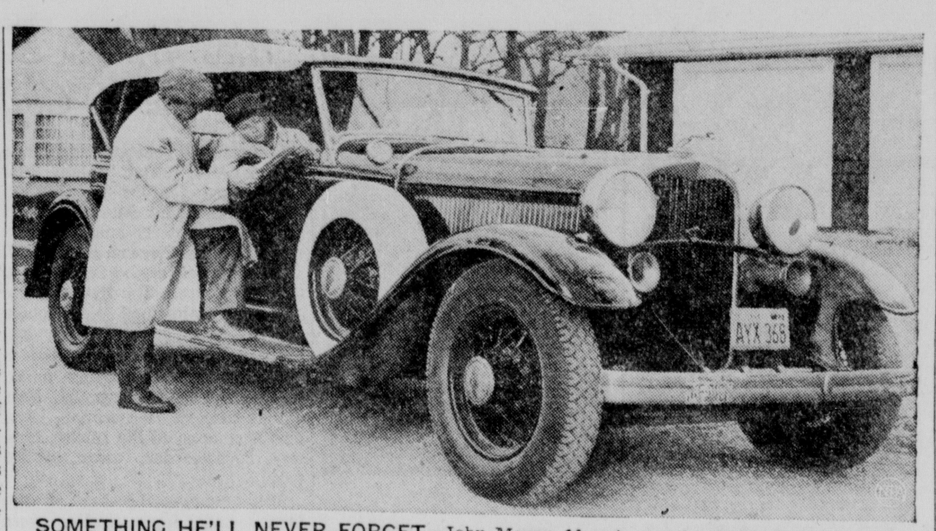
Miss Martin was the first executive secretary of the Missouri State Nurses Association which was established in 1931, during the depression, to give better service to the nurses in the state. Miss Ida E. Gutschke of Springfield was the president. The office started in Miss Martin's home and was there four years until it was moved to an office building. At that time it was located in Kansas City, now it is in Jefferson City. She did everything that needed to be done in an office, all preparatory work for meeting with alumnae, district and state meetings, the stenography, filing and any other detail. She also started the mimeographed bulletin for nurses.

During the time she was secretary, there was a great need for nurses with psychiatric experience and, since there was no place in the state where a registered nurse could get postgraduate training or where schools of nursing could send student nurses for affiliation in psychiatric nursing, the Missouri Nurses Association was given permission to open an experimental school at the City Sanatarium in St. Louis. An experienced director and instructor were secured to start this work, which was financed for at least two years by the State Nurses Association. Then the City of St. Louis accepted the responsibility and the school became a permanent part of the institution.

Working for the nurses of Missouri was a gratifying experience Miss Martin said. It took her to all parts of the state where nurses were working for their communities. Too, many nurses were leaders of projects outside their nursing positions — positions covering every type of nursing service.

Elizabeth Martin loves nursing and she loves children, so much that she adopted one, a son, Glover Martin, who is now married. He and his wife, Nancy, have a six-month-old daughter, Deborah Elizabeth.

"And" says Elizabeth Martin, "Deborah Elizabeth is the apple of my eye."



SOMETHING HE'LL NEVER FORGET—John Meyer, 11, retraces the dream trip he made with his dad, Maynard Meyer, in this 1931 Lincoln phaeton, at the Meyer home in Pewaukee, Wis. Father and son found the car for sale in Los Angeles, and dad bought the machine so that John could enjoy an old-time, leisurely auto journey. They covered the 1,225-mile route to Pewaukee in 5½ days at a top speed of 45 miles per hour.

Miss ElVera Oelrichs Becomes Bride of Melvin Schnakenberg

At half past six Sunday evening, May 4, Miss ElVera Oelrichs, Cole Camp, daughter of the late Mr. and Mrs. Grover Oelrichs, became the bride of Melvin C. Schnakenberg, son of Mr. and Mrs. Edwin Schnakenberg, Cole Camp, at the St. Paul's Lutheran Church with the Rev. Elmer Kuhlman performing the double ring ceremony.

The church was decorated with ferns and arrangements of tulips and bridal wreath adorned the altar. Two five-branch candelabras with burning white tapers completed the chancel decorations.

Preceding the ceremony Miss Rosella Schnakenberg, cousin of the bride, played "Jesu, Joy of Man's Desiring", "Jesus, Lead Thou On", "O Perfect Love", "Beautiful Savior" and the "Marche Nuptials". She accompanied Eldon Schnakenberg as he sang "Oh Take My Hand Dear Father" and "The Lord's Prayer". The traditional wedding marches were used.

The candles were lighted by Miss Delores Schnakenberg and Mrs. Vern Deen Bohling. Their wrist corsages were of pink and white carnations and they carried white tapers tied with pink and white ribbons.

Given in marriage by her brother, Allen Oelrichs, the bride wore a floor length gown of white satin. The long-torso bodice was lace over satin and was styled with a round neck in front coming to a V in back. The bouffant skirt was pleated and featured two lace panels over a large center pleat in front. Her fingertip veil of white tulle fell from a white lace hat. Her bouquet was of pink roses and white stephanotis. Her jewelry consisted of a watch belonging to her mother and a pearl necklace, a gift from the groom.

Preceding the bride to the altar was her matron of honor, Mrs. Florine Hobein, sister of the bride, and her bridesmaids, Miss Shirley Kaiser, and Miss Arlene Schlesselman, cousin of the bride, and her junior bridesmaid, Miss Louetta Schnakenberg, sister of the groom. Each attendant and the organist and candle lighters wore identical dresses of pink taffeta with pink chiffon overskirts and white chiffon sashes. The bodice was designed with a high neckline in front which dipped to a V in back. Each attendant carried a colonial bouquet of pink roses with white daisies and stephanotis. They wore matching lace hats and gloves.

(Eickhoff & Meyer photo)

Mrs. Melvin Schnakenberg

The flower girl, Miss Margret Zimmerschied, cousin of the groom, wore a dress identical to the matron of honor. She carried a small colonial bouquet of pink roses and white daisies and stephanotis.

Randy Oelrichs, nephew of the bride, was ring bearer. He carried the rings on a white satin pillow.

Edgar Schnakenberg, brother of the groom, was best man and Leland Schnakenberg, also a brother of the groom, and Arthur Heimsoth were groomsmen. Roland Oelrichs, Robert Oelrichs, Keneth Schnakenberg and Vern Deen Bohling served as ushers.

The groom's mother was attired in a turquoise dress with white accessories and pink and white corsage.

A reception was held at the home of the groom's parents following the ceremony. The bride's table was covered with a white linen cloth and centered with a square four-tiered wedding cake. Burning white tapers were on either side. A large wedding bell from which radiated pink and white streamers decorated the room.

Miss Beverly Brockman had charge of the guest book and Miss Elda Eckhoff, Miss Geraldine Viebrock, Miss Violet Viebrock and Miss Betty Von Holten, took care of the gifts.

After the reception the couple left on a wedding trip. The bride was attired in a navy blue sheath of pleated nylon with short white jacket. She wore white accessories and a corsage of pink roses and white stephanotis.

The bride graduated from Cole Camp High School with the clas of 1957 and the groom graduated in 1956 and served six months with the Army. The couple will reside on a farm near Mora.

VFW Post 3189 And Auxiliary Have Installation

Installation of officers for the Allie E. English Post No. 3189, Veterans of Foreign Wars and Auxiliary, was held Thursday evening, May 15, with Fred Pump, past commander of Post 2508, Forrest Ritchey, assisting past commander of Post 2508, installing officers for Post No. 3198 and Byda Pump, 6th district president of the Auxiliary assisting conductress Roche.

Grassock; adjutant, Wayne Balance; Archie Burris, trustee for three years; James King, trustee for two years; Willie Porter, trustee for one year.

Auxiliary officers instaleld were: president, Ida Paxton; senior vice-president, Lillian Brown; junior vice-president, Magnolia Colwell; chaplain, Tennessee Grassock; secretary, Minnie Hinkle; treasurer, Serah Pool; conductress, Minnie Hinkle; guard, Ethel Clay; trustees: Hattie Raney, three years: Eula Ferguson, two years and Edith Buford, one year.

Model Meeting Held For Beta Tau Rushees

A model meeting for rushees was conducted by Beta Tau, Beta Sigma Phi, at 8 p.m. Thursday, May 22, at the home of Mrs. Evelyn Newton, 3131 South Washington.

Guest speaker for the evening was Leon K. Whitney, speech therapist at the Crippled Children's Center, who was introduced by Mrs. Midge Baker. His topic was "The Education of the Mentally Deficient". He discussed teaching practical skills for everyday living, vocational success and attitudes for citizenship.

Mrs. Rosemary Cummings, president, conducted the business meeting. The Yardstick, a measure of the sorority's accomplishments during the past year, was filled out, and it was noted that the sorority had retained its three star rating.

Mrs. Betty Hicks gave a brief history of Beta Sigma Phi and told of Beta Tau activities.

Mrs. Betty Yates gave a talk on travel tips, based on an interview with a travel consultant.

Rushees signing pledges were: Mrs. Robert Nichols, Mrs. Edward Munson, Mrs. Gerald Cain, Mrs. John Marquess, Mrs. J. A. Visentin, Mrs. Robert Beykirch, Mrs. Ray Rodick, Mrs. Wayne Miller, Mrs. Robert Bader and Mrs. Robert Crabtree.

Refreshments were served by the hostess and co-hostess, Mrs. Midge Baker.

Regular meetings were adjourned for the summer until September.

Mr. and Mrs. E. R. Horner, 1521 West Main, announce the engagement of their daughter, Judith Jean, to Bobbie Dean McFatrich, son of Mr. and Mrs. H. M. McFatrich, 105 South Prospect.

McFatrich is in the Navy and is presently attending radio school in Norfolk, Va.

A fall wedding is being planned. (Lehmer Photo)

Mr. and Mrs. Lawrence Eckhoff, Cole Camp, announce the engagement and approaching marriage of their daughter, Elda Ruth, to Robert L. Bryson, son of Mrs. Mary Bryson, Route 1, and the late Roy L. Bryson.

The wedding will take place Sunday, June 29, at the Christ Lutheran Church, Stover.

(Greenwalt Photo)

Mr. and Mrs. Edward A. Laird, 1325 East Fifth, announce the engagement and approaching marriage of their daughter, Virginia Nell, to Allen R. Cusick, son of Mr. and Mrs. C. W. Cusick, 1308 East 11th.

The wedding is planned for Sunday, June 22.

(Lehmer Photo)

Mrs. William B. Lynch, 1405 South Warren, announces the engagement and approaching marriage of her daughter, Sandra Sue, to James F. Black son of Mr. and Mrs. C. F. Black, 1500 South Beacon.

The wedding will take place on June 21. (Lehmer Photo)

Tannery Worker Held In Death of His Son

BUFORD, Ga. (AP) — An unemployed tannery worker is in jail charged with involuntary manslaughter in the moonshine whisky death of his 10-year-old son.

Sheriff G. R. Leak said Felmer James, 42, is being held in $2,000 bond for grand jury action.

The sheriff said he signed the warrant Friday after the state crime laboratory reported that Ray James, a fifth grade pupil, had 0.31 per cent ethyl alcohol in his blood and that this was the cause of death.

James was in an intoxicated condition, Leak said, when he and the boy were found late Wednesday by searchers after they had been missing 28 hours.

Sheriff's Deputy Dan Cole said James denied he gave his son any whisky.

Mrs. Thomas E. Lightner

Wed In Double Ring Ceremony

At four o'clock Monday afternoon, May 19, Miss Marjorie Louise Bronson, daughter of John Bronson and Mrs. Marjorie Bronson, Sedalia, and A-2c Thomas E. Lightner, Whiteman Air Force Base, son of Mrs. Mirriam and the late Raymond Lightner, Lorain, O., were united in marriage at the sanctuary of the Broadway Presbyterian Church. The double ring ceremony was read by the Rev. D. Warren Neal.

The bride wore a gown of nylon and lace fashioned with a bouffant skirt of many tucks and lace. She wore a corsage of red roses. Her headdress was a small band of white nylon.

Miss Charlene Maness, Sedalia, was the bride's attendant. She wore a pink nylon dress styled with a bouffant skirt and a corsage of white roses. Her headdress was a band of pink nylon.

The groom's attendant was A-2c Harold R. Edward, Whiteman Air Force Base.

A reception was held at the bride's home, 1706 South Quincy, following the ceremony.

The bride is a graduate of Smith-Cotton High School, class of 1958.

The couple left for a wedding trip to Lorain, O.

Cradle Shower

Mrs. Milton Schlotzhauer, Jr., Pilot Grove, was honored with a cradle shower Wednesday afternoon, May 14, at the home of Mrs. W. W. Burger. The shower was given by members of the Mary-Martha Class of the Presbyterian Sunday School.

Small umbrellas, suspended from the ceiling, filled with pink and purple flowers, formed the decorations. Garden bouquets were used throughout the home. A pink umbrella concealing the gift of the class, when opened, showered the honoree with dollar bills.

Games were played and refreshments were served.

Guests were Mrs. Milton Schlotzhauer, Jr., Mrs. Virgil Doty, Bunceton, Mrs. Earl Lee Hayes, Mrs. Lee Wolfe, Mrs. Charles Schlotzhauer, Mrs. Glen Schlotzhauer, Mrs. Guy Long, Mrs. Elmer Horpham, Mrs. Leonard Long, Mrs. William Mullett, Mrs. A. G. Olson, Miss Lena Duermeyer, Mrs. Fred Hirst, Miss Mattie Stites, Mrs. E. J. Schilb, Mrs. L. H. Judy, Mrs. Robert Warnhoff, Mrs. J. D. Heinrich, Mrs. William Deck, Mrs A. Winkler and Mrs. George Harlan.

Miss Margie Schupp Exchanges Vows With Clifford D. Innes

Miss Margie Schupp, daughter of Mr. and Mrs. Harlan Schupp, Pilot Grove, and Clifford Dale Innes, son of Mr. and Mrs. Harwood Innes, Higbee, were united in marriage Saturday morning, May 10, at nine o'clock at the St. Martin's Catholic Church. The Rev. Jerome Jaworski performed the double ring ceremony before an altar decorated with spring flowers.

The traditional wedding music was played by the organist, Miss Clara Frances Wesselman, who also accompanied the soloist, Mrs. Roy Eichelberger, sister of the bride.

Billy Schupp, brother of the bride, and Jerry Gerling were mass servers.

The bride wore a floor length gown of white ruffled net and lace over bridal satin. The snug fitting bodice was fashioned with a scalloped neckline. The lace sleeves tapered to a point over the hands and fastened with tiny satin and lace covered buttons. A beaded headpiece held her fingertip veil of nylon tulle. She carried a white orchid attached to a white prayer book.

Mrs. Robert Zeller was matron of honor and Miss Alta Kay Innes, sister of the bridegroom, was bridesmaid. Their ballerina length gowns of light blue net and lace over taffeta were identically styled. The fitted strapless bodice was of lace accented with rows of net ruffles with which was worn a bolero jacket. The very full net skirt was worn over hoops with an overskirt of lace edged with two ruffles of net. As their headpiece each wore a band of nylon straw covered with small blue flowers. Each wore a blue necklace and earrings, gifts from the bride. Their colonial bouquets were of pink carnations.

As best man the groom chose Robert Kirby, St. Charles, and Larry Schupp, brother of the bride, was groomsman. Jerry Schupp and Cleve Hargis, Overland, ushered.

For her daughter's wedding, Mrs. Schupp chose a rose lace dress with white and navy accessories and white carnations. Mrs. Innes, mother of the bridegroom, wore a blue lace dress and a corsage of pink and white carnations. Mrs. J. F. Innes, the groom's grandmother, wore a dress of teal green and a corsage of white carnations.

A dinner was cerved following the ceremony at the Rod and Gun Club for the wedding party, family and immediate friends.

The linen covered table was centered with a three-tiered wedding cake topped with a miniature bridal couple, and flanked with tapers in crystal holders and arrangements of tulips.

Servers were Mrs. Henry Niederhelm, Miss Della Lammers, Mrs. Joe F. Lang, Mrs. William B. Lang, Mrs. Frances Kraus, Boonville, Mrs. Owen Brownfield, Pilot Grove, Miss Mary Ann Schupp, Blackwater, and Mrs. Cleve Hargis, Overland.

Mrs. Roy Eichelbrerger was in charge of the guest book.

A dance was given at the club at nine o'clock with the Lee Bryant orchestra, Sedalia, providing the music.

For traveling the bride chose a light brown suit with white accessories and a white orchid corsage.

Following a trip through Arkansas and southern Missouri they will reside on a farm east of Boonville.

The bride attended Pilot Grove High School and the groom attended Fayette High School.

Mr. and Mrs. Harry E. Harms

Sedalia, announce the engagement of their daughter LaVerne to Jack D. Rhodes, son of Mr. and Mrs. Homer Rhodes, Higginsville.

An August wedding is being planned. (Eickhoff - Meyer)

Your Wardrobe
by Frances Sagaloff at Sage's

LOOKING FOR A JOB

Many of you girls will be looking for your first job before long. Good grooming is very essential when you go to apply for a job as well as continuing the practice after you have acquired your position. First of all, wear a becoming simple suit, or a casual dress or smart separates. Be sure they are clean and nicely pressed. Have your hair shining clean and becomingly styled, but not exagerated. Use makeup but avoid having a heavy paste finish. Wear simple jewelry that will complete your outfit, yet not draw attention to any specific piece. Don't have long claw-like nails, especially if you are applying for office work. Keep them short, rounded and clean Wear shoes that are comfortable and smart-looking but not dancing shoes. Heavy perfume is not becoming especially early in the morning, so use delicate cologne. It is smart to go job hunting in the morning, don't stay long, and thank whomever you spoke to for their time. Good-grooming and being appropriately but not expensively dressed has helped acquire many a job, so check on yourself before starting out.

Mrs. Walter B. Loveland (Lehmer photo)

Double Ring Ceremony Unites W. Loveland, Miss Barbara Dunn

Miss Barbara Dunn, daughter of Mr. and Mrs. J. L. Dunn, Sedalia, became the bride of Walter B. Loveland, son of Mr. and Mrs. W. B. Loveland, Sedalia, on Saturday evening, May 24, at a seven o'clock candlelight service at the First Christian Church. The double ring ceremony was performed by the Rev. Harry Purviance, pastor of the church.

The sanctuary was banked with palms and lighted with fifteen branch swirling candelabras holding tall white tapers, with baskets of orchid and white gladiolis. The pews were marked with white satin bows.

Preceding the ceremony the organist, Mrs. H. O. Foraker, played traditional wedding music and accompanied John Farmer, Columbia, as he sang "Because" and during the ceremony the "Lord's Prayer".

The candles were lighted by Miss Lucille Kirly and Mrs. Bernice Gloth, Sedalia. They wore identical dresses of white dotted organza over lilac taffeta.

The bride who was given in marriage by her father chose for her wedding a gown of silk organza and Chantilly lace, fashioned with a sabrina neck line, sprinkled with irridescent sequins, and short shirred sleeves. Her gown, styled on princess lines, was enhanced with a front panel of Chantilly lace and the voluminous silk skirt featured a deep insert of Chantilly lace extending into a chapel sweep. She wore a queens crown of lace embroidered with seed pearls and sequins, to which was attached her fingertip veil of imported illusion edged in dainty french lace and encrusted with designs of sequins. She carried a cascade arrangement of variegated orchid and white carnations centered with a white orchid.

Miss Mary Sexton, Kansas City, was maid of honor and wore ballerina length dress of lilac silk organza over taffeta. Styled on princess lines with wide draped cowl neckline, the flaring skirt was gathered at the center back and finished with a bustle of organza. Her headdress was a small forward brim of matching lilac draped silk trimmed with pearls and circle face veil. She carried cascade bouquet of variegated orchid and white carnations centered with orchid carnations.

Mrs Susie Farmer, Columbia, cousin of the bride, and Miss Barbara Loveland, Sedalia, sister of the groom, were bridesmaids. They wore identical dresses and headpieces as the honor attendant. They carried cascade bouquets of orchid and white carnations.

Gary Cox, Lebanon, served as bestman. Groomsmen were Jamie Waller and Larry Englund, Sedalia. Ushers were Loyd Cunningham and Frank Reynolds, Sedalia.

Flower girls were Susan Kelley, Evansville, Ind., cousin of the bride, and Kim Cunningham, Sedalia, niece of the groom. They wore identical dresses in sheer white flocked nylon. The skirt was a tier of ruffles with bodice and yoke set off with a dainty trim of seed pearls. They carried nosegays of variegated orchid and white carnations.

The bride's mother wore a silver blue Dupuoni all silk sheath with harem draped overskirt. Her corsage was an orchid.

The groom's mother was attired in a navy lace dress and her corsage was an orchid.

Immediately after the ceremony a reception was held at the church. Mrs. Rowena Graves, Kansas City, Miss Zelda Taylor, Pleasant Hill, and Mrs. Sue Englund, Sedalia, served at the brides table. Mrs. Janet Roberts, Sedalia, presided at the guest book.

For going away attire, the bride wore green chemise with black patent accessories. After the wedding trip the couple will be at home at 520 South Barrett. Loveland will be employed with the Dunn Beverage Company.

The bride is a graduate of Smith-Cotton High School and has attended CMSC. For the past year she has been employed in the office of KU Medical Center, Kansas City, Kan.

The groom is a graduate of Smith - Cotton High School. He spent two years in the Marines and for the past year has been in Kansas City trade school.

Prior to her marriage Miss Dunn was honored with several showers.

On May 10th a shower was given by Mrs. Janet Roberts, Sedalia, and Miss Mary Sexton, Kansas City, at the Ragar residence.

Miss Barbara Loveland, sister of the groom, was hostess for a shower on May 17 at the Loveland residence.

On May 14th Mrs. Dunn's bridge club honored Miss Dunn with a gift and dinner at Flat Creek Inn.

Devolls Entertain With Family Dinner

Mr. and Mrs. H. B. Devoll, 611 North Grand, entertained with a family dinner Sunday, May 17, for their son, Henry B. Devoll, and family, who arrived from the Canal Zone for a nine-weeks vacation. They have been gone three years and four months. He is a postal clerk at Cristobal post office, Panama Canal Zone.

Attending the dinner were Mr. and Mrs. Henry Devoll and son, Hank Lee; Mr. and Mrs. J. B. Wheatley and family, James and Cathy, Sedalia Route 4, and Mr. and Mrs. Van White and children, Cinthy Lynn and Lonya Ann, 710 Wilkerson.

Mrs. White is a sister of Henry B. DeVoll and Mrs. White is a niece.

Mr. and Mrs. C. F. Kullman, Cole Camp, announce the engagement of their daughter, Flora Mae, to Sp/3 Forrest Lee Helt, son of Mrs. Henry D. Helt, 620 East 24th.

Wathel Neece Celebrates For Birthday

By Mrs. Leonard Phifer

WNIDSOR — Walthel Neece celebrated his 67th birthday Sunday. His son, Captain and Mrs. William H. Neece and family, who have been in Newfoundland, spent the day with Mr. and Mrs. Neece. Other visitors during the week were: Mr. and Mrs. Lewis Neiman, Pringan, Ia.; Mrs. Lucille Peeler, La Grange; Mrs. William Henry, Mr. and Mrs. Will Sorrels, Calhoun.

Mr. and Mrs. Wm. V. Kline, Linwood, Kan., spent Wednesday and Thursday here with Mr. and Mrs. Leonard Phifer and Carol Jane and Mr. and Mrs. Frank Jackson and other relatives.

Mr. and Mrs. William Rainwater and Linda, Independence, were Sunday visitors of Mr. and Mrs. S. W. Clark and Jo Ann.

Mr. and Mrs. Walter Dunn and Mrs. Mae Ira spent the weekend with Mr. and Mrs. C. F. Cole and Mr. and Mrs. Gene Wheatley, Lincoln.

Mr. and Mrs. Frank Paulus, Sedalia; Mr. and Mrs. Ralph Hagar and family, Clinton, spent Sunday with Mr. and Mrs. Austin Hagar.

Mr. and Mrs. Emmett Johnson, Kansas City, spent the weekend with Mr. and Mrs. S. R. Johnson.

Mrs. Anna Campbell spent the past week with R. B. Johnson and Mrs. Johnson, and her daughter, Mrs. Henry Spring and family, Calhoun.

Mrs. J. D. Eldridge left Sunday for Kansas City to spend a week with Mrs. Charles Miller and family.

Pretty Doctor Finds a Guide In Body Radar

INNSBRUCK, Austria (AP) — A pretty ,blonde doctor of philosophy has discovered that blind people "see" obstacles by means of body radar.

To find out, 22-year-old Helga Domes placed a blindfold over her eyes and for a month lived the life of a person without sight.

"I walked through the streets of Innsbruck for four weeks," she says, "I attended an opera performance and went out in the woods.

"I lived in a home for the blind and I learned their way of reading with their fingers."

Helga found herself being guided by what is called "long distance sense," a sort of body radar.

She says:

"I allowed myself to be guided by this sense. I could easily hear the sound waves reflected from obstacles. The sense worked by a sort of pressure behind the forehead as I approached an obstacle at about five feet.

"The sound waves were not only caused by noise, but also by air being thrown back from an obstacle, or even by light air movement."

Heiga, her sight cut off by seven layers of felt and motor cyclists' goggles, was a "guinea pig" of the Innsbruck Institute for Experimental Psychology.

To test her reaction, the scientists plastered her face, made her face muscles rigid by injections and clamped her nose. But it turned out that all this did not handicap her newly acquired "long distance sense." However, as soon as her ears were stuffed up, she lost the sense and knocked against the obstacles.

In the first week of the experiment, Helga "recognized" a wall at a distance of half a yard. In the fourth week, she was able to move without hesitation in a forest, her eyes bound up as usual, knocking against a tree.

The scientists said Helga had proved beyond doubt that "long distance sense" develops in blind people.

Helga also examined the psychological effects of blindness.

She said:

"A blind human being is suspicious. They have to rely on voices to judge people. Afterwards I often found out that I was 'cheated' by some voices. If I heard a high voice, I thought of a tall, thin person. Another time I thought the man I talked to was small, but I found out that he merely had crouched. Sometimes such things are done without purpose but result in a rousing perpetual suspicion in a blind person.

"You also become frightened. I was terrorized by the noise of small objects falling to the ground or by the barking of dogs. Small, everyday things became huge problems; if I forgot, for instance, to smell the tooth paste before using it, I brushed my teeth with face cream.

"When the experiment was over and I took off the goggles and the felt strip, I was not happy at first. The world appeared strange, colors too piercing and the mountains too high. Only 24 hours afterwards was I happy again to be able to see."

Pape-Olson Vows Solemnized In Double Ring Ceremony

At an altar banked with arrangements of white lilacs and pink tulips, Miss Myrna Pape, daughter of Mr. and Mrs. Louis Pape, Concordia, became the bride of Wendell Olson, Concordia, son of Walter Olson, Hughesville. The double ring ceremony was performed at half past six o'clock, Saturday evening, May 1, by the Rev. O. E. Heilman, pastor of St. Paul's Lutheran Church, Concordia.

The organist, Lois Heilman, played several selections of appropriate music and accompanied Gerald Fuchs as he sang "Wedding Prayer" and the "23rd Psalm."

Given in marriage by her father, the bride chose for her wedding a gown of Chantilly lace and gossamer tulle. The bodice, styled with a Sabrina neckline encrusted with sequins and pearls, had short lace sleeves with which were worn matching mitts. The bouffant skirt was fashioned with alternating tiers of ruffled lace and tulle extending into an aisle wide train in the back. Her French illusion veil fell from a pearl and tulle coronet. She carried a cascade bouquet of pink roses.

As her matron of honor the bride chose her sister, Mrs. Shirley Ziegelbein, Concordia. She wore a ballerina length gown of eyelet sheer. The bodice was designed with a square neckline, short sleeves and accented with bands of velvet from which fell long streamers onto the voluminous skirt. Her bouquet was of white carnations.

Miss Carol Pape, sister of the bride, Miss Morley Ann Rohman and Miss Cleora Wehrs, Columbia, were the bridesmaids. Their gowns were identical to the honor attendant's and their bouquets of white carnations.

Jerry Olson, brother of the groom, Hughesville, served as best man and Wilmer Ziegelbein, Eddie Schroeder, Sedalia, and Jason Chamberlain, Hughesville, were the groomsmen. Larry Olson, Hughesville, and Ronald Nolte, St. Louis, ushered.

Craig Alan Ziegelbein, son of Mr. and Mrs. Wilmer Ziegelbein, Concordia, was the ring bearer.

Mrs. Pape, mother of the bride, wore a green embroidered eyelet dress with white accessories and Mrs. Olson, mother of the groom, was attired in a gray nylon lace ensemble with white accessories. Both wore white corsages.

After the ceremony a reception was held at the VFW Hall with 300 guests present. The hall was decorated with arrangements of white lilacs and pink tulips.

Mrs. Raymond Bokelman and Mrs. Lavern Falk, Emma, were in charge of the guest book.

Following the reception the couple left for a wedding trip through southern Missouri. The bride wore a pastel blue ensemble with white accessories and corsage of pink roses. On return they will be at home in Concordia.

The bride attended Concordia High School and is employed at the Concordia Creamery Co. and the groom attenbed Hughesville High School and CMSC and is employed at the American Telephone and Telegraph Co., Concordia.

Sneaky Types

PONCA CITY, Okla. (AP) — L. H. Petree reported a new kind of sneak-thief to police.

He said two young men came to his home one evening with a small dog. One man said they hit the dog with their car and wondered if the Petrees owned the dog. He continued to keep Mrs. Petree in conversation for a long time while the other man disappeared.

Later, Petree discovered all the gasoline from his car had been siphoned by the second man.

Vassar College is named for Matthew Vassar who, in 1861, gave a large sum of money to found it.

Fur Strike Ends, Sealskin Sale Planned

ST. LOUIS (AP)—A strike which delayed The Fouke Fur Co.'s semi-annual auction of government sealskins has ended.

The company handles more than 90 per cent of the world's supply of the pelts.

A contract agreement was reached yesterday and the 200 striking production workers will return to work Monday. The employers are represented by the Meatcutters Union. They had been on strike since March 18.

The new contract calls for a wage increase of eight cents an hour this year and seven cents next year.

Doctors' New Building Open

Public Invited to Inspect New Facility at 700 South Limit

Sedalia takes another step forward today with the addition of another to a long list of modernistic buildings completed.

The new Doctors Building at 700 South Limit was actually occupied May 8; but some work remained and the "Open House" was delayed until today. The public has been invited to inspect the building from 1 p.m. to 4 p. m.

The building is unique in that it came out of the need for a centrally located medical facility, convenient to individuals requiring medical attention and complete with all the facilities necessary for thorough medical and dental treatment.

Four doctors and two dentists, who maintained separate offices and facilities downtown, pooled their interests and formed a corporation to construct the new building. It was pointed out however, that the men pooled their interests only for the construction of the building and the installation of equipment. Each doctor or dentist's practice is his own responsibility, and not the responsibility of the corporation.

Each doctor and each dentist has his own separate office. The dentist's offices, one in each of the two separate sections of the building, is equipped with the latest in dental equipment. There is a dental X-ray machine in each dentists office, to enable the dentist to make X-ray photos without using the building X-ray room.

The large X-ray room is located near the center of the building to make it available to all doctors and dentists needing larger photos than those made by the dental machines. The room is equipped with an X-ray table and provisions have been made to X-ray any part of the body. The room is lead-lined as a protection to patients as well as the expensive equipment.

There are two separate sections to the building, with two laboratories for research, and equipped with the necessary facilities for making various tests. These laboratories are located on each side of the building and are used by the doctors and dentists maintaining offices on that side. Nurses, aides and assistants keep the laboratories, as well as the rest of the building spotlessly clean at all times.

Doctor's offices are equipped with private consultation and examining rooms and a nurse is on hand to assist the doctor, keep records and medical charts on each patient treated.

There are two separate reception rooms, one for the offices on each side of the building.

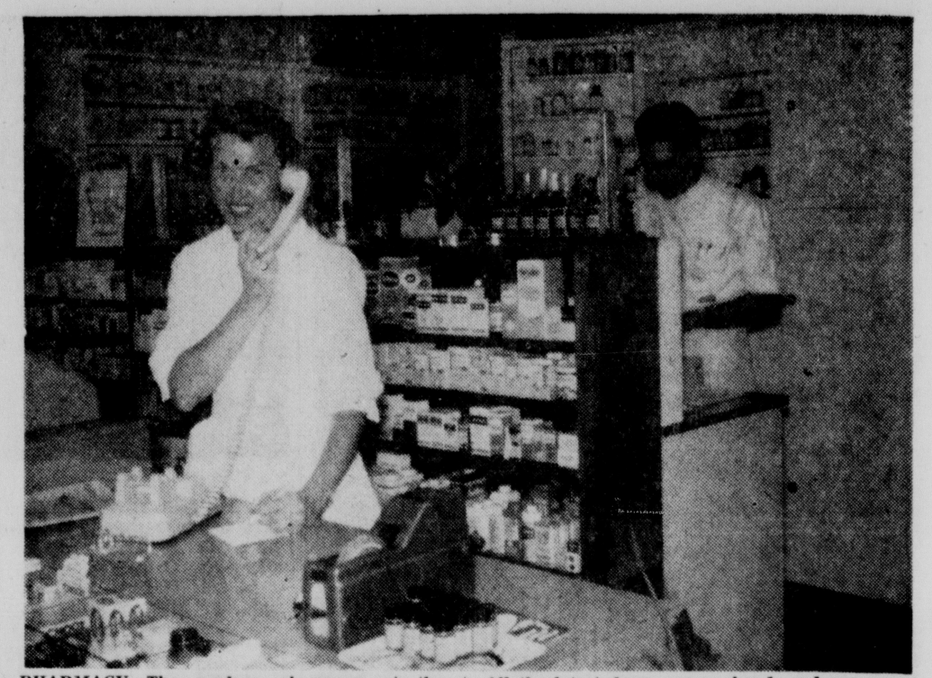
The only "outside" business conducted by the corporation is the modern pharmacy. It is staffed by a registered pharmacist, Ewing Gibson, and an assistant. The pharmacy is open to fill prescriptions for patients being treated and a full supply of drugs is on hand for the use of doctors and dentists practicing in the building. It is known as the Plaza Pharmacy. Gibson formerly was with the Bard Drug Co., although Bard's does not have any connection with the new pharmacy, contrary to previously published reports.

Doctors who are members of the corporation and who maintain offices in the building are Dr. David R. Edwards, Dr. Thomas J. Hopkins, Dr. Donald C. Proctor, Dr. Gordon Stauffacher. The dentists are Dr. Morrison E. Walters and Dr. O. J. Durnell.

The building was planned and built by Sedalians. As it is located out of the busy downtown business section, there is ample parking space for patients. Charles McMullin was the general contractor, and most of the work was subcontracted to other firms.

Jesse Anderson and LeRoy Moon did the concrete work with ready-mixed concrete furnished by Fischer's Concrete Service. Cover and Son did the excavation work, and the Looney-Bloess Lumber Co. furnished the lumber. Fingland's furnished and installed the glass and storm windows. Doty and Hall installed the masonry and the Sedalia Sheet Metal Co. installed the necessary sheet metal work. Perry Wolkey did the painting.

LABORATORY—Mrs. Ruth Combs, nurse to one of the doctors at the new Doctor's Building, at work in one of the modern laboratories available to doctors maintaining offices in the building. Here the nurses and laboratory workers work out various clinical tests, sterilize equipment and conduct other laboratory activities necessary in modern medical facilities.



PHARMACY—The modern pharmacy at the new Doctor's Building is as up-to-date as the latest downtown facility. It is available to all doctors and dentists with offices in the building. All the latest drugs are on hand, and are combined by registered pharmacist Ewing Gibson according to prescriptions issued by the doctors. Ruth Noel, at phone is his assistant.

Ionians Have Visitors Over The Weekend

By Mrs. Homer Howe

IONIA — Miss Edith Willis celebrated her 80th birthday Wednesday, May 7th. Her friends gave her a card shower and she received 79 cards.

David Williams, son of Mr. and Mrs. G. G. Williams, has enlisted in the army and left Wednesday for Fort Leonard Wood for training. David graduated from the Cole Camp High School with the class of 1957 and has attended CMSC at Warrensburg the past term.

Mr. and Mrs. Don Davis and family, Carrollton, visited Sunday with her father E. H. Boltz and Mrs. Boltz.

Mr. and Mrs. Jim Mantonya and family, Sedalia, who are making a visit with his mother Mrs. Edith Ruckert, Quincy, Ill., visited Sunday in the home of Mr. and Mrs. Elmer Swartzel.

Mr. and Mrs. Charles Andrews and Ricky, Columbia arrived on Thursday and are visiting Mr. and Mrs. Henry Ficken and Mrs. Anna Anton and other relatives.

Mr. and Mrs. Junior Mullens and family, Independence, visited Sunday with Mr. and Mrs. J. D. Friedly, Sr.

Mr. and Mrs. Ralph McCubbin and children, Lincoln, visited Sunday with Mr. and Mrs. Miles Neil. Mr. and Mrs. Roy Neil and daughter were also dinner guests.

Mr. and Mrs. Wilborn and Miss Ruth Pfaff attended church services at the Baptist Church in Windsor Sunday and the Knapp-Proctor family gathering at Windsor Park.

Mr. and Mrs. Melvin Ream and sons and Mrs. Helen Bucher, Green Ridge, visited Sunday with Miss Alberta Pfaff and Mrs. Theodora Howe.

Mr. and Mrs. J. C. Griffith had as dinner guests Sunday Mr. and Mrs. Floyd Tinker and children, Cole Camp, and Mr. and Mrs. Charles Canaday and daughters, Kansas City.

Mr. and Mrs. Elmer Gardner had all their children home Sunday, Mr. and Mrs. 'Gene Hanrahan, Kansas City, Mr. and Mrs. Finis Woolery, Sedalia, Mr. and Mrs. Lee Roy Pottoroff, Green Ridge, and their granddaughter Lybbie Jo Friedly, Kansas City.

Doris Jean Renfrow a student at CMSC, Warrensburg, visited over the weekend with her parents Mr. and Mrs. Oliver Renfrow.

Mr. and Mrs. Pete Goetz and family, Cole Camp, and Mr. and Mrs. Russel Elly and family, of Bethel, Kan., visited Saturday with Mr. and Mrs. T. D. Williams.

Mrs. Anna Anton entertained Thursday with a birthday supper honoring the birthdays of Charles Andrews and son Ricky whose birthdays occurred on the same day. Those present beside the honorees were: Mr. and Mrs. Henry Ficken, Curtis Ficken, Mr. and Mrs. John Ficken and children, Lincoln, Mr. and Mrs. William Ficken, Smithton, Mr. Harvey Ficken, Columbia, Miss Della Viebrock, Cole Camp, Mrs. Charles Andrews, Columbia, and Mrs. Lena Ahlers and Miss Minnie Schultz, Ionia.

Pavement Plato's Scrawls Show WWIII Is Unlikely

By HAL BOYLE

NEW YORK (AP) — Sidewalk scrawls of a Pavement Plato:

History can be a record of hysteria. It is unlikely that hysteria will momentarily cause World War III.

The spokesmen of the two major world powers — the United States and the U.S.S.R. — have been making angry noises at each other since the end of their mutual victory at the end of World War II.

Each probably feels himself bigger than he is —each is gnawed by inside as well as outside fears.

Each throws a larger shadow at the moment than either wants to have to live up to by force.

All around the world since the end of World War II people have looked at two menus—the bread they have, the bread they want.

In civilized as well as uncivilized countries the people have reached toward the bread they want. Their desire is the same. The method of reach varies. Agreement has made fewer headlines than violence. But has it given less bread?

Violence in human relations gives off a great boom in terms of sound. The real test in judging a change, is whether—after the echoes have died—the people who made the change feel it was worth the effort.

Would agreement without violence have cheated their dreams, their children, or themselves? This is the way to weigh war. Is the reward of going to it worth more than the cost of staying away from it?

In looking over previous civilizations and trying to figure out why they went to war, a Side-street Socrates, always asking questions, would have to query: "For this you were afraid?"

"Did you measure your tears? Did you go to war for a purpose or to escape from one boredom to another?"

"Why does peace lack the human cement of unity that war creates?"

I am optimist enough to feel in my heart and brains and bones that World War III isn't likely within 10 years.

Why?

Because:

1. The tumultuous reach for political liberty by the submerged people of this earth is balanced by the desire of the so-called civilized people for a higher standard of living.

2. At least for another decade the powers that can now precipitate a major conflict have more to gain by landscaping their own lawns than they do by trying to tear the other guy's house down. They all know this.

There is a reason under the sun to build, and this is the season. One repairs his roof after the last hurricane, even though there may be another.

I have a poor man's faith that the man in the world's street is as of now more lonesome for improvement than disaster.

Names Chairman To Watch Teamsters

WASHINGTON (AP)— Martin F. O'Donoghue, local lawyer who has represented the Teamsters Union, today was made chairman of the monitor board named by a federal court to watch Teamsters management.

The surprise choice was made by Federal Judge F. Dickenson Letts.

O'Donoghue represented the Teamsters in the early stages of a suit brought by a group of rank and file union members seeking to block James R. Hoffa from becoming Teamsters president.

Judge Letts set up the monitor system in a compromise of the suit. In that settlement, Hoffa took over the presidency and the three monitors were ordered to keep an eye on the situation to help insure there would be no corruption or dictator tactics.

The original monitor board chairman, former Municipal Judge Nathan Cayton, resigned last week on the ground of press of other business. He praised Hoffa and other Teamsters leaders for cooperating in helping correct various conditions within the truck drivers organization— the nation's biggest union with 1½ million members.

A woodchuck normally breathes about 30 times a minute. The rate jumps to 100 times a minute when the animal is excited but, in hibernation, one breath in five minutes suffices.

Zoo Bird Curator Happy Over Hoopoes

ST. LOUIS (AP) — The bird curator at the St. Louis Zoo is happy over hoopoes.

Two European hoopoes have been hatched at the zoo and the parents, cinnamon-colored birds about the size of a large thrush, are expecting three or four more.

"I've searched the bird books," curator Henry Sanders exclaimed happily. "There is nothing on hoppoes being hatched in captivity. Not even the period of incubation has been known. Now we can tell them — it is 16 days."

Gold was so plentiful in colonial Honduras that ranchers used it for hroeing their horses.

DENTIST'S OFFICE—Mrs. Ruth Morton, dental assistant to Dr. D. J. Durnell, is one of the persons who greet dental patients as they enter one of the dental offices in the new Doctor's Building. Here, dentists keep records of dental work done, appointment rosters and do general bookwork. Chairs are provided for patients who may have to wait.

THE BOSS' DESK — Mrs. Thelma Wickliffe, nurse at the new Doctor's Building, poses at the desk of one of the doctors to show off the modern office and equipment available to doctors maintaining offices in the building.

Sedalia CWO Gets New Mexico Duty

A Sedalia chief warrant officer recently returned from a three-year Army tour of duty in Germany, has been assigned to the mile-high, tri-Service military installation at Sandia Base, Albuquerque, N. M.

He is CWO William E. Ray, Jr., the son of Mrs. Effie D. Ray, 1700 South Moniteau Avenue.

At Sandia Base, CWO Ray resides with his wife, Laura, and children, Claudia Lee, 11, and Patricia Lynn, 5.

4-H Club Holds Regular Meeting

The Hughesville Happy Helpers 4-H met May 12 at the cafeteria with 20 members attending.

Plans for worship service were made. Because the group did not attend church on Rural Life Sunday it was decided to hold services at the Hughesville Happy Helpers roadside park.

Welcome Doctors —

We are happy to have you as neighbors. Congratulations on the completion of your new building. It is truly an asset to our growing, progressive city.

The Wheel Inn

RECORDS—Miss Emilie Brunjes and Mrs. D. Anderson maintain record files, make appointments and take care of other business matters pertaining to doctors maintaining offices in the new Doctor's Building. The office is centrally located to be easily accessable to doctors and patients alike.

MODERN EQUIPMENT—The interior of one of the dental offices at the Doctor's Building is filled with some of the most modern equipment available. Mrs. Carolyn Jenkins, dental assistant to Dr. M. E. Walters, adjusts the dental chair for a patient. Upper left is a dental X-Ray machine which can be used on a moment's notice without having the patient get out of the chair and go to the regular X-Ray room. Each dental office is equipped with one of the machines.

Anything Can Happen Amid Bangkok's Myriad Temples

BANGKOK, Thailand (AP) — Anything can happen among Bangkok's hundreds of green-topped canals and golden-spired Buddhist temples.

In this strangely exotic land of 22 million, including 250,000 monks, a military dictatorship has reigned almost continuously for 25 years with only a few face changes, primarily because it has been responsive to public opinion.

Despite the generally high cost of living, Thailand continues to be a favorite stop for foreigners. Almost 75,000 people visited Bangkok last year. Airline and travel agents expect the influx to double or triple with the introduction of jet commercial airliners in 1960.

The Thais so far have done little to prepare for the anticipated increase of visitors. There are only about half a dozen adequate hotels and they are usually full.

Bangkok is also a big center for diplomatic activity. Great Britain, the United States, the Soviet Union, France and Japan maintain large embassies here. Bangkok is the regional Asian headquarters for many U.N. organizations.

In Chinatown, gold shops do a thriving business in earrings, rings and bracelets, primarily because the Thais and Chinese still believe it is wiser to put their savings in gold than in banks.

Buying in Bangkok goes hand-in-hand with music appreciation. The Thais and Chinese believe there is nothing like good, loud music to lure the customers into their shops.

If it's precious stones you're looking for, you may have to wade through the first movement of Tchaikovsky's piano concerto blaring from the shop front. But if you want ivory, leather goods manufactured from crocodile or snake skin, bronze or sterling, you may have to fight off a couple of choruses of "Get my Blue Suede Shoes."

Some slickly combed lad may sidle up and offer to be your guide for the day. More than likely he will want to introduce you to the brassy cabarets, the smoky opium dens—or perhaps if you haven't seen an unexpurgated copy of 'Lady Chatterly's Lover" lately.

In Thailand, which literally means "Land of the Free," you can get anything—for a price.

Methodist Circles Meet for Luncheon

The Mildred Wright and Sally Gray Circles of the Windsor Methodist Church met in Wesley Hall Friday afternoon for a one o'clock luncheon. After the luncheon each circle held a short business session with Mrs. Lyman Avery, co-captain and Mrs. Ellis Huston, captain, presiding.

Mrs. J. O. Fetters played the organ while the group assembled in the sanctuary at 2 o'clock for the program. Mrs. Huston was in charge and presented Mrs. Lloyd Merryfield who sang a solo accompanied by Mrs. Fetters.

Mrs. George Hart, Jr., Clinton, district president of the WSCS, gave a very inspirational talk on "What is your Talent?"

A gift was presented to her from the society.

Music Festival Is Presented At Green Ridge School

The annual spring music festival of Green Ridge school was presented recently with Miss Lois Behrens in charge.

The glee club, sang several numbers and the first grade sang "Blowing Bubbles".

A style show presented by the second grade added a humorous touch.

The first and second year home economics girls modeled the dresses they made this year.

The third and fourth grade boys gave an original Mickey Mouse parade and the third and fourth grade girls acted as stars while the sophomore sextette sang, "Stars Are The Windows Of Heaven".

The senior sextette sang "Side by Side" and "When Children Do Not Pray".

The program concluded with a maypole dance by the fifth and sixth grade.

Repairs Easily

Handyman Can Handle Job Of Installing Roll Roofing

By MR. FIX
Distributed by NEA Service

If you have a flat-roofed garage, porch or car port covered with roll roofing, its maintenance is a chore that you can handle. A "flat" roof usually has a slope of about ¼ inch per foot to permit rain runoff, so you'll hardly need mountain - goat agility to tackle the job. Just watch your step.

HERE'S HOW:

Some people follow a yearly program of coating the entire roof with asbestos roof coating whether or not the impregnated felt needs renewing. On older roofs, where tiny cracks are likely to be numerous, this is a wise plan. The liquid coating is easily applied with a long - handled brush or an old broom.

LEAKS DEVELOP usually when minor cracks in roll roofing are neglected.

Occasionally, you may find a place where the roofing is beginning to bulge.

Cut the roofing at that point so that it can be flattened. Then cut a new piece of roofing that is larger than the area to be repaired.

Remove fragments of old roofing at point of damage.

It may be necessary to remove a small strip if the roofing is to lie perfectly flat. Trowel some heavy cement over the slit. Spread generously.

While the cement is still wet, place the previously cut patch of roll roofing over the spot. Press firmly, making the patch as smooth as possible.

Nail the edges of the patch. Use galvanized or some other non-rusting nail. Once the patch is nailed in place, cover the edges with more cement. Cover nail-heads, too.

Smaller cracks can be repaired with heavy roof cement alone. Trowel in plenty to fill the crack and coat the area around it.

LEAKS CAN DEVELOP along the edges of a porch roof, where it meets the house. A coating of cement along both edges of the flashing at the joint will cure your troubles. A crack in the flashing can be filled with cement.

If a portion of the flashing is damaged, try improvising a repair to save cost of replacement.

A piece of sheet metal or roll roofing cut the same width as the old flashing will make a good patch.

Cut the patch longer than the part to be replaced so that it overlaps the good flashing. Apply plenty of cement over, under and around the patch.

Secure firmly with rustproof nails and cover their heads with cement.

Worksaver: Pick a relatively cool, calm day in which to work. The hot sun keeps the cement from drying, makes your work slower.

Easy to Make

Loose Blocks Make Patio For Small Outlay of Money

Sand base and fill between stones makes an acceptable substitute for concrete in this budget-designed patio floor.

By MR. FIX
Distributed by NEA Service

A patio made of loose blocks or bricks is fairly easy to put in and yields much pleasure for the small outlay of cash involved. In spite of its semipermanent nature, it holds up remarkably well.

Growth in popularity of such installations is due to two things: no skilled work such as cement finishing is required and you don't need a large crew to complete the job.

There are special patio blocks made for the purpose. You can, of course, use building brick, new or used, two or three-inch-thick slabs of tree trunks, stone or broken cement from an old sidewalk.

Cost of the project depends entirely on the material you choose.

First of all, plan the location of your patio or terrace. By placing it right behind the house you will have one solid wall against which you can build your patio.

If you ever wish to place an awning or roof over it, the chief support of such a feature is already provided. A garage wall also serves as a good base line for your planning.

You may want to relocate rubbish and garbage containers. If that isn't possible you should think about a fence or hedge to form a screen.

Next, determine the size. Plan how much lawn furniture you intend to put on it. Put these things out int he area.

It's easier to visualize how much space you'll need.

If you're using bricks or blocks, adjust the dimensions so that they will be even multiples of units you are using. This will avoid having to break material to size. If you are using flagstone broken pavement this isn't necessary.

Once size and location are determined, dig out the earth to a depth that equals the thickness of your material plus about two inches more for a bed of sand.

This is necessary if you want a patio flush with ground level.

If not, simply turn the topsoil and grass over, level, and proceed from there.

If you don't dig down for your patio you'll have to plan on some barrier to keep sand and bricks or blocks in place. Bricks set on end in narrow trench or redwood strips held in place with redwood stakes are but two suggested ways to solve the problem.

Spread sand about two inches deep and rake level. Then lay the blocks as close to each other as you can. Check frequently with a level.

Once all blocks are in place and firmly anchored around patio's perimeter—strips or stakes are a good idea even with a ground-level patio—sweep sand into the crevices.

With a fine spray from your garden hose, wet down the area. When dry, sweep in a little more sand.

You'll find that the blocks are quite firm.

The ground-level patio is more solid, of course, than is one above ground. Either can be repaired or rearranged at will.

Should Head All Directions In Making Scratch Repairs

By ANDREW C. LANG

Question: Our dining room table is made of light birch. It had a long scratch on it and I bought a tube of furniture scratch remover and rubbed it over the scratch according to directions. It filled the sratch all right but left it much darker than the rest of the table top. I don't want to fool around with it any more for fear that I will make it worse. What is your advice?

Answer: If you don't want to "fool around with it any more," I can offer you no advice except to have a professional take care of it. It is my guess that you failed to read the directions on the tube, which probably said not to use the material on light furniture. There are scratch removers made just for light finishes. If you have the courage to try again, dig out the old scratch remover with a razor blade or sharp knife, working very carefully. Then use the type of remover for light finishes . . . or fill the scratch with clear shellac, applied with a tiny artist's brush . . . or refinish the entire table top. Maybe you're right; maybe you'd better not fool around with it any longer.

Question: A brownish - yellow streak has appeared lengthwise on our ceiling, which is made of plasterboard. This is the second time the streak has appeared, each time about a year after painting. Can you tell me what is causing this? There is an unfinished attic over the ceiling.

Answer: Moisture, carrying with it rust, asphalt or wood sap, is causing the streak. Have you made a thorough inspection of the beams and the peak of the roof, carefully looking for any discoloration that might be the tipoff? In any case, a length of aluminum foil should be placed between the beams under the attic floor, directly above the streak. The foil should be used in its full width, either one or 2 feet wide. But, while this might prevent the streak, you'd still be wise to try to find the source of the moisture.

Question: I am having a house built this summer. My contractor says that No. 3 grade framing lumber will be good enough. I am willing to spend a little more for better-rade lumber, but he says it is not necessary. Is he right?

Answer: You will always save money in buying any kind of lumber by using the lowest grade that will perform the job satisfactorily. No. 3 grade framing—or dimension—lumber is very strong and is, in fact, recommended by lumbermen's associations for most purposes in one-story houses. In a two-story houe, No. 2 lumber is usually used for the studding on the ground floor, No. 3 for the studding on the top floor. Your contractor is giving you good information.

Repairman Is Considered In New Designs

By VIVIAN BROWN
AP Newsfeatures Writer

Appliance repair men can come out of hiding, toss their crutches into the woodpile and throw away the horse linament. They won't have to move a half-ton of washer and dryer to get at the nub of a thump-thump. The word from designer Carl Sundberg of Detroit, half of one of the nation's top design teams, is that new appliances will be designed for easy repair.

"Designers didn't realize how complex some appliances like washing machines were becoming. We just went along putting the mechanical parts in the same old inaccessible place, but now we realize that appliance servicing must be considered when designing new appliances."

This is good news for housewives who wait weeks for the appliance men to show up, and then pay through the nose for labor involved in prying a 500-pound washing machine loose from a corner.

There will be other bugs ironed out by Sundberg who says his own kitchen is useful for the purpose, and his wife "like any other woman" is all too willing to complain about the cheap little plastic gizmos that find their way into expensive refrigerators, and the other booby traps that have soured the housewife on big appliances.

"Fabulous built-in kitchens that one sees in ads represent only about 5 or 10 per cent of the appliance business," Sundberg says. "Designers must be more practical. What is needed? What makes sense? What can the house wife afford? Those are the questions the designer must answer on the drawing board."

Women want that build-in look, but they know it is not practical, "so we design kitchens that look

built in but are free standing and easy to change, one reason why the shape of appliances has taken on the architectural square look," he says.

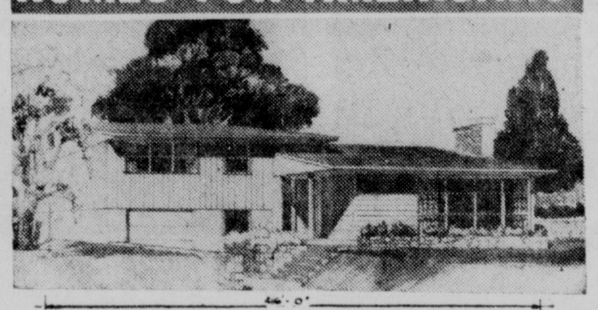
Sundberg sees time-saving electronic cooking in the near future because it helps eliminate kitchen smells, and makes the kitchen less of a work shop, integrating it with the living area.

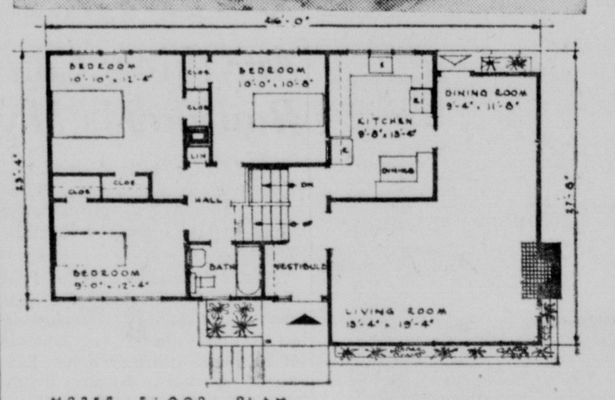
"The housewife," he says, "may take orders at the table after the family sits down for the meal, and cook it before the family's eyes in a matter of minutes. It'll be hot too, when she serves it."

His kitchen of tomorrow now touring the country has some dream features like food warming compartments built into the dining table, electronic oven that cooks by microwaves, console control table that allows the housewife push-button control of various appliances, built-in vegetable peeler, slicer, dicer, remote control vacuum cleaner that may be sent sweeping around a room from that same control panel, adjustable ceiling lights that may be revolved to produce light in different color ranges to suit the mode, and color of the feed.

"The recession has had one bright spot for the housewife," Sundberg says. "It has made manufacturers accellerate their programs to tickle the imaginations of the buying public, one reason why you'll get refrigerators and ranges in 1959 that were planned originally for 1965 delivery."

HOMES FOR AMERICANS





A SPLIT LEVEL HOUSE with a partial basement, this plan provides for a combination living-dining room, kitchen, three bedrooms and a bath on the main level and a garage, laundry, storage and furnace room on the lower area. The dimensions of the house are 46 by 27 feet 8 inches and its square footage is 1,140 excluding the lower level. The plan, HA32-D, is by Architect M. G. Dixon, 530 Highland Avenue, Ottawa, Ontario, Canada.

Trellis Planter Encourages Growth, Neat Arrangement

By VIVIAN BROWN
AP Newsfeatures Writer

If you like plants but can't quite keep them under control, consider making a trellis planter. There are several advantages to the planter: (1) it will offer your plants a leaning post to encourage growth and (2) keep them in a neat arrangement. It may be an ideal screen for the summer fireplace, or an addition to a window sill, picture window or porch.

Start with a wooden flower box, the required length for the area you wish to decorate, making frame and planter of redwood, fir, pine or what have you. If it is to be used indoors, give the box several coats of thinned shellac or paint it.

After the box area is set, make uprights for the side of the box, depending on the height you want, using a frame of 1 by 3 inch wood, and joining it by a bar across the top, placing eyelets about 6 inches apart across the bar.

Place the eyelets the same distance apart on the length of one side of the box. Rope or nylon clothesline may be laced in an X design along the flower box from the top row of eyelets to the row along the rim of the box. You may open the eyelets with pliers for easier lacing.

Line the box with tinfoil and set the plants in it right in their own clay pots, adding more soil to bring the planter to a level to conceal the pots.

A pretty arrangement may combine variegated ivy that climbs up the trellis with geraniums. Begonias and philodendron make another attractive combination. A background of ivy may be cultivated to a massive display with plants in the foreground changed to suit seasonal moods. African violets, dwarf marigold, dwarf zinnias, ageratum, petunias and bleeding hearts may offer variety with climbing plants for handsome displays.

Pop Fills In

OKLAHOMA CITY (AP) — Mrs. Glen Curry decided to go ahead with the baby shower for Mrs. Charles Heinen even though the stork arrived a day before the time set for the party.

Standing in for the guest of honor was the father, who kept the women amused trying on the presents. "I had already ordered my cakes and ice cream and my friends told me I was silly not to go ahead with the shower," Mrs. Curry explained. The party was a complete success.

Linkletter Says US Is Holding Own

HOLLYWOOD (AP)—Art Linkletter, first American entertainer to return from the Brussels Worlds Fair, says we're holding our own against the free-spending Russians.

Though the Russian exhibit is much bigger and costlier, the United States entry is doing as good a job, he remarked.

"The Russian building is overpowering in its size," said Linkletter. "There are displays of tremendous machinery and propaganda slogans everywhere. It is effective in its way.

"But I think our building does a fine job. There have been some complaints about what has been selected, but that's natural. American means something different to every American.

"We haven't tried to overpower the Fair visitors. For instance,

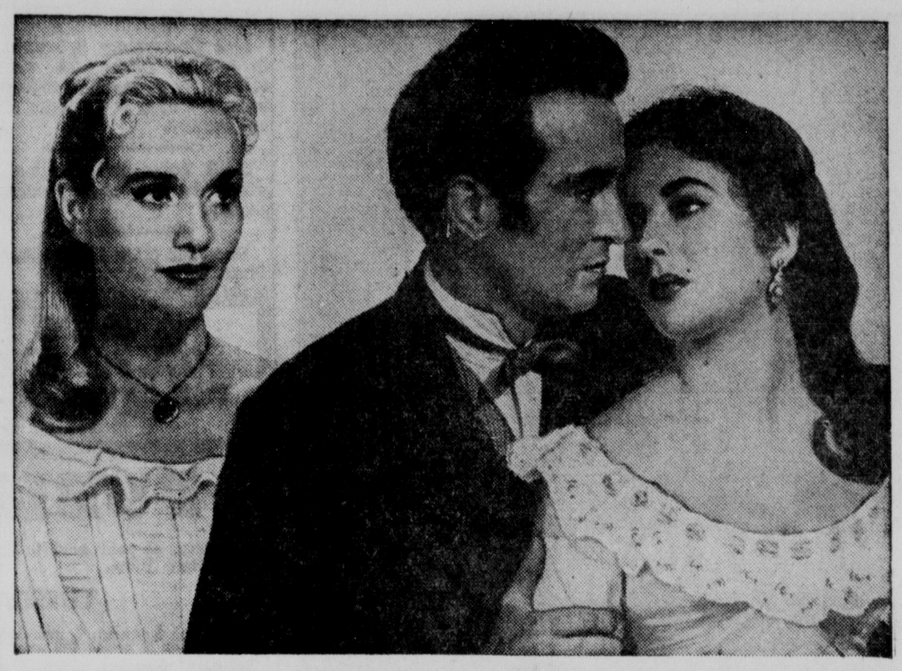
"There have been complaints about the food we are serving—hot dogs, hamburgers, cheese cake, etc. But I see nothing wrong with that. Why should we have a swank restaurant, as the other nations do? We couldn't outdo them in excellence of food. Nor could we serve as many people as we're doing now."

Linkletter spent three days at the Fair, filming segments for his 'People are Funny" and "Houseparty" TV shows. But he's no sketchy viewer of fairs. Art helped stage the San Francisco and San Diego Worlds Fairs, assisted with those at Houston, Dallas and Cleveland.

"So I know what I'm talking about," he said. "I viewed the Brussels Fair with an eye toward ease of handling a volume of visitors, etc. And I must say that the Belgians have done a fantastic job. It is one of the best operated fairs I have ever seen."

It would be a crying shame, he added, if the whole thing is torn down as scheduled at the end of the exposition.

"The buildings could be permanent attractions," he said. "We have the only big theater in the Fair, and it is a magnificent place. It could be a real showplace for years to come."



Montgomery Clift, Elizabeth Taylor and Eva Marie Saint head a cast of hundreds (there are 119 speaking roles) in this multi-million dollar production of "RAINTREE COUNTY," which opens today at the new UPTOWN THEATRE. This picture introduces the revolutionary M-G-M Camera 65 called "the window of the world", and filmed on locations in Kentucky, Tennessee, Louisiana, and Mississippi. This spectacular picture is based on the prize winning novel, unfolding an epic story of America's growth before, during and after the civil war, "RAINTREE COUNTY," is a technicolor production showing continuous from 2:00 P.M. Today.

Marlon Brando plays an officer in the German Army, and May Britt, a new Swedish discovery, plays the seductive wife of his superior in Twentieth Century-Fox's CinemaScope drama, "The Young Lions," opening today at the Fox Theatre. Montgomery Clift, Dean Martin, Hope Lange and Barbara Rush are co-starred.

Ferguson Is Misleading On Television

NEW YORK (AP) — One of the most misleading characters on television is a bearded, bright-eyed idiot in a derby hat who passes himself off by the name of Sydney Ferguson.

It's rather astonishing to learn that there are many people who fail to recognize him for what he is: Skitch Henderson, jazz virtuoso, musical classicist, composer, distinguished conductor of symphonic orchestras.

As Ferguson, he is frequently the subject of "man on the street" interviews on the Steve Allen Show. As Henderson, his life is infinitely wiser, richer and more worthwhile.

Ferguson doubtless never heard of Van Cliburn, the young American pianist who recently won the Tschaikowsky competition in Moscow. But Henderson knows him well, has encouraged him in his career. As musical director of the Allen Show, he phoned him in Moscow after he won the competition and said, in effect, how about appearing on the program when he returned home?

"There was a moment of silence that might have been caused by a bad connection, but probably wasn't," Henderson recalled the other day. "Then Cliburn was a little merry at the expense we paid him on the old 'Tonight' show. In those days when we didn't have any budget to speak of and Cliburn was a most promising student Steve and I paid him 75 bucks to appear. I also believe I took him to dinner."

To come right out with it, Cliburn will appear on the Allen Show Sunday and play the last movement of Tschaikowsky's famed Piano Concerto. Henderson's bearded lips are sealed on the amount he will receive, but a wise guess from trade sources is that it will run about 100 times the amount he received on his previous TV appearance on the "Tonight" show.

Because there's as much of the artist as the popular performer in Henderson it's natural to ask him if he'd change places with Cliburn today.

"In one word," he replied, "never. When he comes home he faces the grimmest test any man can face. He faces the New York critics. He must have good reviews in New York. His greatest ally in the contest for musical longevity is his youth."

FLYINGEST WOMAN — With more than six million miles in her flight log and a fast new airplane bearing her name, Mary O'Connor, of Chicago, merits the title as the world's "flyingest woman." Mary began her career as a United Air Lines stewardess on May 18, 1933. Her first flight was aboard a 10-passenger Ford Tri-motor between Chicago and New York. Today, 25 years later, she "keeps house" in a specially designed twin-engine plane which cruises at 270 miles an hour.

Esther Circle Meets With Mrs. Harding

Mrs. Mac Harding was hostess to the members of the Esther Circle of the Green Ridge Presbyterian Church, Thursday afternoon, May 15.

The circle chairman, Mrs. Gertrude Helman, opened the meeting by reading "A Prayer of Guidance". Mrs. J. M. Palmer distributed cut out skirts and blouses for girls 10 to 14 years of age to be seamed and sent to a Presbyterian Day School for Indian children in Arizona, which is a project of the circle.

Mrs. Edna Ryan presented an interesting Bible lesson, "Luke the Musician".

The program, "The Way and the Ways", was given by Mrs. L. H. Wadleigh.

Mrs. Sam Anderson will be hostess in June.

Refreshments were served during the social hour.

'Color In The Home' Demonstrated At Extension Meeting

Mrs. Milton Schlotzhauer, Pilot Grove, was hostess to the members of the Opti-Mrs. Extension Club Wednesday afternoon, May 7. Guests were Mrs. Leonard Brownfield, Mrs. Milton Schlotzhauer Jr. and Mrs. Glen Schlotzhauer and son.

The hostess gave the devotional and roll was answered by naming a health habit practiced. A contribution was taken for Mercy Hospital and a discussion on 4-H projects was held. Mrs. Ralph Schmedake gave a talk and demonstration on "Color in the Home." Mrs. J. H. Coleman read the newsletter and the president, Mrs. Fred Hirst, presented Mrs. Schlotzhauer, who honored the charter members—Mrs. Less Babbitt, Mrs. L. Brownfield, Mrs. John Neckerman, Mrs. Herbert Meyer, Mrs. William Schlotzhauer, Mrs. Charles Schlotzhauer, Mrs. Lee Wolfe, Mrs. Will Schneider and Mrs. Milton Schlotzhauer, Jr.

Mrs. Herbert Schlotzhauer will be the hostess for June.

The bite of the short-tailed shrew is poisonous, due to a secretion in the salivary glands.

Extension Club Meets With Mrs. Curtis

Mrs. W. P. Engle, 87, Claremore, Okla., has been visiting relatives in Sedalia and Marshall since Easter.

Before returning by plane to her home next Sunday, Mrs. Engle wanted to do something special for her great grandchildren here. She planned and gave a party for them Monday evening at the home of Mr. and Mrs. Jerry L. Engle, 2503 Wing.

The candle-lighted table had a favor at each place. Presenting each guest with a gift, Mrs. Engle explained the purpose of the party.

Refreshments were served to Gene Ray and Jerry Austin, Christy, Teddy and Kurt Engle. Bill Engle, visiting in Marshall, and Tom Austin were unable to attend. Mrs. R. W. Austin and Mr. and Mrs. Jerry Engle assisted.

The children sang and a group picture was taken.

Mrs. Engle has nine grandchildren, 20 great grandchildren, and five great-great-grandchildren living.

Lions Zone Meeting Held at California

A zone meeting of the Lions Clubs was held on Monday night May 12, at the Methodist Church in California. Club representatives were present from Jefferson City, Russelville, Fulton, Tipton and Jamestown. The ladies of the Lions were also guests for the meeting and ham dinner. Talks were given by the honorary guests present. A quartette composed of Mrs. C. B. Butts, Mrs. Don Moore, Mrs. Forrest Katschman and Mrs. Jack P. Crawford rendered two selections. A short talk was given by the Rev. R. W. Furkins, pastor of the Presbyterian Church of California.

Majority Vs. Plurality

In an election, a majority is more than half the total votes cast for all the candidates for that particular office; a plurality is an excess of votes over the number for the next opponent.

"Listen Edna, please don't say anything to anybody yet, but...
"You know those appliances that I've been dying for . . . well, Harry says we've saved enough money and I can go out and buy them tomorrow. Really, Edna, Harry is so smart! A year ago, he explained that in any well-run business, a part of the income is put back into the business itself for future improvements. So, we set up a savings plan—regular savings from Harry's salary, and savings I made on running the household. And Edna, we got a lot of help from our Insured Savings and Loan Association. We started saving there because we know our money is safe and carefully managed—and we get good returns. Our money is insured, too! Really, it's the most popular place to save nowadays."
For a new kind of family peace of mind . . . why don't *you* open a savings account first thing at our Association where savings are insured up to $10,000 by the Federal Savings and Loan Insurance Corporation—an agency of the U. S. Government.

Ike Recommends Daring

Rising Cost of Living Plague Worse Than Work Cutback

By SAM DAWSON

NEW YORK (AP)—The still rising cost of living plagues more people than its strange stable mate, the slowdown in industrial output.

And President Eisenhower has warned a gathering of leading industrialists against going along with the theory that just because prices have kept rising steadily for so long "the consumer is not price conscious anymore."

He also has reminded them that the nation's great economic strides in the past were due to 'the daring of this nation's businessmen in pricing for volume and taking their chances on profits."

Others have gone much further along this road than the President.

Some have criticized the pricing policies of industry, holding that liberal wage raises were handed out freely because management felt prices could be hiked without any protest from the consumers.

Some doubt if the industrial recession will be licked until the cost of living comes down enough to let people buy again.

The government's consumer price index, due shortly, is expected to show another rise, with food prices still high and the cost of services continuing its slow but steady rise.

But cracks in the price structure are beginning to show. They have come in industrial materials which many companies can get now for less than they had to pay a while back.

Lately, weakness in sales volume has brought some changes. There have been a few price cuts, but mostly the price concessioss have taken the form of discounts or the dropping of extra charges or cutting the costs of services.

At the retail level lower prices, when they happened, were mostly at the expense of the merchant's profit margin or in spcial sales promotions. Consumers have found that shopping around often turned up bargains.

Most makers of consumer durables have insisted that sales weakness for their products hasn't been due to higher prices. But the search for other reasons hasn't been entirely convincing either.

So perhaps President Eisenhower was saying more than just a truism when he reminded his businsesman audience that "a price policy designed to bring increasing volume should be nothing short of an article of faith for every business man."

Rooney Finds Gang Missing At MGM Lot

By BOB THOMAS

HOLLYWOOD (AP)—"It gives me a strange feeling to be back at this studio," said Mickey Rooney as he was driven onto the MGM lot.

"I still expect L. B. Mayer to be walking down the street, or to see Joan Crawford or Clark Gable or Spence Tracy. But they aren't here any more. None of the old gang is here any more."

Despite the thinning of the star ranks, Mickey says MGM will be coming back strong. And he's doing his bit to help the recovery.

He has returned to the home grounds in the role that made him the No. 1 box office star in his youth. "Andy Hardy Goes Home" revives the fabulous series that was the most successful in film history.

Mick returns not merely as a star, but as a partner. His Fryman Productions, named after the street where he lives, owns 50 per cent of the film.

Does this mean the Hardy series will keep going?

"We'll wait and see how this one goes," he said. "What we'd like to do is make two of them a year back to back. We could film two of them in 20 days, then space out their release."

It seems incredible that two films could be made in 20 days but he explained that he's making the current one in slightly over 11. That's due to the skillful planning of his manager and producer, Red Doff, and fast-shooting director Howard Koch.

"We're making the picture for $301,000," said producer Doff. "That includes the overhead. MGM is wondering how we can do it. Within one month, we will have moved on the lot, made the picture and moved off."

"But the quality is there," Mick added. "We're getting some wonderful stuff from my son Teddy, who plays Andy Hardy's son, and from Johnny Weissmuller Jr."

Also in the film are the Hardy family regulars: Fay Holden, Cecilia Parker and Sara Haden. The late Lewis Stone will be represented by an oil painting of Judge Hardy. And there will be flashbacks showing Andy's onetime girl friends—Lana Turner, Judy Garland and Esther Williams.

Sedalian Attends Religious Retreat

Pfc. Joseph O. Sands, whose wife, Virginia, lives at 804 West Third, recently attended a religious retreat at the Army's European retreat site in Berchtesgaden, Germany.

Protestant, Catholic and Jewish chaplains alternate planning the program of lectures, conferences and services.

Sands is regularly assigned as a cook in the 97th Signal Battalion in Bobeling, Germany. He entered the Army in April, 1957, and completed basic training at Ft. Carson, Colo.

The 23-year-old soldier is a '52 graduate of Smith-Cotton High School. His mother, Mrs. Nona Sands, lives at 219 East Chestnut.

The United States Air Force uses nearly 4,000,000 gallons of fuel every day.

Mrs. Upton Hostess To Miriam Circle

Mrs. Robert Upton was hostess to the Miriam Circle of the Green Ridge Presbyterian Church Thursday afternoon, May 15.

In the absence of the circle chairman, Mrs. Loy Smith presided and opened the meeting with two poems, "Spring House Cleaning" and "God Answers Prayers."

Mrs. Virgil Oglevie presented the devotional, "Dr. Luke the Musician," and Mrs. Loy Smith presented the program, "The Way and the Ways."

During the business session plans were discussed for serving the Green Ridge Chamber of Commerce banquet which the Miriam circle will help to serve on Friday evening, May 23.

As a project for the church bazaar, pillow cases were distributed to be embroidered.

Mrs. Mattie Myers will be the June hostess and Mrs. W. L. Brown will have the devotional.

Refreshments were served during the social hour.

Eleven of 12 Children At Picnic Dinner

By Mrs. B. A. Bridges

SYRACUSE — A family dinner was held on Mother's Day at the home of Mr. and Mrs. Forrest Williams honoring their son, Mr. and Mrs. Otto Williams, and children, Warwick, Va., who are on vacation and also in observance of Mother's Day. Of Mr. and Mrs. Williams 12 childrne, 11 were present. A contributive dinner was served picnic style to 60 guests. Present were Mr. and Mrs. Otto Williams; Mr. and Mrs. Norman Williams and family, Council Grove, Kan.; Mr. and Mrs. Fred Yonce, Mrs. Dorothy Hanley, Sedalia; Mr. and Mrs. Vernon Williams and family, Mr. and Mrs. John Arnold and family, Mr. and Mrs. Charles Rowles, Mr. and Mrs. Donald Doyle and son, Tipton; Mr. and Mrs. John Arnold, California; Mr. and Mrs. Lee Williams and family, Mr. and Mrs. R. V. Williams and daughters, Mr. and Mrs. Harold Williams and children, Mr. and Mrs. Gerald Williams and children, Mr. and Mrs. A. L. Edwards and son, Syracuse.

Mr. and Mrs. Donald Zumsteg attended the wedding of Miss Marylyn McKinley, Butler, and Leonard Ernsbarger, Boonville, at which Mrs. Zumsteg was orgasist. She and Miss McKinley were school mates at CMSC.

Mrs. Earl Decker visited for several days with Mr. and Mrs. Cecil Mais and children, Raytown, and Mr. and Mrs. J. M. Peoples, Kansas City. Mr. and Mrs. Mais brought Mrs. Decker home on Sunday and returned to Sedalia where the Mais family Mother's Day dinner was held in the home of Mr. and Mrs. Lendon Whitfield.

Lester Palmer visited a few days last weekend with Mr. and Mrs. Morrie Schroeter, Paris.

Mr. and Mrs. Franklin Gander and daughters, Boonville, were recent dinner guests of Mrs. Altha Klein. Other visitors were Mr. and Mrs. Leonard Klein and sons, Jefferson City, Mr. and Mrs. Ed Langkop, and Mr. and Mrs. Robert Foster, Bunceton.

Mr. and Mrs. Harold Gibson, Kansas City, and Mrs. Speed Poage spent the weekend at the Lake of the Ozarks at the Gibson cabin.

Mr. and Mrs. Monroe Neale, Mr. and Mrs. Donald Zumsteg and daughter visited with Mr. and Mrs. Norval Cook, Otterville.

Mr. and Mrs. O. E. Cordry, Mr. and Mrs. Frank Miller, Mrs. Laura Barnhardt, accompanied by Mr. and Mrs. R. W. Boulware, Versailles, went to the Lake of the Ozarks recently and had a picnic dinner at the home of Mr. and Mrs. Joe Williams.

Mr. and Mrs. George Putnam visited Sunday with Mrs. J. M. Putnam and Mr. and Mrs. Tom Putnam, Bunceton.

Mrs. M. T. Keevil visited several days with Mr. and Mrs. E. N. Dailey and children, Tulsa, Okla.

Mr. and Mrs. Lewis Smith and Shannon entertained recently Mr. and Mrs. Wesley Walters and childre, Kansas City, Mrs. C. D. Walters, Mr. and Mrs. Ray Burns and Cynthia.

Paul Burns visited last Sunday with Mrs. Kate Burns. Mr. and Mrs. Ray Burns were afternoon visitors.

Mrs. Harold Williams and daughters recently spent a week with Mr. and Mrs. Marshall Wood, Jefferson City, to help care for Mrs. Wood, who is quite ill.

Mr. and Mrs. Walter Eichholz and Dora were recent dinner guests of Mr. and Mrs. Leonard Siegel and Doris, Florence.

Mr. and Mrs. Marlin Schroeder and Jane, Mr. and Mrs. James Schroeder and Len, visited recently with Mr. and Mrs. E. L. Schroeder, Sedalia.

Charles Leonard Stahl, accompanied Mrs. R. J. Collins and children, Napton, to Fort Worth, Tex., to visit Mr. and Mrs. Fletcher Johnson and daughter for about a week.

Mr. and Mrs. F. G. Brammel, LaDue, visited several days with Mr. and Mrs. Roy J. Johansen and sons.

Mr. and Mrs. Harold Norton and Jimmie, Mrs. A. M. Johansen, and the Nortons guest, Mrs. Laura Porter, Maderia, O., spent Sunday at the Johansen farm home where Mrs. Johansen and Mrs. Porter will spend a week.

Mr. and Mrs. George Peoples went to Louisville, Ky., to attend the graduation of their daughter, Buelah, from Carver School of Missions.

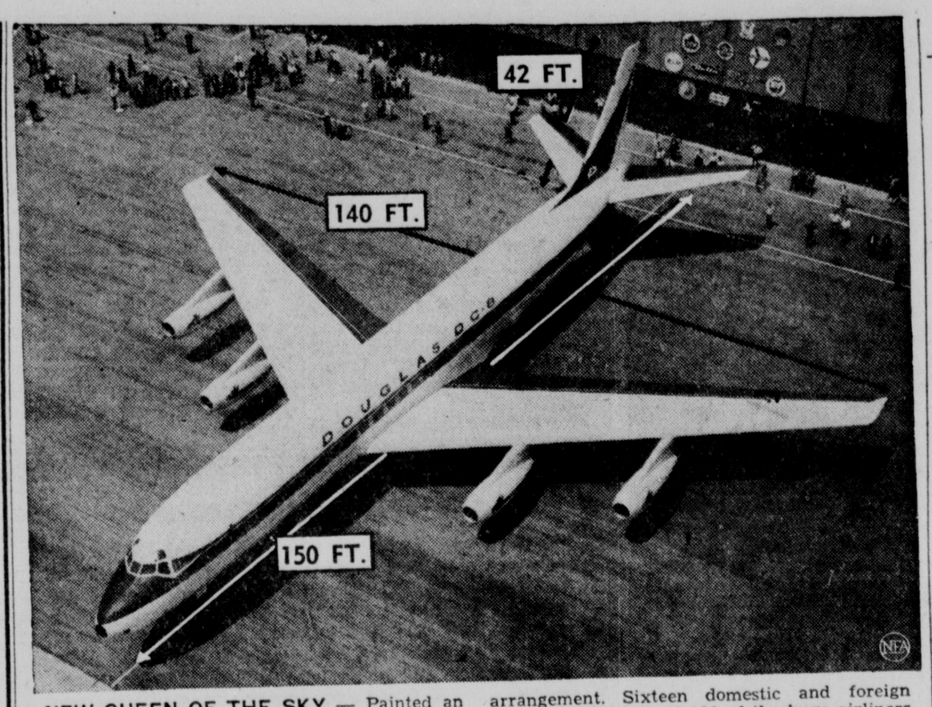
USED CAR LOT 1700 WEST BROADWAY



NEW QUEEN OF THE SKY — Painted an eye-catching red, white and blue, the first roll-out model of the Douglas DC-8 Jetliner is pictured outside its hangar at Long Beach, Calif. Scheduled for flight tests later this month and delivery to airlines in 1959, the DC-8 is powered by four turbojet engines. It will cruise at 590 m.p.h. and carry between 118 and 176 passengers depending upon the seating arrangement. Sixteen domestic and foreign carriers have ordered 138 of the huge airliners which cost approximately five million dollars each. Among interior items are such things as reading lights, call buttons, fresh-air inlets, tables within reach of passengers and skyview windows. The DC-8 will be able to span the North American Continent in less than five hours on regularly scheduled flights.

Sunnyside Holds Final PTA Meeting of Year

The Sunnyside PTA held its last meeting of the year recently with the devotional being given by Mrs. Marvin Goodwin. Several announcements were made.

Graduation exercises will be held at the school on Wednesday night, May 21, at 8 p.m. The Rev. Robret Gross will deliver the address and C. F. Scotten, superintendent of schools of Pettis County, will present the diplomas to the four graduates.

A picnic will be held at the home of the teacher, Mrs. Herbert Finley, on Thursday, May 22.

The meeting was presided over by Mrs. Herbert Mewes, president, who installed the following as officers for the next term: Mrs. Robert Long, president; Mrs. G. Ream, vice-president; Mrs. John Knaus, secretary; Mrs. Marvin Goodwin, treasurer.

Harmless

The fierce-looking armadillo really is harmless and its chief defense is rapidly burrowing underground, according to the Encyclopedia Britannica.

Average length of life for a cat is 15 years; for a dog, it's 10 years.

Police Chief Would Organize Auxiliary

Police Chief Ralph Hamlin expressed his desire to organize an active police auxiliary to fit in the Pettis County Civil Defense plan at a meeting of police, American Legion and Cootie officials at City Hall recently.

Chief Hamlin opened the meeting and turned it over to Pegee Hewitt Homan, civil defense director, who explained some of the needs for the local civil defense unit. She introduced legal director Tom Keating, who also talked on civil defense needs. Capt. Fred McCulley, Whiteman AFB, spoke on the responsibilities of police in time of disaster.

Sgt. Schrum, Whiteman AFB, showed a series of films dealing with various types of explosions.

4-H Will Observe Rural Life Sunday

At the May meeting of the Manila Willing Workers 4-H it was voted to observe Rural Life Sunday on May 25.

It was decided to attend services in a group and have a contributive dinner at the noon hour. It was voted that the group clean the fence rows surrounding the community building.

Roll call was answered with "What I plan to donate to the IFYE auction".

A talk was given by Deanie Alfrey. Gaylonia Alfrey and Chuck Franklin gave several demonstrations. Sixteen members attended the meeting.

The next meeting will be on June 2 at the Manila Community Center.

4-H Round-Up

with

OWEN FOX

Pettis County Assoc. Agent

Did You Know?

In 1912, Samuel M. Jordan became Missouri's first County Extension Agent in Pettis County. Previous to that he did the first special work with farm boys in Missouri in 1907 in Gentry County.

Dates Ahead

May 28, County 4-H Dairy Judging training meeting. First stop at Gerald Volpp (9 a.m.); Second stop, J. H. Bagby farm; and third stop, Lawrence Funk's farm.

May 29, County 4-H Livestock Judging training meeting. First stop — Murray Wood's (9 a.m.); Second stop, Leonard DeBord's; and third stop, Joe Bill Reid's.

June 7, Dairy Night 7 p.m. to 9:30 p.m. Liberty Park, Sedalia.

Recreation in the 4-H Program

According to Charline Lindsay, State 4-H Club Agent, the Missouri 4-H club program has a splendid reputation for its "work brittle" members and the things they make or produce. These same industrious boys and girls also know how to take part in recreation and that's good because recreation is a vital part of the 4-H program. It provides fun and fellowship under wholesome conditions, and opportunity for broad personality development. It develops a fine spirit of group interest and democratic attitude, and opportunity for leadership development.

All boys and girls like to have fun so we fit recreation into the 4-H program in a variety of ways. Every club is encouraged to balance their monthly meeting with games and singing. This part of the program is led by a designated member of the club. Of course, they receive help and training for this responsibility. Literature is available on 4-H recreational leadership. A new Missouri 4-H songbook called "Let's Sing" is just off the press and is available at all County Extension offices.

These 4-H game and song leaders receive personal help by attending training meetings on county and district basis. In 1957, 15 district meetings were held with over a thousand leaders attending.

Recreation in 4-H takes in a wide scope. The clubs vary their programs by including seasonal parties, as well as skating, parties, hikes, picnics, swimming, and square dancing. Basketball and baseball are favorites, too. The Johnson County 4-H clubs have a softball league with 11 clubs participating.

Each year the Pettis County 4-H members has a special Fun Night program in March. This year a Fun Night was held for the 4-H members who were 12 and over and one for those who were 12 and under. Over 100 persons attended both meetings.

Summer camps play an important part in the county recreation program. Last year, 111 counties reported 5402 members attending these short term camps. Pettis County will be camping at Camp Bob White, Knob Noster Park, Aug. 11-14 this summer.

Another form of recreation is the "Share-the-Fun" program. This is a talent contest which promotes group initiative and originality in working up numbers to appear in county Share-the-Fun events. This competition progresses from county, through district, and onto the state contest.

Recreation is essential to any youth organization. It builds fellowship into 4-H club meetings, and creates a feeling of unity, group spirit and cooperation among club members.

Presbyterian Circle Meets With Mrs. Mahin

Mrs. Clarence Mahin was hostess to members of Martha Circle of Green Ridge Presbyterian Church Thursday afternoon, May 15. Mrs. Carl Johnson opened the meeting with a psalm, repeated in unison.

Mrs. Johnson also presented the Bible lesson, "Dr. Luke the Physician," and Mrs. L. B. Beach presented the program, "The Way and the Ways."

During the business session plans were made for the reception for Rev. Charles Likely of Iowa, who was a candidate for the pastorate of the church, Wednesday evening, May 21, with the Martha Circle hostess at the reception following worship services. Plans were also made for the Presbyterian Women's Association meeting the first Thursday in June at which the Martha Circle will be hostess.

The June meeting will be with Mrs. Alvin Howe.

Refreshments were served to the members and one guest, Mrs. Earl B. Hinken, association president.

FOR KIDS OF ALL AGES — Like the electric train for Christmas, Dad is going to enjoy this new toy rocket launcher just as much as junior. A hand-operated magnetic crane lifts the rocket from its flat-car cradle and swings it to the tower platform. The motorized tower, moving on its own track, transports the rocket to the launching platform where it is lowered onto a spring-loaded launching pad. As the motorized tower moves out of the way, the count down begins on the remote control panel, and the seconds tick away . . . 5-4-3-2-1-FIRE! Firing button is pressed and the rocket blasts off. The rocket has a safety polyurethane foam nose cone.

Sedalians Honored At School of Mines

Eight Sedalians were honored at the Ninth Honors Convocation at the Missouri School of Mines and Metallurgy of the University of Missouri, held May 1. The students brought distinction to themselves and to the school through various extracurricular activities during the past school year.

Two sons of Mr. and Mrs. P. H. Crecelius, 2000 East Broadway, were honored in the ceremony. Percy H. Crecelius Jr. made the Dean's Honor List, and David John Crecelius made the Dean's Honor List, received the Dean's Scholastic Award and the Phi Kappa Phi Bookplate Award.

Five additional students are on the Dean's Honor List. They are: Edwin L. Crow, son of Mr. and Mrs. H. L. Crow, 1609 South Moniteau; Wayne Leroy Sievers, son of Mr. and Mrs. Carl W. Sievers, 1704 East 12th; Harold E. Johnson, son of Mr. and Mrs. Harold Johnson, 1513 West 20th; Robert Eugene Siron, son of Mr. and Mrs. Claude G. Siron, 1400 South Warren; and James Edward Weimholt, son of Mr. and Mrs. Paul E. Weimholt, 103 East 28th.

Weimholt also received the Phi Kappa Phi Bookplate Award.

Vernon Roger Ditton, son of Mr. and Mrs. Vernon R. Ditton, 411 East 11th, received a Curator's Scholarship.

The SEDALIA DEMOCRAT

In Combination With the Sunday Morning Capital

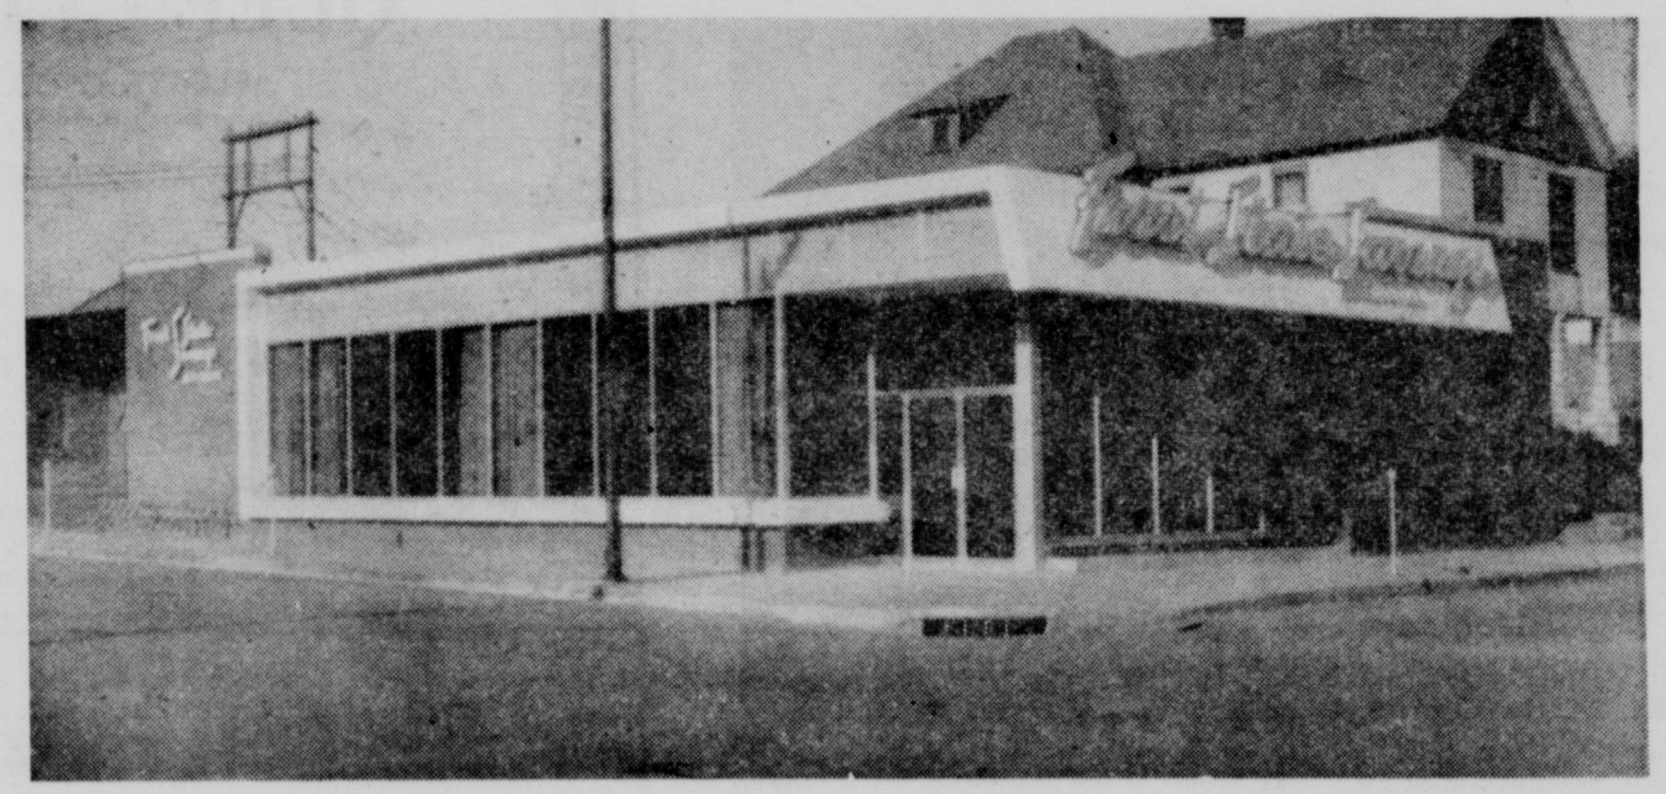
First State Savings Association Section | Sedalia, Missouri | Sunday Morning, May 25, 1958

Don't Miss Out On Today's Big Doings . . .

IT'S OPEN HOUSE

at the

First State Savings Association



NONE LIKE IT—These skillfully, creatively brought together bricks, gleaming plate glass, concrete and other modern building materials that form the modern First State Savings Association building at Third and Osage will never be duplicated. "Beauty," "Artistic Design" and "Convenience" are words that come close to describing the work. There is good reason for the combination of tons of building material into another modernistic building in Sedalia. The building was built to retain its beauty throughout the years, and to retain the "modern look" in the year 1976. It was constructed according to plans drawn by the Bank Building and Equipment Co. of St. Louis. This firm constructs banking buildings throughout the United States, and never duplicates a building in any city. Officials estimate the entire cost, including the lots, at $190,000. It was built to be enjoyed by this generation, and the next—and next.

NOTHING BUT THE BEST . . .

A unique feature of the recently-opened First State SavingsAssociation building at Third and Osage is that it will never be copied. The structure was designed by the Bank Building and Equipment Co. of St. Louis, and this firm never allows a building to be reproduced in any city.

Another unique feature was the construction itself. Although the building was built by the bank building firm, the work was done by local contractors. The firm practices this policy in most cities to allow a maximum of the construction money to remain in the city involved, and to provide employment for workers in that city.

Only one man from the company was permanently assigned to work in Sedalia throughout the entire construction period. He was Ed Lanier, who supervised the work from the time construction began last October until the job was finished. He was on hand during the winter months to advise local contractors, and to see that the company's plans were carried out. John E. Snodgrass, First State executive secretary, said Lanier's assistance was invaluable.

The building is the latest of several modernistic buildings to be constructed in Sedalia. It is designed for a maximum of comfort and efficiency for both customers and employees. About half of the north side of the building facing Third is glass, and the entire east side facing Osage is glass. A series of drapes keep the morning sun out yet provides an open look for the entire building.

Customers entering the building are greeted with a cheerful atmosphere of carpeting, comfortable chairs in case they must wait for service, and a smiling receptionist to guide them to the proper individual for service.

If the customer is required to wait for service, he is invited to have a seat and look over a pamphlet of proverbs—bits of wisdom from many nations which deal with the art, and advisability, of saving.

The British claim that money is like a slippery eel in the hand, and the Danes say that money is more eloquent than a dozen members of parliament, while, with typical Oriental philosophy, the Japanese maintain that even dust, when piled up, may form a hill. First State maintains that the biggest barrel can be filled—if it rains steadily enough.

Interviews may be conducted in privacy, although the entire business floor is open. This is due to the specially constructed ceiling and floor. The acoustics are so arranged that a person sitting at any one of the deks can talk in a normal tone of voice and not be heard at the next nearest desk. The theme of modern customer service is carried out throughout the building.

A customer parking space has been constructed to park the cars of ten customers at a time. Officials say this is ample space to take care of the parking problems of all customers, as the average customer conducts his business in about ten minutes.

If this space is not adequate, Snodgrass said additional provisions have been made. The builders have arranged for a drive-in window to be constructed with no change in the original arrangement of the building. The wall back of the teller's windows can be converted into a drive-in window with little effort, he said.

As most of the work was contracted locally, many construction workers, who would have normally been unemployed, worked throughout the winter months. The brickwork, which was sub-contracted to Fackler and Vogel, was completed before winter set in, and provided shelter for interior workers during the cold weather.

The hundreds of square feet of plate glass were installed by the Fingland Glass and Tile Co., 208 West Second. The concrete work was done by Jesse Anderson and the concrete was furnished by Fischer's Concrete Service, and the Howard Ready-Mixed Concrete Co.

Excavation for the new building was sub-contracted to Couer and Son. The Queen City Electric Co. was awarded the contract for the electrical work, and the Sedalia Neon Sign Co. put up the signs.

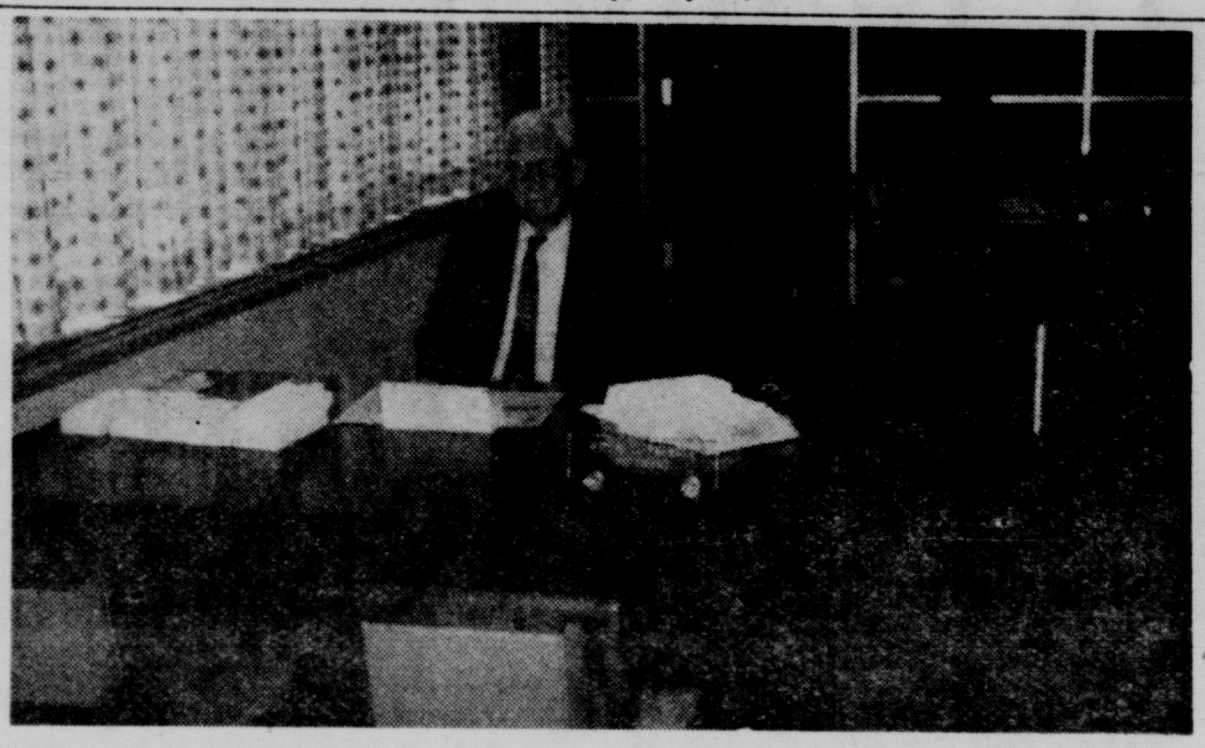
Three out-of-town firms involved in the construction were the F. W. Goodnow Co. of Kansas City, which did the lath and plaster work; the Herrig-Hall-Marvin Safe Co. of Hamilton, Ohio, which installed the vault door and the teller's fixtures; and the Kansas City Natural Slate Co. which installed the acoustical ceiling and floor.

The U.S. and Gentges Co. installed the roof.

The up-to-date heating and air-conditioning system, and the plumbing was a combined operation of the Anderson Heating and Air Conditioning Co. and the Watkins Heating and Plumbing Co.

Officials estimated the cost of the building to add up to $170,205.33. Snodgrass said, however, that the total, including the price of the lots, would amount to approximately $190,000.

The Doors Will Be Open This Afternoon From 1 to 5



The man with the most service at the First State Savings Association is the president, Albert L. Pringle, who has been with the organization since 1929. As the firm marks its 45th Anniversary since it was granted a charter in 1913, Pringle can look back on 29 years continuous service in the savings field. Pringle is a native of Iowa, born in 1904. He came to Sedalia at the beginning of the depression years and reared his family here. He is the father of four daughters and one son. Mrs. Pringle passed away a few years ago and the children have moved along to careers of their own. He lives alone at 121 East Second. One daughter, Miss Francis Louise Pringle, is an assistant with the state home economics department in Jefferson City. The other three daughters are married. Mrs. Maybelle Thesen, Eldon; Mrs. Margaret Noland, St. Louis; and Mrs. Esther Schwartz, Jefferson City, all occasionally visit with their father here in Sedalia. His only son, Albert Lee Pringle, resides in Kansas City. After rearing his family and guiding the First State Savings Association through a major depression and two wars, Pringle is well qualified to steer the organization toward future service to the Mid-Missouri community. (Democrat-Capital photo)

The Executive Secretary of the First State Savings Association, John E. Snodgrass, is an ex-serviceman with 44 months of World War II Navy time to his credit—13 months overseas in the Pacific. Like all members of First State Savings, he is a family man. He is married, and the father of one daughter, Carol Sue, who is a psychiatric nurse at Barnes Hospital in St. Louis. His wife, Hortense, is a teacher at Washington School. He arrived in Sedalia, and at First State Savings, in 1954. Like all Sedalians, he intends to own his own home in the city. He now resides at 2511 Greenwood, but is building his own home on South Highway 65 in the area now building up near Flat Creek Inn. A community-minded citizen, he is a member of several civic and fraternal organizations. He is an Elder of the First Christian Church, and a member of Sedalia Masonic Lodge 236, Scottish Rite Bodies of Kansas City, Ararat Temple in Kansas City, the Sedalia Chamber of Commerce and the Kiwanis Club.

(Democrat-Capital photo)

Civil Defense Is Discussed at Legion Auxiliary Meeting

The LaMonte American Legion Auxiliary held their May meeting at the Legion Hall, Wednesday, May 14.

The meeting was called to order by the unit president, Mrs. Paul Steinkuhler. The members pledged allegiance to the flag and a prayer was given by Mrs. Ira Williams, Sr.

Roll call was answered by each member giving two items of information on the auxiliary's poppy sale and the work that is done with the funds collected by the annual sales.

The April meeting, held jointly with the Legion, was a oyster and chicken supper for the members and their families.

New business discussed at the meeting was to find out more about the Civil Defense program promoted in Pettis County. It voted to make Civil Defense the major project for the coming year.

The meeting adjourned by repeating the preamble of the American Legion Auxiliary.

Gifts for the fourth wedding anniversary should be made in leather.

First State Savings Growth Spreads Over Many Years

Assets Increase Notably During Past 4 Years

The First State Savings Association has been an integral part of the Sedalia and Pettis County economic picture since its charter was granted in 1913, and has shown a steady growth throughout the years. But a noted increase in business became evident in 1954.

John E. Snodgrass, executive secretary, said the firm, doing business as the Sedalia Savings and Loan Association until Jan. 1 of this year, passed the $1-million mark in assets in 1953. Operations have expanded until total assets now reach past $4-million.

As late as Dec., 1949, assets were under the $½-million mark —$499,476.97 to be exact. The exact assets from 1949 up to April 1 of this year, shown in the advertisements in this section, show the steady increase in business the past ten years.

First State is not a banking facility, Snodgrass explained, but a savings and investment concern primarily interested in thrift and home ownership plans. In fact, the firm uses regular banking facilities to deposit customers' money like any other business firm.

As a protection for investors First State is a member of the Federal Savings and Loan Insurance Corp., and all accounts are insured up to $10,000. The firm is also a member of the United States Savings and Loan League, the Missouri Savings and Loan League, the Federal Home Loan and Banking System and the local Chamber of Commerce.

A major factor in the increased use of Savings and Loan Association plans is the increased public awareness of the value of such organizations, Snodgrass explained. The years of "easy living" enjoyed after World War II have drawn to a close and the public is becoming more concerned with getting the most out of their earnings.

Experts predict a further increase in the growth of Savings and Loan Associations. They see the key to growth during the next 20 years as an expansion of business through wisely invested profits, progress through competition in a free economy. The power behind this expansion will be money. Business will borrow money for expansion and research, and industry will spend more for expansion.

These experts say that Savings and Loan businesses will continue to play a major role by continuing to be the nation's number one source of home mortgage funds as well as a top depository for the public's savings.

Now, according to individuals who have made an intensive study of the economic picture, the savings and loan business finances almost half of the homes bought or sold. By 1976, the figure is expected to reach 65 per cent. All these factors add up to an increased growth of local savings and loan firms .

Roll Answered With 'My Ideal Kitchen'

Busy Stitchers Club met at the home of Mrs. Alice Lopp with five members and three children present.

Roll was answered by telling about "My Ideal Kitchen".

After the business meeting a contributive dinner was served. The afternoon was spent in conversation and embroidery work. A game was played and Mrs. Dollie Anderson won the prize.

Return From Vacation In Eastern States

Mr. and Mrs. E. F. Miller, Route 4, have returned home from a two weeks vacation in New York and New Jersey visiting their daughter and family, Mr. and Mrs. Fred T. Baessler, Jr., Bloomfield, N. J., and making the acquaintance of their new grandson. They attended the christening of their grandson on Sunday, May 11, at the Presbyterian Church in Bloomfield.

Best Wishes For The Continued Growth and Progress of First State Savings Association

Roger Vick To Be Sent to Boys' State

By Mrs. Russell Kendrick

KNOB NOSTER — Knob Noster PTA met Thursday afternoon, May 8, in the elementary school. The PTA prayer was used for the devotional. The treasurer's report was read and it was decided to contribute $10 toward sending Roger Vick to Boys' State in Warrensburg. It was also voted to donate to the fund for lighting the baseball diamond on the school grounds.

The following members of the Friendship Night at a meeting in Green Ridge. Mrs. Merle Matthews, Mrs. Charles Covey, Mrs. Fred Neitzert, Mrs. R. W. Dawes, Mrs. Everett Wing and Mrs. Raymond DeFrain.

The Sedalia Chapter took the "Friendship Book" to the Green Ridge Chapter.

Mrs. E. O. Price, Mrs. Robert Overbey and Mrs. Kenneth Smiley have completed an outdoor leadership training course for Girl Scout leaders, which was held in Borgstadt's woods near Concordia. The course was given in four sessions and began April 17. Included in the sessions were two overnight campings.

Family Gathering At L. J. Smith Home

By Miss Cora Cordry

OTTERVILLE — Harmony Hustlers 4-H Club observed 4-H Sunday, May 11, by attending services at St. John's Episcopal Church. A special song, "Follow the Gleam',' was sung by the club members. After the service a picnic was served at the Florence park. The afternoon was spent at the skating rink in Sedalia.

Mr. and Mrs. Leo J. Smith entertained with a family gathering at their home Sunday evening, honoring their cousin, Mrs. Ida Pile, Liberal, Kan. Mrs. Pile and her daughter, Genevaugh, are spending some time here and in Sedalia visiting relatives. Present were Mr. and Mrs. Hubert Smith, Mr. and Mrs. Homer Smith, Mr. and Mrs. Carl Ellis, Mrs. Mattie Ellis, Sedalia, Mr. and Mrs. T. E. Wear, Mr. and Mrs. Gus Wear and Mr. and Mrs. Loran Bane. Mrs. Pile is the daughter of the late Mr. and Mrs. Allie Smith who formerly lived near Otterville. Refreshments were served.

First State Savings Association

Now located at Third and Osage, Sedalia

Another family man at the First State Savings Association is the Assistant Secretary, J. Ed Mitchell. Mitchell has been in Sedalia only eight months, but he intends to stay. And, like most of First State's officials, he is a native Missourian. He was born in Springfield and conducted a business in Lebanon. In fact he sold out his furniture business in Lebanon to move to Sedalia. Prior to operating the furniture store, he operated a variety store in the same town. Mitchell is married, and is the father of two children. He is an ex-Navy man with four years World War II service, which explains why his oldest son, Robert, is in the Navy. Robert is assigned as an electronics technician at the Auxiliary Air Force Base at Beeville, Tex., near the large coast town of Corpus Christi. Charles, 13, will be a student at Smith-Cotton High School next year. Mitchell's wife, Helen, was a teacher in the Lebanon school system. The Mitchells live at 1206 West Sixth. Mitchell retains a commission as Lieutenant in the Navy Reserve, just in case Uncle Sam sees a need to call him away from his job at First State. (Democrat-Capital photo)

A pretty brunette receptionist is an asset to any type business. The first person a customer meets when he enters the new First State Savings Association building is Mrs. Mary Crawford. Mrs. Crawford is familiar with the office routine, and can arrange appointments, meeting dates or just about any other type of business a customer might need to conduct. If the customer must wait she will direct him to the modern waiting area, equipped with comfortable chairs and plenty of the latest magazines to keep him entertained until time for his appointment. Mrs. Crawford has been with First State for the past two years, having moved to Sedalia from Marshall, her home town. Her husband, Jack W. Crawford, manages a department at the Flower Shoe Co. Although she was born and reared near Sedalia, she prefers the "Queen City" over all other places she has lived. And like most people who come to Sedalia from other cities, she likes the easy-living atmosphere encountered here. She resides with her husband at 1620 South Moniteau. (Democrat-Capital photo)

4-H Club Meets With Marilyn Reid

The Prairie Ridge 4-H Club met at the home of Marilyn Reid on May 2 with five members and the club leader present.

The evening was spent in rehearsing a radio program which was presented over KDRO and plans for the Rural Life Sunday program were made.

After adjournment games were played and refreshments were served. The une meeting will eb with Ruth Ann Robb.

'Doors South' Lesson At Circle Meeting

Mrs. Robert Gehrig and Mrs. Ray Warren were hostesses to the Euzelian Circle of the Windsor Baptist Church Tuesday evening in the home of Mrs. Gehrig. There were 15 members and one guest present. The devotional was given by Mrs. Monroe Petering. Mrs. Elwood Barbour presented the lesson, "The Doors South". The goal for the month was an offering for Western Seminary.

Refreshments were served at the close of the meeting.

Baptist Circle Meets

The Florence Harris Circle of the Windsor Baptist Church met in the home of Mrs. Wilbert Ross Monday evening with 12 members and one guest, Mrs. Paul Flippin, present. Miss Josephine Henry led the opening prayer. Mrs. Theodore Davis presented the program using as her subject, "The Christian and the Alcohol Problem" The special project for the month was preparing supper for the Chapel Choir on Mother's Day. A farewell gift was presented Mrs. Roy Maus who will soon be moving to Lebanon.

Refreshments were served by Mrs. Ross during the social hour.

Savings Building Has Room For Community Gatherings

Room Will Seat 60 at Tables, More if Needed

Builders of the new First State Savings Association home at Third and Osage constructed the building with a full-scale community relations program in mind.

Realizing that a sound program of this type is an asset to any business firm, as well as a convenience to the community, officials of First State have set aside a large part of the basement to be used as a "Community Room." As the remainder of the building, the community room is an up-to-date meeting place for clubs, church groups, or any other community-minded organization wishing to make use of the facility.

The building is so arranged that both the front and rear entrances to the basement are entirely separate from the main business floor. The room itself is lighted with the most modern equipment, heated and air-conditioned by the most modern units. The room takes up the entire basement, with the exception of the space required for the heating, ventilation and air-conditioning system.

John Snodgrass, executive secretary, said some of the work has not been completed, but the room would be ready for use in about a week. There is a light kitchen with a refrigerator, cooking stove and sink in case the user desires to serve refreshments or a meal. The room is large enough to seat 60 people at tables, or more in chairs.

As the entranceways do not interfere with activity on the main floor, Snodgrass said the room would be available night or day. There is no charge for the use of the room, Snodgrass said, but First State would require the room to be cleaned up after the meeting, either through arrangements with the janitor, or by the organization using the room.

The firm must be notified in advance by the organization desiring to use the room, so a schedule that will not conflict with other meetings can be arranged. Snodgrass said the firm hoped many organizations would make the room a home meeting place, as it was originally planned as a convenience to the community.

Gives Dinner In Honor of Birthday

Mrs. C. A. Wisdom entertained with a dinner recently honoring her daughter, Charlene, on her birthday.

Guests present were Linda Ruffin, Linda Lange, Linda Morarity, Zita Mahin, Sue Chaney, Judy Ray and Betty Billings.

The girls were overnight guests in the Wisdom home and on the following day were entertained with a fishing trip and wiener roast.
